

AMMANFORD TOWN BOWLING

Trustee Annual Report 2022

As a charity we are committed to continue to promote the game of bowls for males/females of all ages thus keeping them fit and healthy. For this purpose we need a good bowling green surface. We purchased some long overdue equipment I e, a precision mower and a liquid sprayer, so that our small crew of volunteers can carry out the necessary work all year round. We also carried out some essential pavilion and foot paths maintenance. This outlay on top of the regular overheads such as insurance and electricity, has made 2022 an expensive year, however it is hoped that these investments will attract more paying members in the coming years.
