The Effective Islamic Reach

Trustee Report for the period ending 31/01/2025

During this reporting period, the Trustees reviewed the charity's progress in line with the decisions made last year and continued to oversee the development of TEIR's digital-first outreach strategy. The focus remained on strengthening the charity's ability to distribute beneficial Islamic resources efficiently, accessibly, and at scale.

Progress against Last Year's Decisions

Following the Trustees' resolutions from the previous year, the following actions were successfully completed:

1. **Electronic resources were formally adopted as the core content of the TEIR site**, ensuring that all materials are accessible, consistent, and easy to distribute.
2. **Approved content was uploaded to the site**, making it available for public use.
3. **The TEIR website was left in its current design as both a resource hub and a distribution platform**, enabling users to access materials directly and independently.
4. **One QR-based link was made for the whole web** allowing quick access through mobile devices and simplifying distribution.
5. **Cards, stickers, and posters featuring the QR code were printed**, ensuring that the charity's outreach materials are clear, professional, and easy to use.
6. **A portion of these printed materials was distributed to selected mosques**

These steps collectively strengthened TEIR's ability to reach wider audiences while maintaining a low-cost, high-impact model.

Use of Funds

In accordance with the Trustees' decision, available funds were used to support the following essential activities:

- **Website hosting and maintenance**, ensuring the TEIR platform remains stable, secure, and accessible.
- **Printing of QR-based outreach stickers, and posters.**

There was no any general operational expenses, covering necessary administrative and logistical costs associated with the charity's work Incurred this year.

Forward Looking

As a result of several trustees experiencing significant increases in personal and professional commitments, reducing the time they can dedicate to the governance, oversight, and operational support required for TEIR's continued development, the trustees have instructed the chair to explore the possibility of a merger with a similar local charity that could guarantee:

- An increased community reach and impact
- Reduces duplication of effort
- Strengthens operational capacity
- Improves long-term sustainability
- Preserves and enhances TEIR's digital resource model

The Trustees emphasise that this exploration is being undertaken in the best interests of TEIR's beneficiaries and with a commitment to transparency, due diligence, and alignment with Charity Commission guidance. Also the board will assess the potential merger carefully to ensure that any integration would strengthen, rather than diminish, the work TEIR was established to deliver and will report any decisions or activities in this regard.

The Effective Islamic Reach

Trustee Report for the period ending 31/01/2024

After the Trustees' decision last year, all the following were accomplished:

1. Electronic resources were used as the content of the site.
2. Designed the TEIR site as a resource site and a distribution hub.
3. Uploaded the content to the site.
4. Developed QR based links for the resources on the site.
5. Developed Cards, Stickers and posters with the QR codes.
6. Printed and distributed some of them to some mosques.

Available funds were decided to be used for the hosting, printing and to cover other expenses.

The Effective Islamic Reach

Trustee Report for the period ending 31/01/2023

Trustees reviewed and followed up with the charity's work based on progress made about the task assigned for further research.

After researching the possible technological ways, the following was decided:

1. Using the already collected content of the electronic resources.
2. Designing the TEIR site as a resource site and a distribution hub.
3. Uploading the content to the site.
4. Developing QR based links for the resources on the site.
5. Developing Cards, Stickers and posters with those QR codes.
6. Printing and distributing them to the public.

It was also decided to restart fundraising to be able to cover the expenses.

The Effective Islamic Reach

Trustee Report for the period ending 31/01/2022

Trustees reviewed the charity's work based on post Covid 19 effect such as lack of fundraising and limited progress that was made.

They revisited previous decisions and decided to think of a way to revolutionise the poor state of fundraising in order to achieve this charity's needs. It was suggested negotiating with some mosques or supplying them TEIR's electronic material devices in exchange for allowing fundraising opportunity.

They applauded the progress that was made on the content of the electronic resources but postponed its production as its cost is too high and handing literature directly to the public post covid needs to be reviewed.

The chair was asked to look at if there are other technological possible ways such as distributing it electronically via the website.

The Effective Islamic Reach

Trustee Report for the period ending 31/01/2021

Trustees, as everyone else in the country faced the effect of Covid19 and the subsequent lockdown, and hence:

- 1- There were no any fundraisings made.
- 2- Some progress was made on the content of the electronic resources which were to be produced by the end of April and its deadline was postponed.

The next goal of the organisation is still to finalise the needed Islamic resources, ordering of TEIR's first electronic material and start distributing it to our customers. Reviewing this and taking the new Covid19 situation on board is also discussed and some changes could be made to the plan.
