The Foundation operates the VAR residency programme for international artists. Each year it selects one or more artists for the programme allowing them to grow and develop their practice while living and working within the local community in Citta della Pieve, Italy

In addition to its Trustees, the Foundation relies on an Advisory and Mentoring Circle and its Curators, Tamar and Eli Zagury, to select artists for the VAR programme.

The Circle is comprised of arts professionals – including curators, collectors, artists and gallery owners. These experts are champions of emerging artists in their professional lives - discovering and launching the careers of international contemporary artists. Over the years, they have assisted the Foundation in developing specific and objective selection criteria which are applied each year in identifying candidates for the residency programme.

The Foundation follows a robust annual selection and approval procedure for artist residencies:

- 1) The Circle identifies a pool of candidates for the year's residency programme.
- 2) The Foundation sends invitations to candidates to submit proposals for the residency.
- 3) The Foundation's curators review candidate proposals and make final recommendations to the Trustees.
- 4) The Trustees review candidate proposals and the curators' recommendations.
- 5) There is final approval by the Trustees of successful candidates.

Summary of the objects of the charity set out in its governing document

- To promote the arts through cultural exchange and the development of artists to allow them to pursue their training and education through amongst other things an artist's residency program in Italy.
- To advance education, knowledge and appreciation of the arts, including but not limited to painting, sculpture, performance art and digital and video installations, amongst the general public by public exhibition of art in the United Kingdom, Italy or elsewhere.
- To promote public health and wellbeing of the public anywhere in the world by supporting scientific research into the causes and cures of disease, as the trustees see fit.
- To promote educational initiatives anywhere in the world aimed at improving and rebuilding lives through the development of learning and skills, as the trustees see fit.
- To advance such exclusively charitable purposes for the public benefit in any part of the world as the trustees in their absolute discretion think fit, in particular for the advancement of arts and culture, health and education.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Trustees are always mindful of the Charity Commission's guidance on public benefit in planning the Foundation's activities each year. The Foundation's stated objectives inform its work programme and decision-making in respect of activities described below.

During 2020, the Foundation's fourth year of operation, it was unable to grant any residencies because of the global pandemic and resulting restrictions on movement and travel. Once borders open again, and artists can travel to Italy, move freely and enjoy the full benefits of a VAR residency, the Foundation will resume its programme.

Citta della Pieve and the surrounding areas are already known for staging a local music festival and there is a great desire to continue to build the regional profile as a destination for enjoying the Arts. As before there will be a focus on providing an opportunity to exceptional international artists to collaborate with artisans and reach out into the local village and surrounding communities.

The public benefitted by the Foundation's activities also includes a designated group – namely the artists who are selected for the Foundation's residency programme in accordance with the selection procedure outlined above. The criteria - that have been developed with the assistance of the Circle - include a demonstrated ability to communicate and engage with the local community, and a willingness to interact and contribute to it – as well as a desire to engage with the broader global artistic community through their own and the Foundation's social media networks and websites.

The artists receive no direct commercial benefit from their participation in the residency programme, and indeed must commit to reimbursing all or a proportion of the costs of the residency (depending on their financial ability) to the Foundation, in order to ensure the residency programme's continuing viability.

Looking out into the future, once it is able, the Foundation plans to continue its residency programme- and stage a special exhibit of artworks created by previous resident artists. It monitors the progress of these past residents and continues to provide input and career guidance to them. It looks for opportunities to introduce their work to the Art world – including curators and gallery owners - whenever possible. It also provides any support VAR artists require when applying for other residencies or competitions. Finally, it aims to find ways to include their works in exhibits at galleries and museums as determined by the Foundation and its resident artists, including in Italy, the UK and/or the home country of the artist.

Summary of the main achievements of the charity during the year

As noted above, during the year the Foundation was unable to grant any residencies to new artists due to the global pandemic. However, it remained in touch with its resident artists from previous years. In 2020, the Foundation continued to monitor progress and support the careers of its VAR alumni in any way possible during this extremely difficult period.

The Curators and Trustees also progressed the Foundation's search for new residency candidates with the assistance of the Circle. It has a strong pool of potential candidates waiting for its residency programme to re-open, and will endeavour to start the programme again as soon as it is able in 2021/2022.

Section E Financial review

Brief statement of the charity's policy on reserves

The Foundation's policy is always to maintain sufficient funds to finance at least two residencies each year. To supplement private donations, it does this by requiring each of its resident artists to agree that it is entitled to seek reimbursement of the costs of the residency, either in cash or by providing it with selected works of art for sale by the Foundation.

Details of any funds materially in deficit

No funds were materially in deficit.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

During 2020 the ongoing expenses of the Foundation were met by cash in the Foundation's bank accounts.
