Objectives and activities

Summary of the objects of the charity set out in its governing document

- a. the prevention or relief of poverty and/or financial hardship, either generally or individually, of people living anywhere in the world by making grants of money for providing or paying for items, services or facilities which they could not otherwise afford through lack of means;
- b. the prevention or relief of poverty and/or financial hardship, either generally or individually, of people living anywhere in the world by providing or assisting in the provision of education, training, transportation, housing, healthcare and all the necessary support designed to enable individuals to generate a sustainable income and be self-sufficient.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The organisation carries out its purposes by:

- Forming Common Change groups in communities around the UK that will contribute their own personal finances and also raise money through other means (such as but not limited to sponsorship etc)
- Facilitating through digital technology a platform by which the members of the Common Change groups may deposit, combine and securely store their financial resources, until such time as they are withdrawn and distributed in accordance with accepted Charity Commission criteria relating to the relief of poverty (see list below).
- Encouraging the Common Change groups to meet in person and online to identify instances of individuals and families in poverty and/or crisis requiring assistance and discuss how their needs can be met through the financial resources that the group can raise or has already raised.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- contribution made by volunteers.

Common Change UK is committed to a principle of incurring minimum overhead costs by utilising volunteer time and expertise. In 2021 our overheads were less than 1% of our total turnover.

Excerpt from the current CCUK Group Fund policy on grantmaking:

It is intended that recipients of assistance (“benevolence”) from the Group Fund shall:

- Be experiencing a financial hardship related to education, healthcare, housing, parental support, professional service/support, transportation, or basic living expenses
- Be nominated by at least one member of the Group through which the request is being made, and known to them by ‘one degree of separation’,
- Not be making a request on their own behalf,
- Be able to receive funds directly by cheque, bank transfer, moneygram or PayPal,
- Be able, upon request, to provide written confirmation of receipt of the assistance by email, fax, or mail.
- Common Change recognises common humanity and insists there be no discrimination in the giving of benevolence on the basis of gender, age, ethnicity, sexuality, faith, or disability.

Ultimate responsibility for administration and distribution of funds rests solely with the Common Change Trustees.
