Structure, governance and management

The charity is a Charitable Incorporated Organisation (CIO) foundation formed on 23 January 2017 as amended on 11 February 2025 and is governed by a constitution.

Method of recruitment and appointment of trustees

The trustees of the charity are appointed by the members at the AGM.

SNAPS Yorkshire CIO

Trustees' report (continued) for the year ended 31 March 2025

Objectives and activities

The charity's objects

To help meet the needs of parents and carers of children with additional needs by the provision of support and advocacy, advice and information.

To promote health and education for children with additional needs and their parents and carers.

To provide educational and recreational facilities in the interests of social welfare for children with additional needs and their parents and carers so that conditions of life may be improved.

The charity's main activities

Special Needs & Parent Support (Yorkshire) CIO (SNAPS) runs what is primarily a Saturday support group with a range of therapeutic and other support activities, specifically for children with additional needs. It also provides the opportunity for the whole family to participate, including siblings, and for the parents to socialise, swap stories and experiences, and learn from each other.

Activities include hydrotherapy, rebound therapy, music therapy, arts and crafts, boccia, music activities, soft play, and a separate football training activity, with other activities as needs are identified, and funding allows. In addition the charity delivers support directly to families through Family Support, along with counselling sessions for parents.

Public benefit statement

In setting our objectives and planning our activities our trustees have given serious consideration to the Charity Commission's general guidance on public benefit and in particular the advancement of education through promoting the inclusion of families with children with additional needs.

SNAPS aims to support any family with a disabled child who requires support. SNAPS supports the whole family and meets at a weekend to positively promote inclusion.

Achievements and performance

The past year has been one of significant progress for SNAPS, particularly with a superb fundraising effort and continuing to improve the external awareness of our charity, and our position and profile in Leeds and West Yorkshire. A long standing project for SNAPS has been how to achieve growth and, after considerable effort and time spent, the decision was taken by the Board and Senior Team that owning our own building would, for now, be a step too far. Instead we continue to look for other opportunities – and so, in September 2025, SNAPS opened at a third site in Leeds, which is excellent news.

This review looks at four specific areas – Operations, Finance, the Board of Trustees, and the future of SNAPS.

Operations

This has been another period of challenge for many of our children and families, faced with declining public services and reducing support for the charity sector from both national and local government, and increasing living costs. It is clear that many services and charities are continuing to struggle in the post-pandemic period. The SNAPS' team has been working at full stretch to meet the burgeoning need, as shown by the extensive backlog of children and families on our waiting lists. Many of the recipients have expressed their thanks for the positive support received and the continuity provided by our on-going presence. We have also shown creativity through the provision of multiple therapeutic supports, including music, dance, art and animals, and expanding to include support for older children. The quality of our operational support and governance continues to be recognised by those in authority, and our opinion is being sought on specific charity sector issues.

SNAPS Yorkshire CIO

Trustees' report (continued) for the year ended 31 March 2025

Achievements and performance continued

Operations continued

We have also focussed on ensuring that our team of employees and volunteers, and in particular their mental health and wellbeing, is supported at all times. SNAPS has continued to be able to successfully recruit new team members, who have then been fully trained and are delivering our services to, and above, the required standards. We have continued to review and improve our management and policy structures, such as business and financial planning, and strategic development, and have invested in planning for further growth, both for this financial year and beyond.

The long running search for an additional site to enable SNAPS to deliver a more extensive range of supportive therapies and meet the identified need across the region has finally been successful and we opened services at the Co-op Brierley site in Cross Green, Leeds, in September 2025. In addition, SNAPS is represented on all relevant committees of Leeds City Council where the voice of our families needs to be heard, on the Leeds Community Foundation Charity Advisory Group, and we continue to host the Leeds Parent Carer Forum, having assisted in their re-establishment in 2023. We also continue to support and chair the West Yorkshire Children's Additional Needs Network, now 108 organisations strong, which SNAPS co-founded in 2016, to improve the flow of information and communication between charities and statutory bodies from education, healthcare and Local Government across the region.

Finances

Although raising funds has continued to be challenging in a market place which has been stretched ever tighter by the tough economic conditions prevailing, our fundraising team has significantly outperformed expectations and delivered a strong result. As a result of the generosity of our many supporters and a lot of hard work from the team, SNAPS ended the current year in an excellent financial position, and stronger than ever before, which helps the charity become as sustainable as possible, and expand our services to the new Brierley site.

Amongst our contributors, it is important to mention the Alerce Trust, along with an increasing number of individual and corporate supporters. SNAPS has a good story to tell and we tell it well, and have shown that we can competently manage the steady growth required to build a successful organisation and expand the provision of service to the families of Leeds and West Yorkshire. SNAPS is an independent charity, not an agency of social services or Leeds City Council, and we take no financing from local or national government in any form, other than grants of £20,837 per annum in respect of Leeds Parent Carer Forum, for whom SNAPS acts as the host organisation following their re-establishment. In the current economic climate, and with cuts to government contractual grants so prevalent, our independence has been seen by our funders as a strength.

The Board of Trustees

We are fortunate in having a group of talented volunteers with widely differing backgrounds and skills to be the current Board of Trustees, including hard pressed parents, to help set strategy and provide oversight of our work, and I would like to acknowledge their hard work and contribution in the last year in helping to deal with the issues facing the charity. During this period, we have managed to retain the invaluable services of 8 Trustees, as well as recruiting 4 new Trustees, with a wide range of lived and professional experience, which helps to provide stability, certainty and continuity.

The future of SNAPS

The challenges facing small and medium sized charities cannot be under-estimated, but as Chair, I am confident that we will continue to develop and grow, supported by the good will and contributions of our many families, supporters and stakeholders. Since 2015, SNAPS has grown by a factor of at least 12 times in terms of provision of services, income and reserves, which is a tremendous performance in a demanding market place, and an excellent advertisement for the hybrid business model which we have adopted, developed and used to such advantage.

During the year SNAPS was extensively reviewed by a group of management consultants from Pilotlight, and 'passed' with flying colours, an accolade which was reflected by the charity winning the national Charity Governance Award for the quality of its governance. The good news in this Review is down to the hard work and determination of the team and the family that is SNAPS

SNAPS Yorkshire CIO

Trustees' report (continued) for the year ended 31 March 2025

Financial review

The net income for the year was £140,725, including net income of £164,533 on unrestricted funds and net expenditure of £23,808 on restricted funds.

Reserves policy

The charity's free reserves, excluding fixed assets, at the year end were £370,040.

Included within the reserves is a sum of £50,000 designated towards the TOBI project (see note 8).

The trustees consider the ideal level of reserves held should be set within a range, with a lower limit and an upper limit in place.

The lower limit will be set at a level to ensure that all the financial commitments facing the organisation in case SNAPS was required to close down suddenly, can be covered - this means the salary and redundancy commitments towards our employees, the contractual commitments towards our specialists employed on contracts for services, and rental and other contractual agreements. SNAPS has operated in recent years on an 'asset light' basis, in that the charity rents operating space, and has few other physical assets beyond computers and play equipment. We do not utilise a rented office space, which makes a significant difference in terms of financial liabilities.

In line with guidance from the charity commission and considering SNAPS operating costs in recent years and our 'slim line' operating model, the charity sets the lower limit at roughly 4 months of operating costs.

The upper limit is set with reference to providing an ongoing level of service to our service users. Our service users are vulnerable members of the Leeds community and would be detrimentally impacted if our services were to shut without an appropriate timescale to find replacement services. Many of the children we support rely heavily on the physiotherapy we provide to them as well as the family support we give to their wider families. The Trustees therefore consider setting the upper limit at 10 months of operating costs. This would give service users time to research, find and secure alternative provision elsewhere.

Based on projected expenditure in 2025/2026 this equates to a reserves target of between £149,800 and £374,500.

Approved by the board of trustees on 12/11/2025

Christopher Eatwell (Trustee)

SNAPS Yorkshire CIO

Independent examiner's report to the trustees of SNAPS Yorkshire CIO

I report to the charity trustees on my examination of the accounts of the CIO for the year ended 31 March 2025, which are set out on pages 7 to 15.

Responsibilities and basis of report

As the charity trustees of the CIO you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the CIO's accounts as carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

Since the CIO's gross income exceeded £250,000 your examiner must be a fellow of a body listed in section 145 of the 2011 Act.

I confirm that I am qualified to undertake the examination because I am a fellow of ICAEW which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 130 of the Charities Act;
- 2 the accounts do not accord with those records; or
- 3 the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the accounts

for the year ended 31 March 2025

1 Accounting policies

Basis of accounting

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) and with the Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102.

There has been no change to the accounting policies since last year.

No changes have been made to the accounts for previous years.

Going concern

The trustees are satisfied that there are no material uncertainties about the charity's ability to continue.

Incoming resources

All incoming resources are included in the Statement of Financial Activities (SOFA) when the charity becomes entitled to the resources, if it is more likely than not that the trustees will receive the resources and the monetary value can be measured with sufficient reliability.

Grants and donations

Grants and donations are only included in the SOFA when the charity has unconditional entitlement to the resources.

Where grants are related to performance and specific deliverables, they are accounted for as the charity earns the right to consideration by its performance.

Expenditure and liabilities

Expenditure is recognised on an accrual basis as a liability is incurred. Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out the resources and the amount of the obligation can be measured with reasonable certainty.

Taxation

As a charity the organisation benefits from rates relief and is generally exempt from income tax and capital gains tax but not from VAT. Irrecoverable VAT is included in the cost of those items to which it relates.

Tangible fixed assets

Tangible fixed assets costing more than £300 are capitalised and included at cost including any incidental expenses of acquisition. Gifted assets are shown at the value to the charity on receipt. Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost on a straight line basis over their expected useful economic lives as follows:

Computer equipment: over 3 years

Pensions

The charity operates a defined contribution scheme for the benefit of its employees. The costs of contributions are recognised in the year they are payable.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes.

Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

Further explanation of the nature and purpose of each fund is included in the notes to the accounts.
