## **Objectives and Activities**

### **Aims and Objectives**

The purposes of the charity are:

- To support the work of educational establishments;
- Sign post to business support services and digital skills-based education;
- Provide and assist in the provision of facilities for education in digital technology and entrepreneurship;
- Physically and digitally connect governing bodies, funds charities, entrepreneurs and organisations to benefit development of the digital community.

The Trustees have referred to current guidance from the Charity Commission on public benefit in producing this report and when reviewing aims and objectives and planning future activities. In particular, the Trustees consider how planned activities will contribute to the aims and objectives they have set.

The Community and Education Trust aims to give young people from every background, ability and socio-economic group the same opportunities to thrive. We do this primarily through community donations and educational outreach. Some of Greater Manchester's most in-need wards are on our doorstep in Hulme and our focus is set firmly on nurturing, inspiring and motivating children, young people and the wider community.

Decisions on where to concentrate our resource are centred around under-represented groups and our partnerships are often created with schools and communities in under-privileged areas.

Our short-term objectives are to support the development of young people with their basic needs and educational opportunities where relevant to help them towards equal career opportunities now and in the future. The long-term purpose of the Trust is to create sustainable resources that allow every child in our region to have an equal chance at a career of their choice in the technology, digital and creative sectors, through educational outreach as well as meeting the basic needs of people in disadvantage.

Success is measured by the number of people we reach, as well as by the increasing number of partnerships created either with schools, industry bodies and community organisations that can add more resource to our efforts with young people. Within this, we measure the number of technology installations we achieve within schools, organisations or youth zones and the number of outreach appointments.

### **Significant Activities**

The trustees made a decision to focus on providing basic needs support to young people in our local communities in this financial year. Many of the initiatives revolve around giving disadvantaged youths the chance to find independence and gain inspiration and educational opportunities – like The Bolton Lads and Girls Club. Our grant supported their holiday hunger campaign.

Other projects we supported include:

- Mustard Tree, based on Ancoats in Manchester and a charity operating within our local community. They work with the homeless across the city and our funding went specifically to young people's initiatives, getting them back on their feet.
- The Fragile X Society aims to improve the lives of those affected by Fragile X and associated conditions by providing information and continued support to families and professionals they work with. With young people affected by Fragile X in our own community we were pleased that our funding supported the education of these people and their families into understanding the impact of the syndrome.
- The Project at St Brides Church supports failed asylum seekers who have no access to government funds and often find themselves out on the streets. It is also supported by the Red Cross and they support many families with young children, that our funding was able to benefit.

### **Grantmaking**

This year we bestowed grants totalling £45,000 to 6 different institutions.

## **Financial Review**

### **Financial Position**

The charity is solely funded by a £5 million donation made in December 2018. This donation is intended to cover all the charities ongoing expenses and any community donations for the foreseeable future. At present, the charity does not undertake fundraising activities and there are no immediate plans to do so.

At the end of the financial year, the charity held in excess of £4.95 million split across current and savings accounts, therefore the risk of the charity being unable to meet future expenses is very low given the small ongoing running costs.

The charity funds are held in bank accounts to minimise the risk of the donation diminishing in value (for example if shares were held for investment instead). Any alterations to the structure of the holding of funds must be agreed in advance by at least two trustees.

### **Reserves Policy**

The charity operates a reserves policy of holding at least two years' expenses in liquid cash in order to ensure the charity remains a going concern. The reserves at the end of the financial year are well in excess of this limit and would be able to sustain the charity for many years to come.

The charity currently has one part time employee. Finance and administration is provided by a related third-party company and recharged at cost.

Aside from accountancy and audit fees there was no committed expenditure at the end of the financial year.

### **Future Plans**

The Trust continues with its efforts to level the playing field for young people across Greater Manchester and beyond, through delivery of educational and basic needs support. We continue to increase our efforts with marginalised groups and intend to continue with similar work in 2025/26.

With access to Manchester Recording Studios and skilled engineers, we continue to plan for a DJ school, that can offer opportunities to young members of our community and involve regional music outreach agencies. These plans are ongoing. The studios have also recruited a senior engineer who can support our ambitions to offer music engineering training to young people in the region.

Working with Secarma is another business partnership that we are exploring and the cyber security company is extending its social outreach in 2026. We are hoping that this will open the door for underprivileged young people to one of the fastest growing areas of technology employment with job opportunities expected to grow by 18% by 2029.

## **Structure, Governance and Management**

### **Governing Document**

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

### **Charity constitution Key Management Personnel**

Management of the Trust is led by CEO Jonathan Bowers, appointed in May 2023 on a part time basis. He is guided by our trustees on funding decisions.

### **How our Charity is Constituted**

The Jones Community and Education Trust, is a company limited by guarantee, governed by its Memorandum and Articles of Association dated 20 June 2016 as amended on 11 June 2019 and 4 November 2019. It is registered as a charity with the Charity Commission.

### **Trustees**

There are no changes to the board of trustees this year.

### **Relationships**

Through our work in the community, we have supported projects and charities with proven track records for delivering sustainable and impactful programmes that directly benefit young people.

### **Insurance**

In the opinion of the trustees, the charity has adequate insurance cover to help mitigate the financial impact of a range of risks and liabilities to the charity's assets.

## REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30 JUNE 2024

---

The Trustees are pleased to present their annual directors' report together with the financial statements of the charity for the year ended 30 June 2024 which are also required to meet the requirements for a directors' report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard in the UK and Republic of Ireland (FRS102).

### OBJECTIVES AND ACTIVITIES

#### Objectives and aims

The purposes of the charity are:

- To support the work of educational establishments;
- Sign post to business support services and digital skills-based education;
- Provide and assist in the provision of facilities for education in digital technology and entrepreneurship;
- Physically and digitally connect governing bodies, funds charities, entrepreneurs and organisations to benefit development of the digital community.

The Trustees have referred to current guidance from the Charity Commission on public benefit in producing this report and when reviewing aims and objectives and planning future activities. In particular, the Trustees consider how planned activities will contribute to the aims and objectives they have set.

The Community and Education Trust aims to give young people from every background, ability and socio-economic group the same opportunities to thrive. We do this primarily through community donations and educational outreach. ### OBJECTIVES AND ACTIVITIES

#### Significant activities

In May 2023, The trust was approached by an educator working in prisons, with a successful history teaching extra-curricular subjects to inmates. They were seeking funding to take podcasting into prisons.

With internal expertise in voice recording, radio production and presenting techniques, we decided not to fund the project with a donation but to collaborate on the project and aim to achieve more by being hands on in its development. Together a programme was created.

The proposition was to train ex-offenders digital recording skills, so that they themselves could take podcasting into prisons and train inmates giving them digital skills to use in the outside world.

A pilot project was agreed with an output of 6-8 podcasts to be recorded with the co-operation of HMP. The podcast could represent both sides of the reality of what it is like to spend time in a prison by interviewing inmates and prison officers. JCET requested that some of the participants be 'young people' to centre in on the Trust's main audience.

8 Podcasts and a set of mini recordings were made between July 2023 and January 2024 and additional ex-offender training continued until March 2024, which also helped one participant into employment shortly after this time.

A Phase two to make the initiative sustainable within prisons remains in planning and currently has no green light from HMP. To safeguard our resources, JCET has stepped away from the project at this time.

#### Grantmaking

Thus far in our time as a Charity Trust, we have not bestowed any grants.

We recognise that the Trust's funding activity has been notably lower than previous years and following the HMP project our part-time CEO Jonathan Bowers, has spent time looking for new projects within the Greater Manchester Community to work with and contribute to.

### FINANCIAL REVIEW

#### Financial position

The charity is solely funded by a £5 million donation made in December 2018 by UKFast.net Limited. This donation is intended to cover all the charities ongoing expenses and any community donations for the foreseeable future. At present, the charity does not undertake fundraising activities and there are no immediate plans to do so.

At the end of the financial year, the charity held in excess of £4.6 million split across current and savings accounts, therefore the risk of the charity being unable to meet future expenses is very low given the small ongoing running costs.

The charity funds are held in bank accounts to minimise the risk of the donation diminishing in value (for example if shares were held for investment instead). Any alterations to the structure of the holding of funds must be agreed in advance by at least two trustees.

#### Reserves policy

The charity operates a reserves policy of holding at least two years' expenses in liquid cash in order to ensure the charity remains a going concern. The reserves at the end of the financial year are well in excess of this limit and would be able to sustain the charity for many years to come.

The charity currently has one part time employee. Finance and administration is provided by a related third-party company and recharged at cost.

Aside from accountancy and audit fees there was no committed expenditure at the end of the financial year.

## THE JONES COMMUNITY AND EDUCATION TRUST

### REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30 JUNE 2024

---

#### **FUTURE PLANS**

The Trust is working to continue its efforts to level the playing field for young people across Greater Manchester and beyond, through delivery of educational and basic needs support. We have once again increased our efforts with marginalised groups in society at large in the last 12 months addressing communities with extreme skills gaps and we intend to continue with similar work in 2024/25.

Having evolved into a newly named Trust independent from previous association with UKFast, the educational support that we once delivered through the business has created a gap in our intended activity. As a means to bridge this gap we continue to explore new opportunities including working with technology firm Secarma to deliver training and upskilling in cybersecurity, as well as a potential DJ school, working with Manchester Recording Studios and regional music outreach agencies.

Delivering access to technology education through Secarma opens the door for underprivileged young people to one of the fastest growing areas of technology employment with job opportunities expected to grow by 18% in the next five years. Secarma has not been in a position to support our proposals in recent years but we hope this will change in 24/25.

Based in the same building as the Trust, Manchester Recording Studios is home to multi-million-pound recording facilities used by leading recording artists. A partnership with the Studios would deliver access for young people to learn music and audio production skills, granting access to a level of kit many seasoned producers would never have themselves. The studios intend to recruit a senior engineer in 2025 who will support us with these ambitions as part of their remit.

We have been exploring a new partnership with a youth education scheme in greater Manchester and we hope to donate to their outreach education work that takes young adults on the fringes of society and aims to give them entrepreneurial skills to help them learn how to support themselves financially. We are likely to invest in this project at the back end of the next financial year.

#### **STRUCTURE, GOVERNANCE AND MANAGEMENT**

##### **Governing document**

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

##### **Charity constitution**

##### **Key Management Personnel**

Management of the Trust is led by CEO Jonathan Bowers, appointed in May 2023 on a part time basis. He is guided by our trustees on funding decisions.

##### **How our Charity is Constituted**

The Jones Community and Education Trust, is a company limited by guarantee, governed by its Memorandum and Articles of Association dated 20 June 2016 as amended on 11 June 2019 and 4 November 2019. It is registered as a charity with the Charity Commission.

##### **Trustees**

There are no changes to the board of trustees this year.

##### **Relationships**

Through our work in the community, we have supported projects and charities with proven track records for delivering sustainable and impactful programmes that directly benefit young people.

##### **Insurance**

In the opinion of the trustees, the charity has adequate insurance cover to help mitigate the financial impact of a range of risks and liabilities to the charity's assets.

##### **Small companies' exemption**

In preparing this report, the Trustees have taken advantage of the small companies exemptions provided by section 415A of the Companies Act 2006.

**Independent examiner's report to the trustees of The Jones Community And Education Trust ('the Company')**

I report to the charity trustees on my examination of the accounts of the Company for the year ended 30 June 2024.

**Responsibilities and basis of report**

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). **Independent examiner's statement**

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 30 JUNE 2023**

---

The Trustees are pleased to present their annual directors' report together with the financial statements of the charity for the year ended 30 June 2023 which are also required to meet the requirements for a directors' report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard in the UK and Republic of Ireland (FRS102).

**OBJECTIVES AND ACTIVITIES**

**Objectives and aims**

The purposes of the charity are:

- To support the work of educational establishments;
- Sign post to business support services and digital skills-based education;
- Provide and assist in the provision of facilities for education in digital technology and entrepreneurship;
- Physically and digitally connect governing bodies, funds charities, entrepreneurs and organisations to benefit development of the digital community.

The Trustees have referred to current guidance from the Charity Commission on public benefit in producing this report and when reviewing aims and objectives and planning future activities. In particular, the Trustees consider how planned activities will contribute to the aims and objectives they have set.

The Community and Education Trust aims to give young people from every background, ability and socio-economic group the same opportunities to thrive. We do this primarily through community donations and educational outreach. Some of Greater Manchester's most in-need wards are on our doorstep in Hulme and our focus is set firmly on nurturing, inspiring and motivating children, young people and the wider community.

Decisions on where to concentrate our resource are centred around under-represented groups and our partnerships are often created with schools and communities in under-privileged areas.

Our short-term objectives are to support the development of young people with their basic needs and educational opportunities where relevant to help them towards equal career opportunities now and in the future. The long-term purpose of the Trust is to create sustainable resources that allow every child in our region to have an equal chance at a career of their choice in the technology, digital and creative sectors, through educational outreach as well as meeting the basic needs of people in disadvantage.

Success is measured by the number of young people we reach, as well as by the increasing number of partnerships created either with schools, industry bodies and community organisations that can add more resource to our efforts with young people. Within this, we measure the number of technology installations we achieve within schools or youth zones and the number of outreach appointments.

**Significant activities**

Much of our work previously revolved around delivering resources to directly make a difference, but with the impact of the pandemic and subsequent lockdowns, the Trust was severely limited within outreach programmes in 20/21 and early 22.

Additionally, the charity's relationship with UKFast and its educational resources was discontinued in May 2020. This gap is still being filled with new resources 3 years later.

With these changes in mind, 2022-23 has been a somewhat dormant year for the Trust, with trustees exploring avenues to continue activities in the coming year to further progress the Trust's foundation of outreach and community support.

**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 30 JUNE 2023**

---

**OBJECTIVES AND ACTIVITIES**

**Grantmaking**

Thus far in our time as a Charity Trust, we have not bestowed any grants.

We recognise that the Trust's activity has been notably lower than previous years and after a long search, took on a chief executive in May 2023. Part of the remit will be to create and develop grant giving opportunities for the charity. This will allow us to widen our donations community and reach more good causes in the region.

**FINANCIAL REVIEW**

**Financial position**

The charity is solely funded by a £5 million donation made in December 2018 by UKFast.net Limited. This donation is intended to cover all the charities ongoing expenses and any community donations for the foreseeable future. At present, the charity does not undertake fundraising activities and there are no immediate plans to do so.

At the end of the financial year, the charity held in excess of £4.6 million split across current and savings accounts, therefore the risk of the charity being unable to meet future expenses is very low given the small ongoing running costs.

The charity funds are held in bank accounts to minimise the risk of the donation diminishing in value (for example if shares were held for investment instead). Any alterations to the structure of the holding of funds must be agreed in advance by at least two trustees.

**Reserves policy**

The charity operates a reserves policy of holding at least two years' expenses in liquid cash in order to ensure the charity remains a going concern. The reserves at the end of the financial year are well in excess of this limit and would be able to sustain the charity for many years to come.

The charity currently has one part time employee (as of May 2023). Finance and administration is provided by a related third-party company and recharged at cost.

Aside from accountancy and audit fees there was no committed expenditure at the end of the financial year.

**FUTURE PLANS**

The Trust is working to continue its efforts to level the playing field for young people across Greater Manchester and beyond, through delivery of educational and basic needs support. We have increased our efforts with marginalised groups in society at large in the last 12 months setting plans for projects that support communities with extreme skills gaps.

Having evolved into a newly named Trust independent from previous association with UKFast, the educational support that we once delivered through the business has created a gap in our intended activity. As a means to bridge this gap we continue to explore new opportunities including working with technology firm Secarma to deliver training and upskilling in cybersecurity, as well as a potential DJ school, working with Manchester Recording Studios and regional music outreach agencies.

Delivering access to technology education through Secarma opens the door for underprivileged young people to one of the fastest growing areas of technology employment with job opportunities expected to grow by 18% in the next five years. Secarma has not been in a position to support our proposals in recent years but we hope this will change in 24/25.

Based in the same building as the Trust, Manchester Recording Studios is home to multi-million-pound recording facilities used by leading recording artists. A partnership with the Studios would deliver access for young people to learn music and audio production skills, granting access to a level of kit many seasoned producers would never have themselves.

We have been exploring a new partnership through the audio recording skills within Manchester recording Studios, with ex-offenders and current prison inmates. The scheme to teach podcasting skills has been pitched to HMP and begins a pilot programme in Summer 2023 in Hewell Prison, taking ex-offenders into the institution to assist with the process.

Our interest around the lack of resource for creative careers continues with a focus on the lack of social mobility for individuals from under-privileged communities. We're considering experiences aimed at instilling confidence in young people to explore a career in a creative field regardless of their socio-economic status. The creative industries are a key area of employment in Greater Manchester since the development and continued expansion of Media City.

**STRUCTURE, GOVERNANCE AND MANAGEMENT**

**Charity constitution**

**Key Management Personnel**

Management of the Trust is led by CEO Jonathan Bowers, appointed in May 2023 on a part time basis. He is guided by our trustees on funding decisions.

**How our Charity is Constituted**

UKFast Community and Education Trust, which has since become the Jones Community and Education Trust, is a company limited by guarantee, governed by its Memorandum and Articles of Association dated 20 June 2016 as amended on 11 June 2019 and 4 November 2019. It is registered as a charity with the Charity Commission.

**Trustees**

The original trustees were appointed because of their historic commitment to the charitable practices of UKFast.Net, that led to the inauguration of the Trust. The decision making around funding of previous charitable donations and educational resources had been made by Lawrence and Gail Jones as majority shareholders in UKFast.Net Ltd pre 2019. Operational Direction had been delivered by Jonathan Bowers as the MD of UKFast.Net, now MD of The Gallery.com.

Having added Joe Cravagan in 2021, the board added Tegan Jones to the board of trustees in March 2023.

Collectively, the trustees lead decision making on donations made and activity by the trust. The decision to enlist Tegan Jones is to start the long-term plan to expand the board of trustees, by creating a subsection of the board consisting of young people who can play an active part in representing the youth community and influencing funding that supports individuals of the same age range within the community.

Other changes to the board of trustees this year included the resignation of Lawrence Jones in February 2023 and Jonathan Bowers in April 2023, the latter moving to position of CEO in May 2023 in order to deliver more active services and provide day-to-day direction to the trust. This role, as indicated in previous trustees' reports is in order to pick up management duties that have been left since the resignation of Russell Feingold in 2019.

**Relationships**

Through our work in the community, we have supported projects and charities with proven track records for delivering sustainable and impactful programmes that directly benefit young people.

**Insurance**

In the opinion of the trustees, the charity has adequate insurance cover to help mitigate the financial impact of a range of risks and liabilities to the charity's assets.
