

The Network for Improving Critical-care Systems & Training (NICST)

Report and Financial Statements Year ended: MARCH 2024

Charity no: 1171106

The trustees present their annual report and financial statements of the charity for the year ended 31st March 2024. The financial statements have been prepared in accordance with the accounting policies set out in The Charity Commission's Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the 'Financial Reporting Standard' applicable in the UK and Republic of Ireland published on 16 July 2014, the Charities Act 2011, and comply with the NICST's founding constitution.

The annual report addresses matters in the same order as the Charities SORP (FRS 102). The charity is registered in England and Wales and so reference is made to the Charity Commission's public benefit guidance in shaping the Trust's *aims and objectives*. The section on *achievements and performance* is framed from a public benefit viewpoint and reviews each activity in turn. Under the heading *monitoring achievement*, it includes performance information (presented in tabular form) illustrating the achievements. A review of finances for the period reported is included in this report. This section has been compiled with the assistance of Stephenson Smart, Chartered accountants. Reg. No 08246853. The section on *plans for the future* distinguishes between the broader strategic vision and specific plans for the following financial year. The *structure, governance and management* section includes how trustees are selected, volunteers are supported and how decisions are made. A statement of trustees' responsibilities in relation to the financial statements has also been included in accordance with FRC audit standards (ISA 700). This statement (see appendix 4 to Audit Practice Note 11, March 2012) is not a requirement of the Charities SORP (FRS 102).

The Trustees' Annual Report

1.0 Objectives and activities for the public benefit

The purpose of the charity is the advancement of health for public benefit by improving the availability, delivery and quality of acute medical care through the development of clinical training for healthcare professionals, clinical teams and healthcare services. The charity has a particular (but not exclusive) focus in Low and Middle Income Countries (LMIC) by promoting translational research and collaborative working amongst healthcare teams. The trustees confirm that they have referred to the Charity Commission's Guidance on public benefit when reviewing the charity's aims and objectives and in planning future activities.

The charity furthers its charitable purposes for the public benefit through its five core objectives:

1. Creating and optimising a critical and acute care surveillance platform in Sri Lanka (Nat- Intensive Care Surveillance, NICS-MORU) by providing academic and strategic leadership, and financial support to this subsidiary co-operative.
2. Establishing and developing data platforms to enable better patient care by using the NICST and NICS-MORU model of supporting health informatics projects in lower resourced healthcare settings.
3. Providing training for healthcare professionals, community and the general public in LMIC with an emphasis on health systems and data science research methods, community engagement and stakeholder led service improvements.
4. Developing and implementing quality improvement interventions aimed at delivering better care for sick patients.
5. Promoting translational research and collaboration amongst healthcare and research teams internationally.

By focussing on these areas NICST achieves the strategic priorities of improving access to good quality and highly practical acute and critical care skills training for health professionals and the public ('training') and developing informatics systems that can enable healthcare professionals to use data to better understand and ultimately improve health care systems. Facilitating research and enabling quality improvement support these priorities. Better training and better healthcare delivery systems lead to better patient care, providing public benefit.

The charity achieves these objectives predominantly through a partnership with NICS-MORU. NICS-MORU is Not-for-Profit Organisation (NPO) registered in Sri Lanka, aiming to improve acute and critical healthcare through the development, maintenance and improvement of systems enabling routine surveillance of care. The NPO, based in Sri Lanka, established in 2015 was pivotal in the development of one of the first national critical care registries in a LMIC, and remains at the forefront of developing and implementing systems to enable evaluation and improvement of acute care services in Asia and Africa. NICS-MORU has the expertise to be able to support NICST in meeting its charitable objectives. NICST and NICS-MORU share common objectives of capacity building and health system strengthening. A Checklist 3: Charities in a regular partnering or funding relationship with a non-charity that is not its founder or subsidiary document has been completed (2023) in addition to a memorandum of understanding, and will be updated annually.

This checklist details the relationships and common objectives of the partnership. NICS-MORU employs LMIC based healthcare workers and scientists, providing employment and opportunity for setting based research in the region. NICS-MORU employs a local team of 15 FTE researchers and research support staff, data collectors, web application developers. NICS-MORU activities are non profit making with all charitable donations to the organisation going directly towards achieving the above objectives. Of note, Rashan Haniffa, first trustee of NICST is a director of NICS-MORU. His role in both organisations is voluntary, and the activities of both organisations does not provide him with any financial remuneration. All Charity trustees have completed a conflict of interest form.

2.0 Achievements and performance: how our objectives delivered public benefit.

The benefits of NICST's work are; the professional mentorship and formal academic training for clinical, academic and research team members, the development of new and strengthening of existing infrastructure for data driven research (observational and interventional) and the funding of on-going research to aid care of patients including those with critical illness and non communicable diseases. The trustees are pleased that the activities, impact, learning and achievements of the charity, as set out below, reflect these goals.

The NICST/NICS-MORU critical and acute care surveillance platform remains operational in 17 countries across Asia and Africa. The surveillance platform; remains central to the newly awarded Wellcome Award "CRIT Care Asia- Africa" funded from 2023-2025, of which NICS- MORU is the project implementation and data coordinating centre. Key deliverables of this new project are; transition to federated registries as a pathways to future sustainability, adaptation of the registry to enable data driven platform trials, and probabilistic modelling, capacity building for quality improvement and facilitation of international research to improve outcomes for critically ill patients, including through pandemic surveillance, multi morbidity and infectious disease management and improved patient experience. NICST and NICS-MORU will continue to provide expertise in implementation, data coordination, curation and analysis of data for service evaluation, clinical trials and quality improvement. As such the objectives of the charity will align with the deliverables for the Wellcome funded project and will be a leading priority for the charity for 2023-2025. The surveillance platform provides a mechanism for continuous evaluation of quality in healthcare across multiple countries. Data captured through the platform is enabling patients and healthcare providers to engage in high quality international observational and interventional research. Data derived from registry output is enhancing knowledge in response to global and regional public health priorities including infectious diseases, injury and psychological outcomes following critical illness.

NICST has supported the initiation and expansion of registries in Asia-Africa, where there was little to no mechanism to provide systematic routine evaluation of the quality of critical care and no comprehensive information on critical care infrastructure. The information measured through the platform is directly accessible to the frontline clinician team with the aim of improving individual patient care. The aggregate information captured through the platform has enabled evaluation of processes and quality of care for patients who are critically and acutely unwell, for example, infection rates, delays in recovery, and mortality following hospital discharge. This work is published in peer reviewed, clinical academic journals.

Continuing the successful work delivered in 2020-22, in 2023-25, the platform continues to be developed to support registry enabled clinical research (including trials) led by LMIC researchers. NICST/ NICS-MORU have grown to be the data coordinating centre for international clinical trials; REMAP- CAP and Mega-ROX, and for regional LMIC led studies including ARISE, and BREATHE. NICST and NICS-MORU further play a

central role in trial coordination, monitoring, patient safety, and data management prior to analysis. Within this role NICST/ NICS MORU has supported research naive healthcare communities in Asia to implement clinical trials, together seeking solutions to known barriers to clinical trials, including ethical, regulatory and resource barriers. To date NICST/ NICS-MORU has enabled the recruitment of 5000+ patients to clinical trials.

In 2023, as part of its objective to build research capacity, NICST and NICS MORU in partnership with CIHR and the University of British Columbia, supported the CCAA to implement registry enabled evaluation of antimicrobial prescribing practices in critical care and implement antimicrobial stewardship programs, included registry enabled audit and feedback, and stewardship guidelines in over 80 ICUs, across 10 countries. This work will be published in 2025.

Commenced in February 2023, aligned with its core objectives to build research capacity in LMICs, NICST has partnered with the James Lind Alliance, to undertake a patient, public and clinician led research priority setting exercise. This project intends to identify population specific and scalable research questions, which reflect the priorities of those delivering, and receiving critical care in LMICs. The project has engaged over 300 respondents with lived experience of critical care and the final consensus workshop is planned for June 2024. Analysis and publication will follow. More information on this project can be found [here](#).

NICST has sought to translate learning from projects in LMICs to support improving care for critically ill patients in the UK. In partnership with the University of Hertfordshire, NICST has supported the development and pilot of a patient and family communication application. The pilot and evaluation is completed, recruiting 30 patient carer dyads and the manuscript is in preparation for publication.

NICST and NICS MORU continue their partnership with AIGHD (Netherlands) and University College London (established in 2019) to provide opportunities for new career researchers and clinicians to engage in bi directional research programmes. Fourteen academic fellows have successfully completed MSc in perioperative medicine and global health, contributing to the charity's projects in Asia and Africa. More information about this collaboration can be found [here](#).

NICST's collaboration between University of Birmingham, Institute of Applied Health Research and University of Jaffna, Department of Community and Family Medicine has continued to grow. The partnership focuses on Non Communicable Disease (NCD) management, specifically primary care pathways, community engagement activities and improving pathways for referral for secondary care. Work published to date can be found [here](#). This published work is now informing the development of patient led community engagement programmes to improve access and referral for NCD community care. This work commenced in 2022, is being undertaken by clinicians and PhD candidates based in Sri Lanka. The collaboration (funded to date through the NIHR) has sought 4 year (2024-2029) future funding through a joining NIHR RIGHT call application. This application is in the second stage with a decision due June 2024.

3.0 Structure, Governance and Management

3.1 Structure

The charity is constituted as a charitable incorporated organisation (CIO) and is governed by a CIO foundation constitution constituted in 2017. The CIO's organisational structure consists of a trustee board of five first trustees. The CIO's trustees all contribute without remuneration or pay in accordance with the

CIOs foundation constitution. All decisions related to the structure and governance of the CIO are made by the members of the CIO acting on behalf of the charity. As set out in our governing document, every charity trustee is a natural person, older than 16 years of age. Any new trustee will be appointed for a minimum of three years by resolution and formal meeting of the trustees. Regard for skills, expertise and experience to the contribution of the CIO is considered when selecting new trustees. Prior to appointment of a trustee the following will be made available to the trustee: a copy of the governing document, a copy of the CIO's most recent annual report, and a copy of the charity's accounts for the most recent financial year. Trustees are required to disclose all relevant interests and register them with the CIO and in accordance with the charity's policy withdraw from decisions where a conflict of interest arises. No trustees have declared interests (except as stated above) which conflict with their role in the CIO.

3.2 Governance and management

The CIO does not employ any management or committees to act on its behalf. The trustees aim to meet face to face annually, with a minimum of a quorum in attendance. The trustee meeting was held remotely in the first quarter in March 2022 online. All trustees were in attendance. Email communication to implement the actions of the meeting were completed during the second and third quarters of 2022.

In addition, email correspondence is used for all charity trustee communications, including spending commitments, interim progress updates and financial updates. These communications are archived for accountability and audit. A minimum of 2 trustees are in attendance for any decision to be made or whereby decisions are sought via email, written support of a minimum of 2 trustees is required. Questions arising at meetings are decided by an eligible majority. In the case of equality of vote the chair will cast a second vote. A chair is appointed for each meeting and has responsibility for the accurate recording, reporting, dissemination and storage of minutes and decisions.

3.3 Monitoring achievement

The success of the charity's activities is evaluated by the successful collaboration of the charity with universities, research institutions and the LMIC health care community. Success is further measured by the award of funding for academic research and development from UK and foreign scientific and philanthropic funding agencies. Translational research success is assessed by the timely completion of planned research projects and the publications in peer reviewed journals. The outcome of the research is also assessed by the identification of the changes or improvements to clinical or care practices stemming from the research.

3.4 Summary of achievements

Objective	Measure	This reporting period
1-4	Peer reviewed scientific publications	10
2.2	Registry activity (patient episodes)	Continuing quality evaluation across over 360 units in 17 countries
2.5	Academic fellows / graduate exchanges	2 (100 % completed)
2.4	Research projects conducted and completed	5 (3 projects completed, 2 remain in progress, as planned)

3.5 Trustees' responsibilities in relation to the financial statements

The charity trustees are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, of the charity for that period. In preparing the financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the applicable Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures that must be disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the CIO foundation constitution. They are also responsible for safeguarding the assets of the charity and taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements.

4.0 Contribution made by volunteers

The charity and its trustees and beneficiaries are very grateful to the volunteers who contribute to achieving the aims and objectives during this period. In Jan 2023, post grad intern, Ms Emma Donley, joined NICST to develop research skills related to the Research priority setting project described above. She then proceeded to receive a professional service fee for her role within the priority setting project, beyond her post graduate internship. Volunteers continue to be supported by a trustee to mentor them in their voluntary contributions.

5.0 Financial Review

5.1 Trustee Financial statement

The trustees have prepared the financial report for the period in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements. The trustees confirm that proper accounting records disclose with reasonable accuracy the financial position of the charity and that these records comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the CIO foundation constitution. They can report that there are no

irregularities within the financial reports for this period. As per the Charities Act 2011, they have sought independent review from Stephenson Smart.

5.2 Financial report.

The charity has no investments or endowments. The charity received £97,000.00 during the reporting period. The source of funds during the period were in services to the University of Oxford. The charity allocated funds to support the activities to achieve objectives 1- 5. During the financial year the charity's expenditure was £7456.00 of which £4709.00 was in charitable donations, primarily towards NICS-MORU projects. The charity currently has no investments but its trustees are aware of the social investment policy. The charity faces no financial uncertainties for the next financial year. Funds have been secured to meet the projected commitments and the current deficit of the charity. The charity has no subsidiary undertakings.

6.0 Future plans for the charity

NICST's success in achieving their charitable objectives in 2023-24 is a testimony to the generosity of the volunteers contributions and the productivity of the collaboration with NICS- MORU and other healthcare organisations, now funded by international grant awarding bodies. The trustees' will continue to prioritise promoting the development of clinical training for healthcare professionals, clinical teams and healthcare services, and advancing translational research. We continue to work with our key partners in NICS- MORU and the CCAA community of practice, to develop and deliver clinical-academic and research training opportunities. We will build on the collaborations with University of Birmingham, University of Jaffna, and Wellcome, with whom we have common goals to undertake translational research.

Our medium term goals for 2024- 2025 will be to further the establishment and development of a community of practice to improve the quality of acute care LMICs through south to south collaboration. To achieve this goal, NICST will complete its collaboration with the James Lind Alliance to publish research priorities for the critical care community in LMICs. NICST will continue to partner with NICS-MORU and with Mahidol Oxford Tropical Research Unit, (MORU) and Wellcome. NICS-MORU is working to create equitable opportunities for team members to become co-directors of the non profit organisation. These emerging team members will be mentored by existing directors. In addition, we seek to strengthen international research partnerships with the Universities of Birmingham and Jaffna.

7.0 Declarations

The trustees declare that they have approved the trustees' report above. Each trustee is an expert active in the field in which the charity operates. This means we are assured that their technical knowledge is up to date and that they have the depth of insight to effectively evaluate the appropriateness of the objectives, activities and charitable donations. They are further accountable to the wider academic community in which they stand and projects output, which includes scientific publications, are reviewed by peers within the scientific community.

Signed on behalf of the charity's trustees:

Checklist 3: Charities in a regular partnering or funding relationship with a non-charity that is not its founder or subsidiary

You can use this checklist to help you test that your connection to a non-charity is set up or run in line with our [guidance for charities with a connection to a non-charity](#).

It will help you to make that check for regular partnership and funding relationships with a non-charity. Charities who operate in a group with non-charities and “friends of” charities can also use this checklist.

Use one of the other checklists published with the guidance if the non-charity is your subsidiary or founder.

Using this checklist is optional and you will need to adapt it to meet your charity’s activities circumstances. It is not a substitute for reading the guidance and applying it your charity’s circumstances.

You can tell us if you decided to use this checklist, and if it has been useful for your charity. We welcome all comments through our [anonymous feedback survey](#).

F. Maintain your charity's separate identity

Read principle 5. For charities in a partnering or funding relationship with a non-charity, who share an identity with the non-charity, this principle is largely about assessing and addressing the risks of a shared identity, as well as the benefits.

<p>F1. if we share an identity with the non-charity, we have considered if, and how, this is in our charity's best interests</p> <p>F2. if we have decided that sharing an identity with the non-charity is in our best interests, we have also identified, and will address, any risks to our charity that this sharing brings</p> <p>F3. if we have donors, they can tell whether our charity or the non-charity is asking for their money or support</p> <p>F4. we take reasonable steps to help people outside our charity understand that it works with, but is separate from, the non-charity</p>	<p>F 1-4 N/A.</p>	<p>Principal 5 is not applicable currently, and will be reviewed annually.</p>	<p>Annually</p> <p>N/A</p>

G. Protect your charity

Read principle 6. For charities in a partnering or funding relationship with a non-charity, appropriate due diligence is key. It is also about being satisfied that the arrangements for working together and for any resource sharing are in the charity's best interests. The arrangements and agreements must protect the charity's assets, reputation and beneficiaries.

<p>G1. We operate an appropriate due diligence/assurance procedure. It helps us to know that our partners, funders and the organisations we fund are suitable for our charity to work with</p>	<p>G1.Yes</p>	<p>NICST due diligence process prior to partnering with a non charity are set out in the charity's due diligence progress and include;</p> <p>Review of potential partner organisations objectives, public statements or reportings, financial structures and financial audits, code of conduct for research, policies on</p>	<p>G1. All projects are reviewed by the trustees annually. The trustees are free to decide not to extend or renew a partnership with another organisation even if the project has been successful when measured against its deliverables.</p>
--	---------------	---	---

<p>G2. If sharing resources (such as staff, premises or data) or communicating jointly with the connected non-charity, we</p> <ul style="list-style-type: none"> a, identify and address the risks as well as the benefits of the sharing or joint work b, only agree payment arrangements which provide value for our charity's money c, have systems to control communication which is about our charity, or issued on its behalf d, don't renew sharing arrangements without considering our charity's best interests e, We have appropriate written agreements in place to protect our charity 	<p>G2. NA</p>	<p>employment, bribery, bullying and harassment policies.</p>	<p>NICST reviews its charitable objectives annually and is aware of new and emerging priorities for improving healthcare in LMICs. It reviews these priorities and the research which influences the funding and charity landscape and makes adjustments to the projects it selects and the partnerships it establishes accordingly.</p> <p>G2 NA</p>

		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Legacies	<p>In the case of performance related grants, income must only be recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP).</p> <p>Legacies are included in the SOFA when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.</p>	Yes	No	N/a
		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Government grants	<p>The charity has received government grants in the reporting period</p>	Yes	No	N/a
		<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
Tax reclaims on donations and gifts	<p>Gift Aid receivable is included in income when there is a valid declaration from the donor. Any Gift Aid amount recovered on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.</p>	Yes	No	N/a
		<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Contractual income and performance related grants	<p>This is only included in the SoFA once the charity has provided the related goods or services or met the performance related conditions.</p>	Yes	No	N/a
		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Donated goods	<p>Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so.</p>	Yes	No	N/a
		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	<p>The cost of any stock of goods donated for distribution to beneficiaries is deemed to be the fair value of those gifts at the time of their receipt and they are recognised on receipt. In the reporting period in which the stocks are distributed, they are recognised as an expense at the carrying amount of the stocks at distribution.</p>	Yes	No	N/a
		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	<p>Donated goods for resale are measured at fair value on initial recognition, which is the expected proceeds from sale less the expected costs of sale, and recognised in 'Income from other trading activities' with the corresponding stock recognised in the balance sheet. On its sale the value of stock is charged against 'Income from other trading activities' and the proceeds from sale are also recognised as 'Income from other trading activities'.</p>	Yes	No	N/a
		<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
	<p>Goods donated for on-going use by the charity are recognised as tangible fixed assets and included in the SoFA as incoming resources when receivable.</p>	Yes	No	N/a

We report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31/03/2023.

Responsibilities and
basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

We report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out our examination, we have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

We have completed our examination. We confirm that no material matters have come to our attention in connection with the examination (other than that disclosed below *) which gives us cause to believe that in, any material respect:

- the accounting records were not kept in accordance with section 130 of the Charities Act; or
- the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

We have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
