Roles are rotated on a needs basis. The charity is operated entirely by volunteers. No salaries, gift payments or expenses were paid to any trustee or volunteer during the reporting year.

Section B: Structure, governance and management

Refugee Aid Network UK is governed by its constitution as a Charitable Incorporated Organisation. The trustees are responsible for the general control, direction and management of the charity. Trustee selection is reviewed annually and appointments are made in accordance with the governing document.

The trustees continued to manage the charity through regular online discussion, online meetings and attendance at refugee support and humanitarian aid activity. This operating model remained proportionate to the size of the charity and reflected the voluntary nature of RAN's work.

Trustees gave their time freely throughout the year. The charity had no paid staff, no employment liabilities and no trustee remuneration. Project decisions continued to be made collectively, with trustees reviewing fundraising, partner due diligence, proposed payments and the use of funds against the charity's objects.

Section C: Objectives and activities

Objects of the charity

The objects of the charity are to relieve and assist refugees, victims of war, conflict or natural disaster for the public benefit. This includes the provision of volunteers, funds, food, medical aid, shelter, access to water and sanitation and other humanitarian assistance.

Main activities for public benefit

During the reporting year, RAN continued the two main strands of activity reported in the previous year. The charity raised funds through individual donations, JustGiving, CAF and regular direct support. Those funds were then applied through due diligence checked partner activity overseas.

RAN continued to collaborate with Ihsan for Children in the same way as the previous year, supporting humanitarian programmes in Palestine through payments for food aid. The charity also continued its collaboration with ROOTS, providing targeted support through a trusted partner route for crisis affected communities.

The trustees confirm that they have had regard to the Charity Commission's guidance on public benefit when reviewing the charity's aims, planning activity and approving the use of charitable funds.

Section D: Achievements and performance

During the reporting year, RAN sustained its established charitable model through individual donations, recurring support and online fundraising. The charity remained deliberately lean, with no paid staff and no internal operating costs beyond the practical requirements of holding and transferring funds. This allowed trustees to direct the available resources to partner delivered humanitarian activity.

The charity's principal humanitarian activity was the continuation of support to Ihsan for Children. Three payments were made during the financial year for food aid, with £6,000 paid in April 2025, £5,000 paid in May 2025 and £4,000 paid in June 2025. The total support provided through this route was £15,000.

RAN also continued its work with ROOTS. Payments were made in January, February, March and May 2025. The May payment included an error that was partly repaid by ROOTS and treated as a correction in the accounts. After that correction, the net support provided through ROOTS during the year was £2,889.51.

The trustees continued to apply the same decision making discipline as the previous year. Funding was directed through known partner routes where the trustees were satisfied that the work aligned with the charity's objects and that support would reach vulnerable people affected by conflict, displacement or humanitarian crisis.

Public engagement remained principally donation led. JustGiving receipts, CAF receipts and direct donations provided the charity's income base. This continued support from individual donors allowed RAN to make timely payments to partners as funds became available.

RAN did not undertake paid service delivery, employ staff or operate a trading activity during the year. The charity's performance should therefore be understood through the proportion of available funds moved into charitable activity and the maintenance of a simple volunteer led operating model.

Section E: Financial review

Total income for the year was £19,962.84. Total expenditure was £17,889.51. Funds carried forward at 30 June 2025 were £4,255.47.

The charity's income came from individual donations, JustGiving, CAF and regular direct support. The account switch amount of £2,584.93 was treated as existing charity money transferred from the previous bank account and was not treated as new income for the year.

Charitable expenditure was made through partner payments to Ihsan for Children and ROOTS. The ROOTS repayment of £4,752.05 was treated as a correction of an erroneous payment and was not treated as donation income.

The charity remained below the income threshold for independent examination. The trustees have prepared receipts and payments accounts on a proportionate basis using the available bank statements and supporting records.

Reserves policy

Unrestricted donations are held in reserve for future humanitarian interventions and carried forward for use on aid activity in the subsequent year. The trustees consider the year end balance appropriate because RAN has no paid staff, no continuing employment commitments and no material liabilities. The balance provides a modest working reserve for future partner led humanitarian support.

Funds materially in deficit

None.

Further financial review

The charity had no paid staff and no trustee remuneration. All work was carried out by volunteers. Projects were selected after trustee review of purpose, partner route and fit with the charity's charitable objects.

Section F: Risk management

The trustees reviewed the main risks faced by the charity during the year. The principal risks were the appropriate use of restricted or donor intended funds, the verification of partner routes, the need to maintain accurate records and the reputational risk that could arise if funds were not applied to charitable purposes.

The trustees managed these risks through collective review of payments, use of established partners, maintenance of bank records and continued scrutiny of whether each proposed payment was consistent with RAN's charitable objects. The charity did not directly employ staff or deliver regulated services, which limited employment, premises and service delivery risks during the year.

Section G: Declaration

The trustees declare that they have approved the trustees' annual report above.

Receipts and payments accounts
For the year ended 30 June 2025

Basis of preparation

These accounts have been prepared on a receipts and payments basis from the bank statement records supplied for Refugee Aid Network UK and from trustee confirmation about the treatment of the July 2024 receipts. The accounts record cash received and cash paid during the year ended 30 June 2025.

The transferred balance of £2,584.93 received into the Co-operative Bank account on 27 August 2024 has been treated as existing charity funds moved between bank accounts and not as income for the year.

The final available bank statement supplied shows a balance of £4,255.47 at 27 June 2025. These accounts use that figure as the year end bank balance on the basis that no later transactions have been identified by the trustees for 28 June 2025 to 30 June 2025.

Section B: Structure, Governance and Management

Governing document type: Constitution document

Constitution type: Charity

Trustee selection method: Trustees are annually reviewed and re-appointed as per our governing document.

Trustee operation – daily discussions online, online meetings and attendance at events and refugee support network activity.

Section C: Objectives and Activities

Objects of the charity (from governing document): For the public benefit to relieve and assist refugees, victims of war, conflict or natural disaster, in particular by the provision of volunteers, funds, food, medical aid, shelter, access to water and sanitation, and other humanitarian assistance.

Main activities for public benefit: Fundraising and delivery of humanitarian support through due diligence-verified partners abroad.

Public benefit declaration: The trustees confirm they have had regard to the guidance issued by the Charity Commission on public benefit.

Section D: Achievements and Performance

During the reporting year, Refugee Aid Network (RAN) successfully sustained its operations through a combination of individual donations and regular support from dedicated contributors. The charity focused its efforts on supporting displaced individuals and vulnerable children through established partner organisations.

Key achievements include:

Continued Self Funded Support Trips: to French refugee camps.

Online Fundraising via JustGiving, CAF and direct payments, with notable peaks in:

December 2023 (£1,592)

April 2024 (£5,979)

Targeted Humanitarian Support:

A total of £17,200 was granted across four separate payments to our Uk Charity partners, Ihsan for Children, supporting their humanitarian programmes in Palestine.

- £5,000 in December 2023
- £3,500 in February 2024
- £2,500 in March 2024
- £6,200 in April 2024

In November 2023, RAN donated £2,797 to Eurorelief Hella, providing emergency support in line with our charitable objectives. We supported their work with victims of the Turkish earthquake.

Continued voluntary casework support for Afghan refugees with asylum status. The trustees unanimously voted to give a smaller grant of £100 an Afghan refugee in January 2024, contributing to alleviation of his crisis situation.

Income Growth & Fund Distribution:

Overall income for the year totalled approximately £15,005, and total charitable expenditure reached £20,594, reflecting RAN’s commitment to quickly deploying funds where they are most needed.

These activities demonstrate the charity’s responsiveness, its ability to maintain public engagement through fundraising, and its commitment to directly supporting organisations working with vulnerable populations. Despite ending the year with a deficit, trustees consider this acceptable in the context of delivering maximum impact in a time of humanitarian need.

Section E: Financial Review

Reserves policy: Unrestricted donations are held in reserve for future humanitarian interventions and are carried over and spent exclusively on aid in the subsequent year.

Funds materially in deficit: None

Further financial review: The charity has no liabilities or paid staff. All work is carried out by volunteers and projects are selected after careful due diligence.

The Charity remains focused on identifying high-impact interventions through trusted partners in crisis-affected regions. Trustees have decided not to conduct direct interventions on behalf of RAN as they have in the past – but to continue to identify – fundraise and support partners through their project specific activities. We conduct thorough due diligence checks on everyone with whom we work and will continue to operate in this way, unless our presence on site offers added value.

The trustees declare that they have approved the trustees' report above.

RAN Trustees Annual Report June 23 - June 24

RAN continued fundraising, with a focus on supporting Turkey earthquake victims, raising £2797, identifying, undertaking due diligence then sending money to Eurorelief Hella, our assured partner in the field.

RAN also worked with the UK wing of Isan Children's Charity, who are supporting displaced Palestinian refugees on and around the Raffa crossing in Egypt.

RAN Trustees continued to meet formally once a month online, and speak weekly about ongoing projects and ideas.

RAN Trustees Annual Report July 21 - June 22

RAN continued low level fundraising, with one larger appeal for Syrian Refugees in May 2022.

RAN Trustees continued to meet formally once a month online, and speak weekly about ongoing projects and ideas.

Due to Covid restrictions, Brexit new rules and travel due to ongoing Ukraine war restrictions, Trustees did not think any campaign would offer our donors value.

It is likely our next intervention will be via a trusted organisation in Syria, and we are undergoing extensive due diligence checks prior to commencing any activity.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We have continued our monthly Trustee meetings, but we restricted activities this financial year as we could not offer covid safety to volunteers.</p> <p>We have £11000 in the bank from "drip feed" fundraising (£30 standing orders a month, ongoing appeals/donours),</p> <p>Through an online only Just Giving appeal we raised money to pay for two containers of medical equipment aid to Yemen. The aid is gifted to our partner charity, Heartship Foundation in Belfast, from the Northern Irish NHS. Ewe paid for the cost of getting them overland into Yemen. Trustees went to Belfast, as part of our due diligence, to pack and seal each container before it embarked on its journey.</p> <p>We also conducted two successful trips to France to support French Refugees. A Trustee oversaw the trip.</p> <p>Trustees spent £500 of their own money facilitating gathering, sorting and collating second hand clothes/children's toys and goods for Afghan refugees, which were taken to a central warehouse in Leeds, where a large volume of smaller Charities were supporting a Care For Calais donated goods for Afghans appeal.</p> <p>The Trustees discuss how to build safe collaborations with active charities, which fit our "donor</p>

		<p>value” “due diligence” and “volunteer safety” requirements.</p> <p>We considered engaging with the Ukraine crisis but we do not operate in active war zones and the FCDO advised against all travel to Ukraine, so we decided our support should come as individuals, not as Trustees of Refugee Aid Network, volunteering for larger, established Charities here in the UK, thus Refugee Aid Network did not engage with the Ukraine refugee crisis.</p>
