Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	We are a community based charity for LGBTQ+ individuals in Ely. We have created a safe place for people to meet in Ely. Our first Pride in Ely event was held in August 2018 and this has been well supported within the City. For 2023 we held our 4th Pride in Ely event. Our ultimate aim is to be able to offer more support by working with other organisations and in particular to educate around diversity and inclusion and provide more safe-space events and social opportunities in addition to our main Pride Day.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Fundraising via stalls at community events throughout the year of 2023. Organising and operating the 2023 Pride Day event in August. In particular our own merchandise and beer stalls, plus revenue from donations and stall pitch fees. We also ran 2 Drag Bingo events which raised significant funds and provided a safe space.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees have read the guidance and it is in keeping with our aims and objectives.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We've identified the following as our principal achievements this year:</p> <ul style="list-style-type: none">• We expanded our trustee pool this year following our determination of this need in the previous period, however we do still need to continue to address this by significantly enlarging our team going forward.• We were able to organise and host more non-Pride Day events, providing more safe-space opportunities, opportunities to socialise and fundraising for the charities.• We achieved an attendance of around 4500 people on the day, and improvement on the depressed turnout of the previous year.

Additional information (optional)

Achievements against objectives set	Para 1.41	Due to our still low number of trustees, we were not able to achieve as much progress in our education and outreach areas, however we were able to provide a highly successful and expanded Pride event, with excellent turnout and a true safe space for learning and self-expression for the LGBTQ+ community and beyond.
Performance of fundraising activities against objectives set	Para 1.41	Due to a low number of trustees and volunteers, much of the time which should have been dedicated to fundraising and sponsorship was used to ensure the main Pride Day event was possible. We did achieve some small grants and donations, however this is an area which needs significant improvement going forward.
Investment performance against objectives	Para 1.41	Our investment in infrastructure, stock and consumable items was again high this year, but it was in service of expanding our ability to maximise main revenue streams on Pride Day and at other events we will run, present and into the future, for example the purchase of a new gazebo system and ePos kit. The results ably demonstrate that our expanded footprint, ability to newly take card payments and to operate our own bar were worth the investment and we end the period with stock in hand plus infrastructure to increase earnings in subsequent years.
Other		Again due to the pressures with low numbers of trustees, following multiple resignations last year in our CIO's leadership team and another this year, we were unable to meet all of our set qualitative or quantitative objectives for this year.
