Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The promotion of community participation in healthy recreation in particular by the provision of facilities, coaching, competitions and similar activities for the playing of amateur Rugby Union at schools, universities, colleges and clubs within Greater Manchester.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The last two years has been challenging due to COVID and made it difficult to deliver as much activity as we would have liked. However, the full effect of MRUDG's work can clearly be seen across Adult teams in Manchester's clubs with a number of players who would not have accessed the game normally playing at Senior level across all teams in clubs.

MRUDG has continued with it's more targeted approach within schools. COVID made it extremely difficult until recently to engage in much Face to Face delivery. However, schools are starting to be more receptive to allowing outside organisations to deliver in Curriculum time.

The charity continues to be engaged in the delivery of the city council's Holiday programme as well as being involved in local community events e.g. The Wythenshawe Games.

The charity also worked with the council's sport and leisure team to help deliver their new Active Streets programme. This programme has been expanded due to it's popularity and provides children with an early insight in to the sport.

The Charity over the last 12 months has delivered on the Manchester Holiday Activity programme which provides activity as well as a nutritious meal as the target audience is those children who are on Free School meals and from Vulnerable families. It is a useful addition to the Charity's work in that it is helping to address the issue of Child/Hunger/Poverty which is high on the Government's agenda.

Public benefit

The trustees confirm that they have referred to the Charity Commission's general guidance on public benefit when reviewing the aims and objectives and when planning future activities.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

Rugby has continued to be delivered in School's through the partnership between the Charity and the Rugby Football Union, this will continue for the foreseeable future with more of an emphasis on transitioning players into clubs as opposed to blanket delivery.

The Charity continues to provide support Wythenshawe Community Rugby Union Football Club. Over the last 12 months work has been ongoing to find a more permanent home for the club, positive discussions have taken place with a local football club and MCC's parks department and there is agreement to locate the club at Painswick Park in Wythenshawe with two pitches.

As a result of the charity's work there has been a growth of the number of teams at clubs in Manchester, this is contrary to the national trend for participation in team sports.

Through funding received from Sport England's This Girl Can project the charity has worked with clubs to grow the Women and Girls game in the city. The impact has been significant with two new junior teams at one club.
