#### Structure, governance and management

##### Governing document

North West Wales Samaritans is a charitable incorporated organisation, registered with the Charity Commission on the 24 November 2016.

##### Appointment of Trustees

Trustees are appointed for a maximum of a six year period. The charity appoints trustees at the A.G.M. including a secretary and a treasurer or one person to act as both secretary and treasurer, up to eight additional trustees and up to two co-opted trustees. A Branch Director is also appointed as a trustee through a process involving consultation with the charity and approved by the Board of Trustees of Samaritans Central Charity.

##### Friends of Samaritans

There are two groups of the Friends of Samaritans in Bangor and Pwllheli. They support the charity by raising funds and helping at other events and their members are very valued non listening supporters.

## **Trustees' Annual Report** *(continued)*

**Year ended 31 March 2022**

---

### **Objectives and activities**

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

#### **Objectives**

The vision of the charity is that fewer people die through suicide. The charity provides confidential emotional support for people experiencing feelings of distress or despair including feelings which may lead to suicide. It also strives to provide society with a better understanding of suicide, suicidal behaviour and the value of expressing feelings that may lead to suicide.

#### **The Covid-19 Pandemic**

During 2021-22 the Covid-19 pandemic continued to have significant effect on the activities of the charity. As Samaritan listening volunteers were classed as 'essential workers' by the Welsh Government, volunteers who were not regarded as vulnerable or who were self-isolating were able to continue to come into our Centre during periods of lockdown or reduced travel restrictions to undertake listening duties. Stringent safety measures, based on detailed risk assessments were in operation at the Centre to facilitate continued volunteering and these risk assessments were under constant review and updated with revised Government guidance. As a result the charity was able to continue to provide emotional support at the same level as 2020-21.

All meetings of the Branch Management Team, Board of Trustees and other essential forums were conducted on Zoom, during the year, together with other Regional and Central Charity meetings.

#### **Activities**

Emotional support through the telephone, Online Chat, e-mail and letter was available throughout the year but no visits were allowed to our Samaritans Centre. From September 2020, North West Wales Samaritans were one of five Samaritan centres responsible for inaugurating the pilot scheme of a new Online Chat service and the Branch continued to make significant contribution to this service throughout 2021-22.

A Freephone number is available for support in Welsh or English. Information of our services is provided through the National Samaritans website and our own branch website. Bilingual leaflets are made available at strategic places and regular advertisements are placed in the local Welsh language 'papurau bro,' giving details of our Welsh Language Line. There are telephones on the two Menai Bridges linked to our Centre.

#### **Outreach**

An important part of the work of the charity is reaching out to people in distress. We cover a large geographical area and usually attend agricultural shows, eisteddfodau, farmers' marts, visit schools, colleges and Bangor University. We have a purpose built Community Vehicle which is used in most of these outreach activities and also visits towns and villages throughout the area to publicise the services of the Samaritans. Talks are also given to Societies who request to know more about our work and we hold a regular stall at Ysbyty Gwynedd. During this year, however, all these activities have had to be placed on hold, but a talk was held in a chapel service in March 2022 and further activities were starting to be planned for the coming year, dependant on the Covid-19 situation.

We have also placed boards advertising our listening services at various football and cricket grounds in our area, targeting young and middle-aged men as the incidents of suicide are much higher for men within these age brackets.

#### **Training**

Recruitment of volunteers continues to be a priority and is continuous. Training courses for new volunteers are usually held three times a year and all established volunteers receive further training

# **North West Wales Samaritans**

## **Trustees' Annual Report** *(continued)*

### **Year ended 31 March 2022**

---

every year. During the first part of 2021 an online course was formulated to respond to the challenges of the Covid restrictions, but the Branch later returned to face to face training in the branch.

During 2021-22 the branch was responsible for developing a Welsh language initial training course and now every prospective volunteer has the choice of completing the training through the medium of either Welsh or English.

#### **Achievements and performance**

##### **Performance**

Despite the significant challenges with regards to Covid-19 during the year, the branch consolidated its emotional support provided by the branch in 2021-22 with a slight increase compared with the previous year's figures. Volunteers in the Branch spent 6,526 hours on the telephone in 2021-22 (compared with 6,441 hours in 2020-21 and 4,254 hours in 2019-20), answering 25,988 calls (25,806 in 2020-21 and 18,896 in 2019-20). There was a big increase in the number of Online Chats answered 1,924 in 2021-22, as the service continued to expand compared with 776 in 2020-21, the launch year. Correspondingly the number of emails answered was less in 2021-22 at 1,078 (compared with 2,382 in 2020-21 and 1,323 in 2019-20). These achievements were due to the continued tremendous commitment of our volunteers despite the spread and concerns of Covid-19. We are most grateful to them for this unstinting commitment.

The charity had 91 registered listening volunteers on 31 March 2022, an increase of 7 on the previous year, with 6 of these resting still mainly due to Covid-19 concerns, and 6 non-listening volunteers. The branch further extended its opening hours on average to 148 hours a week by January 2022, compared with 131 hours a week in March 2021 and 125 hours in 2020.

##### **Premises**

The charity has a modern, fully equipped building, purchased and refurbished in 2016, which gives the branch stability and security for the future. It provides a very good working environment for our volunteers and has excellent training facilities. During 2021-22 we continued to upgrade our information technology systems to ensure we are abreast with all new technological developments to provide a first class service.

## Trustees' Annual Report *(continued)*

Year ended 31 March 2022

---

### Financial review

#### Income

The total income of the charity in 2021-22 amounted to £20,052 (2020-21 - £33,052) including donations of £12,076 (2020-21 - £11,143). Of the total donations for the year £7,401 was restricted for marketing and Welsh language expenditure. Also included in the income were legacies and contributions in memory of £1,010 (2020-21 - £953). Fund raising events income including shop income was £1,909 (2020-21 - £2,254) and the Friends of Samaritans raised £723 (2020-21 - £960). Grant aid towards costs of £1,500 was received from Gwynedd Council who also waived the discretionary 20% payment of rates on the building and the Branch is sincerely grateful to the Council for this financial help. Covid-19 funding of £2,830 was received from Pears Foundation fund through Central Samaritans.

#### Expenditure

Expenditure in 2021-22 was £30,822, lower than in 2020-21, £34,498. The expenditure mainly consists of the branch running costs and the lower expenditure can be attributed to little running costs for the new Community Vehicle, no Annual Conference, and less activity due to Covid-19 restrictions.

#### Funds in Hand

At the end of the financial year £42,893 was carried forward, £5,981 less than in 2020-21; this is in line with the Charity's Policy to aim to keep approximately twelve to eighteen months of operating costs in reserve to ensure stability of the Branch.

The trustees' annual report was approved on 30 June 2022 and signed on behalf of the board of trustees by:

Ceren Williams  
Trustee

## Independent Examiner's Report to the Trustees of North West Wales Samaritans

Year ended 31 March 2022

---

I report to the trustees on my examination of the financial statements of North West Wales Samaritans ('the charity') for the year ended 31 March 2022.

### Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

### Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the financial statements do not accord with those records; or
3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

## Notes to the Financial Statements

Year ended 31 March 2022

---

### 1. General information

The charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is 5 Llys Onnen, Parc Menai, Bangor, Gwynedd, LL57 4DF.

### 2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

### 3. Accounting policies

#### Basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are prepared in sterling, which is the functional currency of the entity.

#### Going concern

There are no material uncertainties about the charity's ability to continue.

#### Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

#### Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes. Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal.

#### Incoming resources

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

Income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.

Legacy income is recognised when receipt is probable and entitlement is established.

Income from investments is included when receivable.

# North West Wales Samaritans

## Notes to the Financial Statements *(continued)*

Year ended 31 March 2022

---

### 3. Accounting policies *(continued)*

#### Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

Expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.

Expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

#### Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

#### Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Long leasehold property	-	Over the length of the lease
Fixtures and fittings	-	Straight line over 4 years
Motor vehicles	-	Straight line over 15 years

#### Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

When it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

#### Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

# North West Wales Samaritans

## Notes to the Financial Statements *(continued)*

Year ended 31 March 2022

---

### 3. Accounting policies *(continued)*

#### Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
