Amber. Rags to Riches Dog of the Year.

Amber came to the UK and was fostered for a short while by Liz until she was adopted by Karen. To quote Karen “Amber just wanted to be loved, belong and matter. In the short time we had her she blossomed and lapped up all the love, care and attention. She was the happiest dog I have ever known, after what must have been a lifetime of pain and suffering.” Sadly after six short months she developed internal complications and they had to let her go.

Rags to Riches wanted to honour this beautiful girl, who although was only here a short time was so loved.

Chair and Trustee Report

2024-25 has been another good year for Rags to Riches.

We have had some beautiful dogs brought in over the year who have gone on to wonderful homes. Our first 'Rommie' to be registered with the Kennel Club 'Rags to Riches Ragabond' or Thornton as he is known at home is a very successful agility dog. We are so proud of both Lynn & Thornton. Lynn has recently become a Trustee and will be a wonderful asset to the team, having already organised a night out with band in Northallerton which was a great success., and has lots more ideas.

Dawn continues to raise lots of money through the pre-loved sales with her large band of volunteers. Other fundraisers help to bring in well needed funds. Many are for specific dogs, food for public shelters and even to repair vehicles the rescuers in Romania cannot do without.

Our dog show this year was in Settrington and we hope to use these premises on a regular basis.

New regulations are being brought in October 2025 in around Brucellosis testing for imported dogs. Whist we do not have full details yet; this can only continue to make it harder to import dogs from Romania.

Costs have yet again risen, especially transport which we have had some difficulties with but are now settled with a new company.

Our future plans are to continue to support Valcea and Birda as well as other rescues who may have emergencies, individual dogs needing help, helping mainly with food veterinary bills. We also will continue to look for more fosterers to allow us to bring over more dogs.

Rags to Riches Romanian Dog Rescue

We sincerely thank everyone for their support including those who wish to stay anonymous. While we can't mention everyone individually, we truly appreciate all the help and apologise for any omissions.

The rescuers in Romania who are true angels they continue to work tirelessly helping the dogs on the streets and in the public shelters in particular we would like to thank volunteers Florentina Cioaca and Nicoleta Stefanescu in Valcea (Saving Valcea's Dogs), Carmen Borka - Stanescu in Birda Timisoara (Angels 4 Animals rescue) and all the tireless rescuers helping desperate dogs in Romanian.

To all our volunteers, who have helped with our fundraising events in the last year, in particular Dawn and her wonderful team for putting on the clothes shows.

To all our fantastic supporters who have donated prizes, taken up subscriptions, donated money, sold raffle tickets, and taken part in our fundraising activities online.

To the transport companies who deliver our dogs safely from Romania.

To our fosterers who work tirelessly with the foster dogs, with love, care and patience to ensure they have a happy life ahead of them.

To the adopters of our dogs who give them a loving lifelong home.

The Joys of Fostering

By Jane Stacey

I started fostering rescue dogs for a small but wonderful charity they are a great bunch, not sure what they saw in me, but they also asked me to be a trustee, I was honoured they had that much faith in me.

This post is for them, just a little tongue in cheek observation of life in a rescue organisation and is aimed at no one and as always huge thanks to our supporters and wonderful adopters that I have personally encountered this year, a bit of a long one but hopefully thought provoking for some. Just some of my personal favourites.

“I see you have XYZ dog for adoption what breed is it?” Me frantically looking at the blurb I put on fb, yep definitely put mixed breed, note to self maybe a longer explanation is required. When the stray dog population runs rampant, there is a lot of jiggy jiggy resulting in a wonderful mixture I like to call Romanian special breed, does that help?

Message: ‘Can you tell me a bit more about XYZ dog’ end of message. Thinking cap on with this one, ‘They are wonderful, is that what you wanted to know’?

‘What is XYZ dog like with children?’ Me. ‘well they can’t eat a whole one, is that what you wanted to know’? No Jane you can’t put that!

Sensible answer required, what are your kids like with dogs? You do know as adults it is your responsibility to police the introduction and their behaviour towards the doggy. Believe me if one of our Rommies has a particular dislike to the little cherubs they won’t be homed with children and we will say so in the ad.

What is XYZ like with cats, I refer you to the answer above, just insert the word cat

instead of children.

'I know you said that the XYZ dog needs to be homed with adults only do you make exceptions? My children aged 2, 4 and 8 are lovely.' My response, 'Of course we can, we just put that in the ad for our own amusement'!

Home trials: 'XYZ dog has been here 23 minutes and she doesn't get on with my little precious, she was only being friendly when she jumped up and down on top of her wanting to play, what is the problem with XYZ dog.' Me, did you by any chance read the behaviour assessment I lovingly spent 2 hours writing and the other articles I got for you all lovingly put together in that little pack I gave you on adoption day and did you by any chance listen to the conversations we had about settling in? 'Oh you mean the paperwork, I put that in the drawer'

'XYZ dog has been here 3 days and I don't think they like me, they won't come and sleep with me on my bed, sorry they will have to come back' (true story) I also refer you to above answer.

'Will I have to travel to you to meet the dog? Do you do deliveries, you are 2 hours away from me, that is too far for me to come.'

Me: 'No that is absolutely fine, I will do all the running about and accommodate your needs in every way, I have absolutely nothing else to do, I will put my life, job and dogs on hold whilst I sort you out' Obviously in the ad I kept it a huge secret where the dog was being fostered.

'How much is the adoption fee?' 'I don't mind giving a donation but that is too much, you are lucky this dog is being offered a home.'

Me. 'That is absolutely fine, the transporters, vets and rescuers all work for shirt buttons and we are truly grateful that the £50 you are offering is considered more than enough'

Thank you for reading until the end and to all those involved in this sometimes-thankless job, you have my absolute admiration that you keep going.

My first 12 months with R2R (of hopefully many)!

By Louise Bermingham

In the beginning.....

11 October 2024. I remember this day clearly – standing in the queue for the bar at South Wales Champ Show and who should be standing behind me? Liz Jay. I've known Liz's face for nearly as many years as I've been showing. We exchanged news whilst we waited, and I learned that her beautiful Rommie – Rafaella had passed away suddenly. We exchanged much needed hugs and continued our day. Little did I (or for that matter Liz), know what was to come.

Just two weeks later, I lost a beautiful girl of my own. Both I and my Estrela – Rainha were bereft. I remembered my conversation at the bar with Liz and my increasing desire over the past few years to offer a home to a dog who needed it - whether that be by foster or adoption. I'd trained and handled dogs for years – it was my turn to 'help'.

4 December 2025. To be precise. 1.26pm.

I jest not. I remember the very minute. I was at work, waiting for a meeting to start at 1.30, scrolling through Facebook to pass the time. The most beautiful image hit me - a young bitch in Ecosal public shelter in Romania. In that split second, I knew she belonged with me. And I would do whatever I needed to, to get her. I've never been so distracted in a meeting in my life! (and yes, I was late to it).

Knowing what I know now, it was possibly a bit daft falling in love with a dog in a foreign public shelter. I had no knowledge of how to get her out of there; how to get her to the UK; or any knowledge or understanding of the absolute horrors that she would have been exposed to and the extensive care and rehabilitation that would be needed.

Would I do it again? Of course I would.

Ella arrived in the UK on the 13 January 2025. It was icy cold and she was carried into my home in the arms of a lovely Romanian lady and driver. She had a warm bed and segregated area in my kitchen set aside. She literally crawled into her bed and barely moved for two days. Frightened and bewildered I cannot imagine what must have been going through her mind. I just sat with her. Talked to her. Didn't fuss her much and didn't push her at all. In time, she explored the house and garden. I figured

very quickly that my dog-proof garden was not Ella proof and I had to raise the fence. Ella slowly got used to the noises of the washing machine, the TV, (still doesn't like the Hoover), and other noises and occurrences in the home that we take for granted. She needed to be

Rags to Riches Romanian Dog Rescue

walked on a harness as had a very negative reaction to a collar – probably because she was snared in Romania at some point. She is now at a point that she can wear a collar, but I would never rely solely on this. I've learned she has many deep-rooted negative memories and I simply manage our lives with, and around them. She is frightened of people, and no amount of coaxing will convince her otherwise. But – instead of viewing as a negative, I

thank my lucky stars that we are honoured that she loves us, and we are some of the very chosen few humans she permits in her life. She now sleeps every night on my bed with me, has a best friend in Rainha, spends more of her life upside down than on her feet and loves no food better than crunchy wotsits.

Without the support of R2R and the amazing people within it, I quite simply couldn't have got Ella to the UK. But R2R are just some of the equation that enable us help the dogs. There are numerous rescuers in Romania who literally devote their entire waking hours lives to physically helping 'nobody's dogs'. People in other countries who spend endless hours on the internet – raising the profile of 'nobody's dogs' so that people like you and I can see them. That's how I found Ella – through a lady called Nina who actually lives in Norway! These people are all amazing, completely selfless, and I wanted to emulate some of that.

Springtime 2025.... What more can I do?

I asked this question of Liz. I wanted to help more dogs. So what was my first job? Judge the annual R2R dog show!

I judge at shows regularly but have never been more nervous of a judging appointment in my life! This was something special. 8 classes of truly special dogs and people. The sun shone, venue excellent, some fab stalls – all there to raise money for the cause. First class up were the youngsters, followed by golden oldies, little cuties, gentle giants, the list goes on. The most coveted class and most memorable for me, was the Rescue class. I stood in the middle of that ring

surrounded by 28 amazing and totally unique dogs and their humans. I'm not ashamed to admit I shed a few tears. I was truly overwhelmed. I listened to everyone's stories of how their much loved dogs came to be with them. They were all winners.

I talked that long the weather decided it had had enough and within minutes of awarding Best In Show to the lovely Sadie – the heavens opened. The whole day was amazing and raised some much needed funds for R2R.

Rags to Riches Romanian Dog Rescue

Another step....

I took in my first R2R foster in August. Noah immediately made himself at home within minutes - a totally different experience to when Ella arrived. He was full of personality and made friends with Rainha immediately. Ella took a little longer to accept him but once she did, I honestly feel she turned another corner in her own development. It was like she realised she wasn't the 'newbie' anymore and had a responsibility to show him the ropes. I warmed to Noah immediately. I really had to prepare myself emotionally for the difference between fostering and adopting – the thing I kept saying to myself, was if he stayed with me, it may limit my ability to foster more. I found him an excellent home..... With my Mum! He now lives with an Estrela and a Podengo and I really don't think he could be happier.

I felt so so elated! I done it. I'd actually fostered a dog in need and found it a home. The personal satisfaction was immense. It was a wrench letting him go but I still see him most days and he always walks into my home like he owns it.

Belle arrived in November. A little terrier type who felt the cold, she had come across with Labus who was fostered with Liz. I followed their entire journey practically minute by minute from the moment they left Romania.

Not sure I slept for three days.

Belle truly wiggled her way into our lives and Rainha in particular, adored her. The sight of seeing them snuggling together each night in bed whilst Rainha washed Belle's head really made me wonder if she should stay. But seeing the joy she has brought to her new family – Paul, Ann and Amy (another R2R success story of her own) convinced me that it was the right thing to do. Belle and Amy are the best of friends, and I understand that Amy is much happier since Belle's arrival.

So, what next?

I'm hoping to have another R2R foster arriving next month. This one I've chosen myself (oops) and I've already fallen in love (double oops). But let's see. The future isn't written and I'm a true believer in fate. They will have an amazing home – and it will be a far cry from where they currently are, whether that be with me or a different loving family.

Having a Rommie in my life is different to my other dogs. I'm protective of Ella and my fosters in such a fierce, passionate way. I want to keep them safe from any more harm and would literally walk over hot coals to do so. I've learned many lessons over the past 12 months, met some wonderful people and felt emotionally enriched in ways I never thought possible. I've shed tears of sorrow, of joy, I've changed the charities that I make regular donations to, and 'educated' my work colleagues and friends, who probably know more about Rommies than they ever expected or wanted to know. The situation in Romania truly is dire, but without people like you and me, the situation would be worse.

Changing the life of one dog won't change the world. But it will change that one dog's world forever 😊

The Great North Run 2024

We are pleased to announce that our dedicated team of runners, Julia, David, Emma and Katie completed the Great North Run and made nearly £900 in September 2024.

The Great North Run is a half marathon, measuring 13.1 miles (21.1 kilometres) long and is the largest half marathon in the world, taking place annually in Northeast England each September.

The commitment and effort required to not only run the marathon but to prepare for an event of this nature is substantial and takes months of hard work and we would like to thank the team for all their wonderful dedication to Rags to Riches. In the knowledge that the money they have raised goes to saving and improving the lives of dogs in Romania.

Welcoming your new arrival.

By Pauline Carruthers

Rags to Riches usually fosters dogs arriving from Romania for a 2 weeks with a minimum of 48 hours in certain circumstances. This gives us a short time to assess each dog and hopefully match up the adoptees and dogs best suited to enable the best happiest life together. But it is not definitive assessment. Two weeks is not always long enough, and we will keep a dog longer. (as well as become failed fosterers at times). We work with the dog's needs and adoptees need to do the same, based on the full written assessment you will receive from the fosterer. This article could be ten times longer so if you need help, support or advice, please get in touch with your fosterer or Rags to Riches via our Facebook group, or email r2rrr@outlook.com. The following applies to fosterers and adopters.

First impressions aren't reliable—overwhelm can mask true behaviour. Give your new dog time, patience and a safe quiet place. Don't take him to the nearest pub on your way home, this happened, they let the dog off the lead in the pub, and of all people to choose it bite my husband. (only a scratch). The dog was scared and confused, didn't know anyone and was trying to protect itself.

What to do instead: Use management tools from the start to ensure safety while your dog adjusts. Don't assume too much, plan with caution.

Make Safety Your Top Priority

They don't know you. They have travelled across Europe for days in a small crate. Most of them have an only little or an unknown history. They have learnt a little trust with their fosterer, then been uprooted again. Fearful dogs can escape quickly, often within 48 hours, using any gap or weak spot. They may go over or under fences or slip through doors and gates in moments. It's surprising, my last little dog Sammy managed to get through a very small (maybe 3"/4" gap in criss cross fence into the field behind us. Fortunately, he doesn't like big open spaces and ran straight back to us, it could have been a disaster. The fence was replaced the next day. Another dog I fostered spent hours lying down and checking if she could get her head under the gates, fences right around the garden, she couldn't but she would have gone if she could have.

Rags to Riches Romanian Dog Rescue

Ensure your home and garden are fully secure by checking:

- Fence gaps
- Loose panels
- Open windows
- Doors/gates that don't latch
- Gaps under gates and fences
- Weak points a stressed dog might target
- Places where other people can enter.

Treat your environment like you're welcoming a highly skilled escape artist - because you might well be.

Give Time & Space to Settle and Decompress

In the first few days, your new arrival needs:

- A quiet, safe space away from busy areas
- No visitors, training, or big outings
- Minimal pressure
- Clear boundaries and management
- Plenty of rest

This decompression period is crucial for them to adjust to their new environment, process new stimuli, and start feeling secure with you and your family.

Space Management in the Home

It's important to have a plan for creating safe spaces if your new pet feels overwhelmed, especially if there are children or other animals at home. Tools like baby gates, crates (some dogs are not comfortable with crates, (I offer a crate with its door open and a blanket over the top ((as sometimes it feels safe for them))), as well as a comfy dog bed). pens, separate rooms with doors, or room dividers can help prevent problems and offer a quiet place for your newcomer to relax.

Even confident dogs can get stressed, and those who seem withdrawn might suddenly react if they feel threatened, crowded, or startled. While you may not always need a separate area, it's wise to have one available so your new dog can rest undisturbed—they'll likely be very tired.

Rags to Riches Romanian Dog Rescue

If you have children or other pets: Setting up this kind of management isn't just recommended—it's necessary. It helps keep everyone safe while your new dog settles in.

Feed Little and Often

The sudden lifestyle change and travel can upset digestion. Offering small, frequent meals reduces digestive stress, lowers the risk of issues, supports recovery, and helps promote relaxation and sleep by keeping pets satisfied. I personally feed my dogs raw three times a day (but they are very little) Chicken can be gentle on their tummy, if you prefer cooked food chicken (no bones of course) with some rice that will do. Start any other food gradually. Be advised by your fosterer who will give you some of the food they have been having while in foster care.

Behaviour is Information & Communication

A dog's initial behaviour may not reflect their true nature—signs like growling or guarding can indicate stress, or anxiety, while calmness might mean they are shut down. Recognising these signals allows for empathetic responses, as behaviour is a dog's way of communicating their feelings.

Not All Dogs Want Immediate Affection

Physical touch is personal for dogs, just as it is for people. Many dogs—especially those from overseas rescues who may have lacked positive human contact—need time before accepting touch. Unless a dog clearly seeks interaction, give them space to adapt.

They will let you know when they're ready for tickles.

Each dog adjusts at their own pace. Some settle quickly; others may need much longer. Whether a dog arrives fearful, confident, or eager, there's no universal timeline.

Focus on your dog's individual needs. (for adopters, please read the fosters assessment)

Patience Prevents Problems.

Adopting an overseas rescue dog is about laying solid, safe foundations—not busy activity from the beginning.

Keep it quiet, predictable, and low-pressure to start

Ninth Annual Report Overview

The present document marks the ninth annual report of Rags to Riches since its registration as a charity. Our financial activities throughout the year have been subject to a thorough review by an independent examiner. The examiner's report highlights that, there are two missing receipts, which on reflection are for donations sent without specific reason (just to help). Otherwise, the examiner is quite satisfied. This reflects our ongoing commitment to maintaining clear and reliable financial records, while also acknowledging the occasional practical difficulties in securing documentation for certain transactions.

Transparency and Receipts

Obtaining receipts for donations, particularly when supporting other volunteers across Romania, has historically been a challenge. While this remains an occasional difficulty, there has been a notable improvement in the situation, and it is becoming easier to secure the necessary documentation.

Nevertheless, we maintain full transparency in our financial processes. All monetary transactions can be traced via our bank statements or PayPal records, ensuring clear accountability. These funds are always utilised for their intended purposes, as has been confirmed by the independent examiner.

Transport Costs and Donations

Transport costs have continued to rise this year because of the ongoing fuel crisis. Despite these increased expenses, we have primarily utilised the services of a single transport company, with whom we are extremely satisfied. Their reliability and service quality have been instrumental in ensuring the smooth relocation of animals to their new homes.

The adoption donation remains set at £400 per adoption, which helps to offset some of these rising costs. However, considering the current financial pressures, we may need to review this amount in the future to ensure the sustainability of our operations.

Subscriptions

Subscription income continues to average around £250 per month, though there can be fluctuations from month to month. We recognise the importance of these regular contributions and are keen to encourage more of our supporters to subscribe, as this consistent support greatly aids our planning and ongoing efforts.

Trustees, Volunteers, and Supporters

All trustees and volunteers involved with Rags to Riches dedicate their time and efforts without any

Rags to Riches Romanian Dog Rescue

financial compensation. The charity continues to benefit from the generosity of its supporters and members, who have been particularly responsive during emergency situations. Their ongoing commitment is greatly appreciated and remains vital to the charity's success.

Looking Ahead

As we look forward to the coming year, we anticipate welcoming new dogs into our care, as well as inviting new members and supporters to join our community. The continued involvement of our supporters is essential to achieving our mission and sustaining our efforts.

Financial Overview

At the beginning of the financial year, Rags to Riches held a balance of £14,599 by the end of the year, this figure stood at £16,770, reflecting careful and consistent financial management throughout the period.

Income and Expenditure

The charity's annual income was £15,565, with outgoings of £12,193, showing less than the previous year for both figures but still a steady fundraising and spending that support its stability. Fundraising and donations are frequently difficult to divide as often we receive monies unmarked, so a bit of guess work must be used. The same happens with subscriptions.

Chair and Trustee Report

2023-2024 has been a bumper year for Rags to Riches, a welcome change from the last few years. We have brought a satisfying number of dogs over for fostering and adoption with wonderful results. This has mainly been due to Jane Stacey (Trustee and official importer for Rags to Riches) visiting Birda regularly in Romania she has been able to herself assess and bring over suitable dogs, added to this due to the increasing number puppies born in dire circumstances Jane has fostered litters of puppies, no mean feat with them being over 16 weeks at the teenager stage. Our other fosterers have had their fair share of foster dogs too, so a meaningful and satisfying year with so many dogs now having happy futures.

Brucellosis has been a problem for some rescues. To date Rags to Riches hasn't encountered problems. Please see article on page 11

Future Plans

Continued support to Valcea and Birda rescues with food, vets' bills and any other emergencies where we can. Fund other rescuers and individual dogs where necessary.

We will look for further fundraising opportunities as well as look to increase our fosterers to enable us to transport more dogs.

As in every year there are many individuals, groups and organizations who we would like to thank - including those who wish to remain anonymous! We truly are appreciative of all the help offered and if we fail to mention anyone, then apologies are extended now...

So, a big thank you:

To all the rescuers in Romania who continue to work tirelessly helping the dogs on the streets and in the public shelters in particular the volunteers Florentina Cioaca and Nicoleta Stefanescu in Valcea (Saving Valcea's Dogs), Carmen Borka - Stanescu in Birda Timisoara (Angels 4 Animals rescue) and all the tireless rescuers helping desperate dogs in Romanian

To all our volunteers, who have helped with our fundraising events in the last year, in particular Dawn and her wonderful team for putting on the clothes shows.

To all our fantastic supporters who have donated prizes, taken up subscriptions, donated money, sold raffle tickets, and taken part in our fundraising activities online.

To the transport companies who deliver our dogs safely from Romania.

To our fosterers who work tirelessly with the foster dogs, with love, care and patience to ensure they have a happy life ahead of them.

To the adopters of our dogs who give them a loving lifelong home.

July 21st 2018. Just one day in the life of Rags to Riches that changed the lives of so many humans and dogs.

July 21st 2018 Liz and Pauline went to Wetherby to collect five dogs from the Happy Bus. These were Kylie (now Leicester), Bizzy, Rachel and Sara. This was quite a feat and they drove back with a stinky car and four scared, very quiet, tired dogs.

Bizzy and Sara stayed for the weekend with Pauline, then went up to Lisa, well actually Pauline brought Bizzy back home as she had fallen in love with her and now in her teens is still living her best life. Shortest foster dog Lisa had, five minutes tops. Sara stayed a while with Lisa and was adopted by Graham and Emma Simm and became best friends with Foxy (another Rags to Riches dog) and now travels Europe on holiday. Rachel and Leicester were fostered by Liz. Rachel was adopted by Dawns mum and had a wonderful life with her, sadly she passed away recently. Leicester? well see his adopted mum's comments below.

Sue Long. Leicester

“Leicester (Kylie on her passport) came into our lives a year after my husband Dave died after 43 years of marriage. My daughter and grandchildren renamed her Leicester after my husband’s long support of the football club! Then three years later my daughter died suddenly a shock to all and Leicester has helped us all especially my son in law he says she saved his life! Leicester hasn’t always been easy as she can be very reactive, but I acquired a puppy called Milly last year and Leicester now has great fun playing in the garden with her and is happier having a friend.”

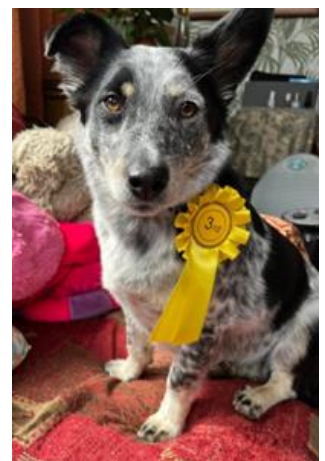

Four dogs taken from a terrible life and futures and given wonderful homes. They changed the lives of their new people for the better too.

JUST ONE DAY IN THE LIFE OF RAGS TO RICHES

Daisy

Yet another rescue who has changed the lives of so many lives

Daisy came to us in lockdown quite by chance. I saw a photo of her on a local facebook group for dog owners. Someone had shared her Rags to Riches post. I made enquiries but didn't hold out much hope. We'd lost our 13.5 year-old cocker spaniel a few months earlier and I'd been trying to adopt a dog unsuccessfully ever since, along with all the other hundreds of people doing the same in lockdown. I'd tried all the usual agencies and surrounding rehoming centres, even another Romanian rescue site with no joy. It seemed that my 90 year-old mum was the stumbling block and we weren't allowed to rehome a dog because she was living with us. Luckily, Liz didn't see this as a problem and we passed the home check and were allowed to adopt Daisy (previously named Fleck). We drove all the way from Hertfordshire to York and back in a day to collect her, because the restrictions meant we couldn't stay over anywhere. Daisy took a while to settle in but soon adjusted to life with the Troddens, my mum and our cat. We soon realised that she was simply the best dog. We could take her anywhere, she was so well behaved. She would just curl up under the table at the local pub and we took her away on holiday with us. We could never do that with our previous dog, Bertie, because he would howl and bark all the time. Daisy, in contrast, made no noise. I only wish we'd had her earlier when our girls were young because she'd have been perfect to take on family holidays. However, Daisy isn't always quiet and likes to scare people as they walk along the pavement by our house. I do so wish I could see them jump out of their skins! She's also my furry alarm clock as she wakes me every morning wanting her breakfast. Then at 4pm I get 'the stare' for her dinner. I really don't know how she does it. It's like she can tell the time! And she loves her walkies. We do lots of short-medium walks with her. This is because we discovered she'd suffered a broken back leg when she was a puppy, which had set itself in an adequate but not good position. Maybe that's why she ended up on the rubbish tip, poor baby. She also has hip dysplasia on the other side so we have to be careful with her. She never steals food - always waits to be told she can have something. She sits on her haunches and puts on her best cute face for treats. She is rather spoilt and has the run of the house. At nighttime she spends time in each bedroom, I think to make sure we're all safe. Believe it or not, she's 25% German Shepherd - we had her DNA tested just for fun, and she has over 20 different breeds in her. She's definitely one of a kind, and we love her to bits. We're so thankful to R2R for bringing her to the UK and entrusting her to us. Thank you!

Canine Brucellosis

There has recently been a lot on social media about Brucellosis. A number of vets are insisting that imported dogs are tested for brucellosis, and many charging fees for the tests up to ten times plus the cost that other vets are charging. Along with this the information given out by many vets and veterinary nurses is frightening and untrue, some are refusing to treat dogs, or will only treat dogs out of hours with full PPE(Personal protection equipment),.

Scary stories from vets and nurses include, pregnant women and children shouldn't be near imported untested dogs, all other household dogs are at risk, dogs testing positive should be put down, dogs testing positive should be isolated for life and not leave the home. The lack of knowledge in some veterinary practices is worrisome to say the least. Yes some dogs do test positive but it is a very low figure, in 2023 out of over 70,000 imported dogs (not all rescues, some pedigree and some smuggled here) 93 tested positive. In the period 2020 to 2023 2 humans tested positive, with no reports of human-to-human contact.

In point of fact Brucellosis is in the UK population of dogs already. Guide dogs for the blind had two dogs test positive, no link could be found to foreign dogs! DEFRA lost track of a litter of puppies BRED IN Wales that were all positive, which is quite shocking. Yet UK dogs are not tested ?

The Facts

UK Health Security Agency (UKHSA) and Human Animal Infections and Risk Surveillance (HAIRS) have stated The probability of human infection with B. canis in the general UK population is considered Very Low.

The probability of infection for individuals with greater likelihood of exposure to Brucellosis. Canis infected dogs or contaminated materials (for example dog breeders, kennel, veterinary and laboratory staff and owners of infected dogs, especially those which are breeding or birthing) would be considered Low.

Rags to Riches Romanian Dog Rescue

Taking into consideration the dogs Rags to Riches and many other rescues test (SNAP test) the dogs for brucellosis prior to coming to the UK. All our dogs except puppies under 6 months are spayed/neutered, therefore none of the dogs are used for breeding etc.. The risk (or lack of it) is not an issue.

If you encounter a veterinary practice that insists on testing, please do your homework first. There are many many, veterinary practices that are rescue friendly and to that end a wonderful informative place to start is the Facebook page below. They have Lists of friendly vets practices and a wealth of information. If the boat is stable, don't rock it!

This poem is dedicated to the wonderful rescuers in Romania

Once I was a lonely dog, just looking for a home.

I had no place to go, No one to call my own.

I wandered up & down the streets, In rain, in heat & snow.

I ate whatever I could find, I was always on the go.

My skin would itch, my feet were sore, my body ached with pain.

And no one stopped to give a pat or gently say my name.

I never saw a loving glance, I was always on the run,

for people thought that hurting me really lots of fun.

And then one day I heard a voice, so gentle, kind and sweet

and arms so soft reached down to me and took me off my feet.

“No one again will hurt you” was whispered in my ear.

“You’ll have a home to call your own where you know no fear.”

You’ll be dry, you will be warm. You’ll have enough to eat.

And rest assured that when you sleep, your dreams will all be sweet.

I was afraid I must admit, I’ve lived so long in fear,

I can’t remember when I let a human come so near

And as she tended to my wounds and bathed and brushed my fur

she told me about the Rescue Group & what it meant to her.

Rags to Riches Romanian Dog Rescue

She said “we are a circle, a line that never ends,
and in the center there is you protected by new friends
and all around you are the ones that check the pounds,
and those who share their home after you have been found.

And all the other folk are searching near and far
to find a perfect home for you, where you can be a star.
There is a family that is waiting patiently,
and pretty soon we’ll find them, just you wait and see.

And then they’ll join our circle, they help to make it grow,
so there’ll be room for more like you, who have no place to go.
I waited very patiently. The days they came and went,
today’s the day I thought, my family will be sent.

Then just when I began to think it wasn’t meant to be
there were people standing there just gazing down at me.
I knew them in a heartbeat, I could tell they felt it too.
They said; “We’ve been waiting for a special dog like you”

Now every night I say a prayer to all the gods that be,
“Thank you for the life I live & all you’ve given me”
But most of all protect the dogs in the pound & on the street.
And send a Rescue Person to lift them off their feet.”

RAGS TO RICHES FUN DOG SHOW

After a couple of years in the doldrums our popular Annual Fun Dog Show returned to the R2R calendar. It took place this year on the afternoon of Sunday July 21st, moving away from our previous long standing August Bank Holiday Monday, which has been proving increasingly problematical for those who travel to take part as well as our team of helpers

We also moved away from the Shipton by Beningborough venue to the somewhat less pricey Settrington Village Hall, a little out of the way but has all the essentials of plenty of space, good kitchen and toilet facilities, car park and hard standing

Unfortunately picking a date to avoid clashes with other events proved very difficult, and the feedback tells us that there were several who would have liked to attend who were unable to make that date including a couple of our best helpers. However, our remaining small but hard-working team got stuck in with their usual gusto and the show finished as a success both in terms of entertainment value and as a fundraiser for which we have many to thank

Our lovely judge this year was Mrs. Ruth Sutcliffe and it's fair to say she threw herself into the task and gave the best of her time and attention to every dog and handler in every class, especially those who were a little timid and ring shy, so that everyone soon relaxed and enjoyed the experience. Our highly experienced ring steward Laura Jay kept the exhibitors in order and we found taking the class entries in advance rather than in the ring kept things flowing even more smoothly than usual, so this is a tactic we will carry forward to further shows

This time round we kept to eight classes and factored in a refreshments break, again something which worked well, as it meant people could tear themselves away from the ringside to sample the delicious refreshments and a cuppa from our kitchen stalwart Steve Panas. We were blessed with a day which was dry and sunny but not too warm, so absolutely perfect for the garden party atmosphere we all enjoyed

Our master fundraiser Dawn Jacques was kept busy with her new and preloved stall which proved an attraction worth repeating, since we all love a bargain, and our tombola queen Jane Stacey had visitors all afternoon once people discovered that every ticket won a prize! Well done to both these ladies for their hard work and to our Treasurer Pauline Carruthers, who sorted out the money side and also manned the information stand, fielding enquiries about Rags to Riches and how our aid has helped the dogs and their rescuers in Romania

Thanks to our generous sponsors we had prizes galore for our show winning dogs and gorgeous rosettes from our faithful supporter Dawn Cochrane of Myatoks Rosettes. I don't think I saw anyone go home empty handed

I have to finish with a big thanks to all the special people and their wonderful dogs who took part in our show. Not a growl or a grumble from anyone see you next time!

IN LOVING MEMORY

On 15th December 2023 we had to say goodbye to our amazing Romanian girl "Ginger" and she is so much missed

According to her passport she was around thirteen and a half years old when we lost her, just a month after her tenth Gotcha date. She had been very well and although beginning to look more matronly, with a less trim waistline and whitening muzzle, she had continued to be the same lively, noisy, BIG personality we had always known until a yelp and a limp led to the discovery of a suspicious lump which took us to the vet for investigation

It turned out that we were soon to lose her to a nasty lymphosarcoma and all the vet could offer was a few weeks of palliative care. As it happened, we had a good six weeks to spoil Ginger thoroughly and adjust to the idea of losing her

She was our first experience of a Romanian dog and very special. She came from the town of Petrosani and had spent a short period in a rather grim public shelter after being picked up by the dog catchers. We know little about her early life other than what she told us, and that was a load of fibs, about being a princess in Romania and having servants etc etc

We decided she had previously been a very successful street dog and lived by her wits, using her charm and good looks to make friends who supplied her with enough food to keep her going for those first years. She must have been a very pretty puppy with her dark expressive eyes, big upstanding ears, neat muzzle, dainty feet and fluffy red coat - she soon had us enchanted, and we loved her confident intelligent attitude. She certainly wasn't the timid little rescue dog we had expected but she was huge fun and willing to try her paw at any activity. She loved training classes and soon picked up the obedience tricks (not that she could EVER be described as an obedient dog) and had a crack at sheep herding too (not her cup of tea). She welcomed any opportunity to use her brain and to show off, and was a star at the fun dog shows. She even qualified for the Scruffts competition and thoroughly enjoyed staying in a posh hotel in London and being admired by lots of new friends

Ginger's charm was legendary but she was "a lot of dog", and her inability to absorb recall training meant that unfortunately she eventually could not be allowed off the lead except in the secure dog field, frustrating for such a sociable busy dog. Before then, she had a couple of times led us on a merry dance of Catch Me If You Can (up to four hours) and on one time returned home proudly carrying a large and very dead hare almost as big as herself

Once met, never forgotten - we were privileged to have her in our lives

R.I.P dear Princess Ginger Fox at Talraz

Rafaella

Ginger

Rags to Riches Romanian Dog Rescue

IN LOVING MEMORY

Life can be so unfair and we didn't expect to be saying another sad goodbye less than a year after losing Ginger...

Rafaella's illness came as a shock as she had been such a healthy beautiful lady. According to her passport she was in her thirteenth year but this was belied by her trim figure, bright eyes and gleaming coat in glorious shades of white, cream and grey. Although never a playful or lively dog she loved her country walks and to spend her days calmly surveying the view from her favourite spots in our garden. From time to time her gentle face would light up with mischief and her special friends were treated to a glimpse of her sense of humour

She loved to be outside whatever the weather and adored a sunbathing opportunity, especially with company, and many an attempt to catch a few rays was interrupted by a smiling Rafaella landing on my chest to beam into my eyes from the closest possible distance

It is hard to think of any time when she didn't behave like the perfect dog as she had an inbuilt wisdom and the manners of a true lady. Other dogs might bark, jump up, scratch doors, demand food, pull on the lead etc etc but all of that nonsense was of no interest to Rafaella. She was housetrained from day one and her life was built around being a good girl. She tried so hard not to offend, studying our moves with watchful golden eyes and always removing herself quietly from any situation which threatened to become rowdy

No dog is totally perfect but Rafaella had a couple of quirks. One was her quietly stubborn refusal to accept the nickname Raffy. She came to us with her name already in place from the years she spent in a private shelter, and we at first found it a bit of a mouthful, but it was her name and she loved it and so we all learned not to abbreviate it!

Her second quirk was a common one amongst our Romanian doggy friends as she was a dog who could not be trusted off a lead. She would trot along nicely with us for a while then blandly melt away to follow an interesting trail and seemingly disappear. Since she didn't understand the recall concept she would then wait silently for us to find her, sometimes lying quietly under a bush or engrossed in a sniffing session. We would arrest her and she would be delighted to have her lead reattached and trot happily alongside to continue her walk. Since she never pulled on the lead it simply wasn't worth turning her free, so eventually we did so only in the secure dog park where she could wander off in her dreamlike state without causing alarm

Her third quirk was probably the closest she ever came to being naughty. She had a bit of a thing about flower beds and planters, liking to dig a shallow pit and lie looking beautiful surrounded by leaves and flowers. This habit made for some nice photographs but didn't improve the health of the flowers and she learned to sneak guiltily away if she heard the cry of "Rafaella WHAT are you doing???"

It seems to be such a cruel twist that this wonderfully special and beautiful dog should suffer from a painful and fast-growing tumour in her mouth and jaw which left us with no options, within only one week. The vets could do nothing and the decision was out of our hands, the only kind thing to do was to let our darling girl go

As we sat mournfully in the garden at the vet's waiting for the sedation to take effect, two ladies were walking past and stopped in their tracks to admire Rafaella, saying what a BEAUTIFUL dog. They asked if they could stroke her and she gazed at us all from those golden eyes full of love and trust and turned her poor ravaged face upwards. None of us could speak as the emotions overtook us

Rest In Peace dear Rafaella

Treasurers Report. Pauline Carruthers.

This is the 8th Annual report of Rags to Riches as a registered charity.

As you can see from the independent examiners report that apart from as usual being unable to get receipts for transport accounts no anomalies were identified and all totals on the bank statements and PayPal statements that were available matched the amounts recorded on the spreadsheet. Unfortunately, in transit it seems June didn't go through but as everything was correct, but as you can see, she was quite satisfied once I forwarded the missing month. Opening balance was £13,422.88, with a closing balance of £14,599 and an income of £22,667. and a spend of £21,490.

We continue to use the same transport and costs this year I am pleased to say have remained stable.

Subscriptions also remained Stable at £250 a month which is disappointing as I have a few times advertised on the group page for individuals to join.

I am pleased to say that the majority of donations etc.. are paid into the bank which makes it easier to track and does save on fees.

Adoption donations made up a large part of the main income this year with a whopping 13,000 we fostered over many more dogs for adoption. This obviously put up the cost of transport to £8,000 and the preparation for dogs which was £5,000 but I am pleased to say that the £400 adoption fee means that we are now even with the costs of bring dogs over leaving us other monies to help with run the charity building work, helping in emergencies and extra vet bills, of course we couldn't do this without donations and fundraising.

All in all, it was a good year financially.

We will look for further fundraising opportunities as well as look to increase our fosterers to enable us to transport more dogs.

The objects of the CIO are:

For the benefit of the public to relieve the suffering of dogs in Romania in need of care, treatment, and protection and in particular to provide rescue homes or other facilities for the reception, care and treatment of such animals.

To promote humane behaviour towards dogs in Romania by raising awareness, providing appropriate care, treatment, and protection, for dogs which are in need of care and attention by reason of sickness, maltreatment, poor circumstances or ill usage and to educate the public in matters pertaining to animal welfare in general and the prevention of cruelty and suffering among animals.”

Chair and Trustee Report

Another difficult year for transporting dogs from Romania. A temporary suspension in Great Britain, was implemented in March 2022 and after numerous changes to the end date it was finally lifted on October 29th, 2022. The move had been taken as an increasing number of people were choosing to import pets from abroad with the hope of rehoming them, unaware of the associated health and welfare risks importing them without proper, registration, inoculations, and health checks. This was exacerbated by the increasing numbers of dogs arriving from Ukraine, due to the crisis there. The Government have now brought in a new set of regulations and each importer needs to be approved.

Under a new safeguarding declaration, anyone commercially importing dogs, cats, and ferrets into Great Britain from the previously suspended countries can now apply for Approved Importer status with the Animal and Plant Health Agency (APHA) from 29th October 2022. As a charity we are delighted to say that Trustee Jane Stacey has been approved as official importer for Rags to Riches.

Our focus changed temporarily over the period, and we put our donations to good use in helping with food, and vet's bills in Valcea and Birda well as supporting the new shelter in Birda for Angels 4 Animal Rescue. We were thrilled when Angels 4 Animals became the equivalent of a charity in Romania and Jane Stacey was invited to be a Trustee. This has meant we have a wonderful relationship with the Charity and Jane has oversight as she regularly visit the shelter in Birda. This in turn means that Jane can personally meet the dogs we will be fostering, which gives us a better insight into each individual dog.

As in every year there are many individuals, groups and organizations who we would like to thank - including those who wish to remain anonymous! We truly are appreciative of all the help offered and if we fail to mention anyone, then apologies are extended now...

So, a big thank you:

To all the rescuers in Romania who continued to work tirelessly throughout the pandemic helping the dogs on the streets and in the public shelters in particular the volunteers Florentina Cioaca and Nicoleta Stefanescu in Valcea (Saving Valcea's Dogs), Carmen Borka - Stanescu in Birda Timisoara (Angels 4 Animals rescue) and all the tireless rescuers helping desperate dogs in Romanian

To all our volunteers, who have helped with our fundraising events in the last year, in particular Dawn and her wonderful team for putting on the clothes shows.

To all our fantastic supporters who have donated prizes, taken up subscriptions, donated money, sold raffle tickets, and taken part in our fundraising activities online.

To the transport companies who deliver our dogs safely from Romania.

To our fosterers who work tirelessly with the foster dogs, with love, care and patience to ensure they have a happy life ahead of them.

To the adopters of our dogs who give them a loving lifelong home.

TUCKER this year's dog of achievement

Onto the Happy Bus. Poor Tucker was looking very scared and apprehensive.

Newly arrived with Lisa one of our fosters and a Trustee.

Foster mum Lisa's 'first posting.

“Once upon a time in Romania was a little dog in his best bib and tucker but with no one to love him, so he got on the happy bus and came to stay with me, I called him Tucker. He's only a little fella but has a huge personality, he's clean, walks on a lead and loves nothing more than a cuddle. As in all fairy tales there's always a downside, I've found a lot of Rommies will counter surf and Nick any food if it's left out for them to help themselves to, Tucker goes one better, he jumps on the worktop. I thought it was odd when things kept ending up on the floor, only when I caught him in the act did, I realise what he was up to, he did look a bit sheepish but still did it again. “

New mum Lynn collecting Tucker.

Lisa's post “God that was hard, Tucker has gone to his new home, he's fitted in here like a glove, after the initial jumping on the work tops, he soon decided he would just like to trundle round after me, such an easy dog but with that look in him that says I'm gonna leg it if given the chance.

Happy New life Tucker, always a little space here for you if needed, I Didn't Fail and keep him, but I did.

Happy looking dog in his new home

One of new mum Lynne's posts.

It's the little things that remind us . . . I've just come back from a lovely evening walk with Fly and little Tucker. On the way back, some children were having a great time in one of the fields. We couldn't see them, but we could hear them shouting and screaming - just kids having a lot of fun. Poor little Tucker froze, terrified. He tried so hard to stay with me, but he was so scared he didn't know what to do. He was better when I put him on the lead and he felt relatively safe, but it was a while before his ears and tail came back up. We just don't know what these poor dogs have been through.

Clever Lynne has made him his own Rags to Riches Coat.

Lynne goes on to say I still can't go anywhere without him - not that I want to. He makes friends wherever he goes and recently did a great job of cheering up my friend who had sadly just lost her dog. When we're training and competing, we never know what he's going to do - whether he just refuses to jump and then takes off just as I'm going back to him, refuses to come out of the tunnel or sits at the top of the a-frame. He likes to go and say hello to the judge in competitions. His tail is always wagging, and he usually has us giggling.

Happy Tucker is now also an agility dog.

A true Rags to Riches story

Admin Report. Pauline Carruthers.

This is the 7th Annual report of Rags to Riches as a registered charity. Accounts have been late being finished due to my own and family ill health and I stepped down to admin over the year. Michael Scott kindly kept the records for me for the year (Thankyou Michael) and I have recently finished the accounts as best as I was able and taken them to the Independent Examiner.

As you can see from the independent examiners report that apart from being unable to get receipts for transport and a missing receipt the accounts are satisfactory. The opening could not be verified and there was a deficit in October of £17.00 this was corrected in the following month. The end balance includes £2,000 in transit from the bank to PayPal and shows on the next statements so has been included. These which were corrected by the Independent Examiner and were caused through a change of excel sheets and automatic accounting. I will be starting this next year's receipts with new excel sheets. When donating for various other items especially to other volunteers throughout Romania it can still be difficult in emergency situations to get receipts. However, we can always show where monies have gone through the bank or PayPal and that they have been used for the purpose intended as stated by the independent Examiner.

Transport costs have again risen due to the fuel crisis, but we are using mainly only one transport company with who we are very satisfied.

Because of the above and other rising costs, we have had to raise the adoption donations to £400.

The subscriptions remain around the £250 they can vary month to month and are slightly down this year.

PayPal costs continue to impact on individual donations. PayPal also places a small charge on some subscriptions, and we encourage supporters to use banking methods which are free. Therefore, we urge our members and supporters to use our bank account where possible.

All our trustees and volunteers are unpaid.

Our supporters and members continue to be generous in supporting us especially in emergency situations.

We look forward to this next year with dogs arriving and welcoming new members and supporters.

We started the year with £13,853.22 and ended with £13,393. We had an income over the year of £18,341 and Outgoings of £18,916 so have been quite consistent in our spending.

Main Incoming:	Main Outgoings
Fundraising £7,784	Admin £1459
Donations £562	Donations out £5902
Adoptions £4,780	Transport £2317
Subscriptions £3,010

Rags to Riches – Independent Examiner’s report of 22/23 accounts

1. Introduction

1.1. I report to the Trustees on my examination of the accounts of Rags to Riches for the year ended 31st March 2023.

2. Responsibilities and Basis of the Report

2.1. As the Charity Trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011.

2.2. I report in respect of my examination of the Trusts accounts carried out under Section 145 of the 2011 Act and in carrying out my examination I have followed applicable directions given out by the Charity Commission under Section 145(5)(b) of the Act.

3. Independent Examiner’s Statement

3.1. I have completed an examination of the records held and I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the Trust as required by Section 130 of the act; or
- the accounts do not accord with those records.

4. Noted Findings

Expenditure

4.1. A random sample of 12 items of expenditure was chosen from the items recorded on the bank statement.

4.2. Anomalies were identified for 7 out of the 12 transactions checked which included there either being no receipts on file (4 transactions), One invoice received for petrol but no actual receipt to verify the petrol cost and 2 transactions where personal bank accounts had been used to make payments as opposed to the business account as noted in previous reviews.

4.3. It is acknowledged that some of the transactions were for donations made however, it would be best practice to ask for a confirmation of the donation to hold on record and additionally receipts should be retained for all transactions where possible. (See Appendix A for details)

4.4. Although discussions as part of a previous audit identified that the Charities Commission is aware of the use of personal accounts, the auditor felt it important to note as it would be best practice to ensure that all transactions are paid directly from the business account.

Income

4.5. A random sample of 12 donations was chosen and attempts were made to ensure that there was a corresponding entry on the bank statement or PayPal listing.

4.6. It is pleasing to note that no anomalies were identified with all donations checked being recorded on the bank statement.

4.7. Receipt books and cash held were not checked as part of this audit.

Reconciliation

4.8. A review of the working totals spreadsheet was conducted to verify that the amounts recorded are accurate and complete. As part of this review the following was noted (see Appendix B for extract)

- For April 2022, the opening balance and the income could not be verified which created a surplus of £113.16.
- For October 2022, the bank and PayPal balance did not correlate to the total to carry forward creating a deficit on the spreadsheet of £27.
- For April 2023, the bank statement shows a balance of £11,455.97 however the totals balance includes a £2,000 cash in hand floating balance however, this has not been checked as part of the audit so could not be verified.

5. Recommendations

5.1. Receipts should be kept for all purchases made as evidence that the purchases are for legitimate charity business, this includes any donations made.

5.2. Where possible, purchases should be paid for directly from the business account as opposed to personal accounts being used.

5.3. Where a volunteer is claiming expenses, consideration should be given to using a specific expense claim form for this and if this is for transport, the HMRC guidelines in relation to mileage should be used.

5.4. The totals on the spreadsheet should be checked to ensure they are accurate and inline with the totals on the bank statement and PayPal balance.

Chair and Trustee Report

2021-22 was a better year for Rags to Riches than last year due to covid restrictions being lifted in February 2022. Rags to Riches have continued to focus on the immediate needs and plight of those dogs in Romania living in terrible conditions. Towards the end of March 2022 a ban on the travel of European dogs was announced owing to the crisis in Ukraine and the travel of dogs without proper paperwork who had been rescued from Ukraine and travelled through Romania and Poland. The ban will have serious implications for rescuers in these countries trying to deal with the influx of dogs being rescued from Ukraine as well as rescues in the UK including Rags to Riches. Our focus may well have to change for a while until the ban is lifted. Rags to Riches has made donations to assist Romanian rescuers bring dogs out of Ukraine .

Our members and supporters have been hard working and generous with donations, online events and auctions allowing us to continue to support the hard-working rescuers in Romania.

We are delighted that the new shelter at Valcea now houses a large number of dogs although there is still a lot of work to do before it will be finished. The shelter means the ladies can help more dogs who otherwise may not have been rescued. We are also delighted to announce we are supporting a new shelter in Birda Romania (see article on page 10)

Who would have thought how much fun and satisfaction could be had from selling ladies unwanted clothes and accessories.

I can't take the credit for the idea, several years ago when Liz and I were chatting at one of our many car boot sales, Liz mentioned the idea of a secondhand ladies clothing sale but it was many months later that I decided to put the idea to the test and Preloved Ladies was born, our first sale in April 2018 at Welburn Village Hall, which is next door to where I live which made for easy transporting of the many boxes of clothes.

I had set up a what's app group titled Preloved Ladies with five friends which has now grown to eight with another four regular helpers at events plus Liz and Pauline.

Requests for donations had an amazing response which led to our tea, coffee and cake pricing afternoons and Prosecco and pricing evenings, the latter being the most fun but the less productive.as a result of this our group must be the best dressed 'Preloved Ladies' I know and most of us very rarely buy new from the shops .

Nothing is ever wasted ,we have an account at a local dress agency for the better quality items but the rest is recycled to our car boot sales(we have an amazing £1 rail which does really well) and local charity shops.

We have been lucky to have had some excellent quality donations, even new items with tags on. As long as these continue Preloved Ladies will carry on as it has proved to be a good fundraiser. The big downside to it is that my four bedroom house has shrunk to a two bedroom to facilitate storage.

The often asked question ‘why adopt from Romania’

Rags to Riches Fosterer and Trustee Jane Stacey

This is the question we have been asked many times, with many people citing the fact that our rescues in the UK are overflowing and shouldn't we be trying to re-home those?

The answer is actually multi-faceted and not as clear cut as everyone would think. There is the obvious answer in that surely every dog deserves a loving home regardless of where they come from, the answer to this is of course yes they do, love for animals should never be constrained by boundaries.

However UK charities also have a part to play in this. Some of these are large organisations that do not have the time or resources to properly assess the dogs in their care, how many times have we seen on the websites, must be an only dog, no children under 12 etc. etc. Dogs are pack animals and on the whole do happily coexist with other dogs but just like humans we have our preferences of people we like and dogs also have likes and dislikes of who they live with, it is our job when fostering to find out what that is and to get to really know the dog, so the home they are placed in is the final home.

There are also the issues of filling in a standard form for a UK charity, fences must be 6ft high, the dog must not be left for any longer than 4 hours, must have a garden, must live in a house the list goes on, if you do not fit the standard algorithm the application will not be successful and many of our adopters have tried numerous charities in the UK to be turned down every time, that alone is heart-breaking.

There have been dogs in our care that are large but far too lazy to even attempt to jump a 6ft fence, the smallest dogs of 4kgs that would give Harry Houdini a run for his money, dogs that will dig down and under a fence, so a 6ft fence becomes completely irrelevant in this situation.

There are the dogs that only prefer the opposite sex, others that will happily live with anybody and everybody, dogs that absolutely adore children and yes one or two that really don't want to share their human. We know this because we take the dogs into our home and get to know them warts and all, sometimes it takes longer than others to find the right home, but we do.

We take as much care as any charity when placing our dogs but we can apply the personal touch, there are dogs that I have personally adopted out that are living in flats because it is right for them and the adopter, there was the case of a very memorable dog that absolutely adored small children, all she wanted was a little human for a playmate and yes she went to a home with just that, they have since grown up together and are inseparable. The stories are endless and the happy endings numerous, there is great satisfaction to be gained, matching a dog with the perfect home for them but we have the time to do this.

Without exception in my case as a fosterer I have never taken a home away from a dog in a UK rescue, all I have done is take applications from people that have all been turned down to adopt from a UK charity for whatever that reason may be. It is our job to read applications, talk to the potential adopters and get to know them. There are cases of people applying for dogs that know are completely unsuitable for their lifestyle, so that is a conversation to be had and an explanation and very often, you may just know of a dog that would be perfect.

This has not been written to criticise anyone that works in a charity here, many of them do a fantastic job but rather an explanation of why people turn to Romanian Rescues, picking the right Rescue to adopt from overseas is important to but that is in itself another debate.

[Dogs in a public shelter Romania](#)

The new shelter at Birda

Our rescuers at Angels 4 Animals Dog Rescue have a dream, although the shelter they have is lovely, they want to help more dogs. Their dream is ambitious but they are very determined people, rescuing a dog from certain death on the streets is not the only way they want to help. Spay and neuter campaigns are important and are an activity they are proactive with and participate in, preventing the birth of so many unwanted pups is the only way to control the dog population in Romania.

However they have also recognised that more can be done, they are very keen on educating the young people of Romania, changing attitudes towards the care and responsibility of dog ownership is key to helping stop the problem of so many abandoned and unwanted dogs and pups. Carmen Borka - Stanescu already goes into schools and has appeared on Television several times highlighting the issues but they are also wanting to adopt a more personal approach, where they can have the schools come to visit the shelter and experience the world of rescue, they do this on a small scale at the moment but they are limited for space in their current shelter.

The nearest vet to them is over an hour away in the city of Timisoara, there is no one serving the surrounding areas and any dogs needing emergency care usually have to wait long periods of time to be treated. The wish is to build an onsite clinic with a vet that can be there on a regular basis that can spay and neuter dogs as well as treat all the ailments and injuries as soon as they happen.

There are also many dog lovers in Romania, however finding boarding kennels is extremely difficult and they have been asked many times if they can provide boarding facilities, they would love to as this would provide an income stream that could be used for the benefit of the shelter, so one of the projects is to eventually build one and advertise to the wider population.

Last but not least is building kennels for those dogs that find themselves dumped and abandoned, a safe haven until they can find their forever home. There are also those dogs who through no fault of their own are not adoptable and need a proper place to call home and spend their remaining years loved and cared for.

A very big dream but they have made a start, Birda's mayor is a dog lover, so he has allowed them to have a large piece of land approximately 3 hectares that they can use at a peppercorn rent with the option to purchase in 5 years. After some fundraising activities and help from ourselves they have managed to make a start, they have drilled for water and now have a working supply, fences have been erected all around the property and construction has started on the kennels, the hope is that the very first dogs can be homed there from April but it is going to take time and money to make their dreams come true and we are hoping to be with them every step of the way and look forward to showing you all the progress they are making.

Rags to Riches is delighted to have a Jane Stacey (Trustee) as a permanent link to Angels 4 Animals. This is her story.

A very kind invitation I became aware of Angels 4 Animals as a rescue in 2020, when I was fostering for Rags 2 Riches, they always seemed to have some really lovely dogs and I had taken a couple to re-home. That year I also went with another friend from the rescue world on a transport run to Romania to fetch some dogs back from 2 other shelters that were in the same area, so I thought, why not go and visit them. The arrangements were duly made and one lovely summer day I went to Birda for the very first time.

I have visited several public shelters and rescues out there so I thought I knew what to expect, how wrong I was. This shelter is managed by a married couple, Aurel and Carmen, to call them dog lovers doesn't even begin to describe their dedication, love and passion for the rescue of the dogs that come into their care. They are supported by the founder of the charity Carmen Borka-Stanescu, who is a lady that has dedicated many many years to the rescue of dogs, spay and neuter campaigns and education of the wider public, she is actually a bit of a tv star out there with her frequent appearances on television in her quest to fight for better conditions for her beloved dogs.

The visit was a success, with Carmen and Aurel proudly showing me around their shelter, full of happy dogs. It was like night and day compared to what I had seen before. Their dogs are easy to re-home because they come from a background of being loved, any behaviour issues, health problems or difficulties are on the whole dealt with before they let them travel, resulting in happy, well balanced dogs when they come to me. That day I made a decision that I would like to help this small shelter in whatever way I could. The friendship between Carmen, Aurel and myself grew and invitations were extended to come and stay with them and really see what they do on a daily basis, the first time I went, I spent the whole week, dirty, covered in dog slobber and the usual unmentionables and loved every minute of it, I may have reserved one or two dog as well, it took a couple of days before I actually fessed up to my husband how many!!

My visits have continued and a visit is usually planned for every 3 months or so. I arrived in October this year and they formally asked me if I would consider being a trustee and represent them in the UK, a decision that took me all of a second to make. I was honoured to say yes.

December of this year found me boarding a plane for the final time of 2022 to go and sign the paperwork to make everything official, it is quite a solemn affair very unlike here. To make any changes to a charity out there everything has to be done officially via a notary (solicitor), I was ushered into his office in a beautiful building and signed several pieces of paperwork and the deed was done, the very nice man even allowed photographs to mark the occasion.

I look forward to continuing to work with them in 2023 and hopefully finding loving homes for more of their beautiful dogs.

Rags to Riches Annual Dog Show

We held our Annual Fun Dog Show as usual on August Bank Holiday Monday at our super venue Shipton-by-Beningborough Village Hall just off the A19 near York. Following on from all the Covid-related cancellations of the recent past it was good to see our relaxed crowd of exhibitors and spectators enjoying a happy afternoon with their lovely dogs. We were fortunate with the weather, which was warm but not too hot, and we were delighted to welcome our friendly efficient judge Mrs Hilary Jellie

Most of the ten classes were quite well-filled enough to be competitive, and with prizes and rosettes down to fifth place we saw many proud owners going away with their goodies.

From our long-standing supporters we received encouraging sponsorship for toys and treats to be awarded to the winners in each class and we have to mention especially the beautiful sets of rosettes so generously donated by Dawn Cochrane of Myatoks Rosettes.

The team of volunteers were at the showground in good time to get the kettle on and organise the signs and decorations for the ring and car park. Various gazebos around the perimeter housed our stalls which included a magnificent prize tombola thanks to Jane Stacey, a new and pre-loved stall with doggy equipment, clothing etc. managed by Dawn Jacques, and the ever-busy information stand where members of the public could chat with our team about the work of Rags to Riches and take a look at the photographs and paperwork which help to explain the plight of the Romanian dogs and the small ways in which our Charity is able to help.

Importantly our kitchen team Andrew and Steve kept everyone supplied with delicious mostly homemade food and drinks so that nobody went home hungry or thirsty.

In the ring our capable stewards Laura and Vicki assisted our judge with her difficult though enjoyable task and made sure that the dogs and their humans were comfortable and happy at all times.

Best in Show was closely contested and we had excited winners for the main awards when the stunning rosettes were handed out. Some lovely happy pictures were taken by Laura and appeared in due course on our Facebook group page.

A big thank you to all who took part and did their bit whether helping or competing, we can't do it without your help and it is so much appreciated.

As a postscript to the main show we subsequently ran an online photographic show, also judged by our kind friend Hilary and with super rosettes from Myatoks, and happily this raised a further money for Rags to Riches funds.

The venue and date are booked again for 2023 and we look forward to welcoming friends old and new for another great fun show.

This is the fifth annual report of Rags to Riches as a registered Charity and whilst initially covid restrictions continued to impact on our activities we are delighted to end the year with a balance of £13,969.

As you can see from the Independent examiners report that apart from the difficulty in obtaining receipts from Romania and transport are accounts are satisfactory. When donating for various other items especially to other volunteers throughout Romania it can still be difficult in emergency situations. However, we can always show where monies have gone and that they have been used for the purpose intended.

We have continued to transfer money to a private account and then onto Romania as this saves costs of over £20 and takes only a few days as opposed to weeks through CAF Bank. Again, the Charity Commission are aware of this way of working and though they would rather we had a better way of working are fully understanding of the problems. The trustee board had decided to change the charity bank account to allow us to do all transactions through the account but unfortunately no banks are taking on new charity customers at this time.

Transport is still a challenge, with continually rising costs, but we are happy with our current transport. The rise in adoption donations has proved to be a great help.

The subscriptions remain around the £250-£300 and can vary from month to month.

PayPal costs continue to impact on individual donations. PayPal also places a small charge on some subscriptions, and we encourage supporters to use banking methods which are free. Therefore we urge our members and supporters to use our bank account where possible.

All our trustees and volunteers are unpaid.

Our supporters and members continue to be generous in supporting us especially in emergency situations.

We look forward to this next year with new members and supporters.

Chair and Trustee report

2020-21 was a difficult year for Rags to Riches as it was for most charities, due to the covid restrictions only 21 dogs were fostered and then adopted or assisted to be adopted in the UK. Rags to Riches focus is still on the immediate needs and plight of those dogs in Romania living in terrible conditions and to that end we have looked to alternative ways to fundraise during the pandemic.

Our wonderful members and supporters helped to keep funds topped with donations, online events and auctions therefore we were able to assist the rescuers in Romania with vets' bills, helping with food purchases for those dogs in the public shelters, and through spay and neuter campaigns. We have also made considerable contributions to the new shelter in Valcea which we are delighted to announce that is now able to begin to house dogs before winter 2021 sets in.

The rescuers in Romania remain dedicated to their work. They have had a difficult time feeding and supporting the poor dogs due to covid restrictions. Which has meant long tiring hours in awful conditions especially winter, enduring some demoralising and disheartening sights and outcomes. Their professionalism and total commitment never cease to amaze us. Whilst the volunteers in Romania report seeing less injured dogs due to fewer cars on the roads, they have seen an increase in abandoned dogs, mainly due to ignorance that the dogs can spread the virus. They volunteers also continue to report online the wonderful outcomes of dogs recovering from injuries and sickness but most of all to see pictures of a scared, often sick dog, (that has never known love, kindness and warmth) well and happy in a forever home.

We have had to think outside of the box in terms of fundraising during this last year and will continue to do so. To assist us with this we would like to increase our Trustee board to bring increased diversity and knowledge to the charity.

THANK YOU

As in every year there are many individuals, groups and organisations who we would like to thank - including those who wish to remain anonymous! We truly are appreciative of all the help offered and if we fail to mention anyone, then apologies are extended now...

So a big thank you :

- * To all the rescuers in Romania who continued to work tirelessly throughout the pandemic helping the dogs on the streets and in the public shelters in particular the volunteers Florentina Cioaca and Nicoleta Stefanescu in Valcea, Carmen Borka - Stanescu in Timisoara, Mirela Marcu in Calarasi and in Craiova Alina-Mihaela Danciulescu.
- * To all our volunteers, who have helped with our fundraising events in the last year .
- * To all our fantastic supporters who have donated prizes, taken up subscriptions, donated money, sold raffle tickets, and taken part in our fundraising activities on line.
- * To the transport companies who deliver our dogs safely from Romania.
- * To our fosterers who work tirelessly with the foster dogs, with love, care and patience to ensure they have a happy life ahead of them.
- * To the adopters of our dogs who give them a loving life long homes.

Finally on a personal note thank you to all our families who quietly offer background support and are always there to lend a hand in times of crisis.

The New Shelter Project

We are delighted that the new shelter is now in use and that Rags to Riches has had a major part in this. Many dogs will benefit from having safe, warm shelter for the coming winter in beautiful surroundings.

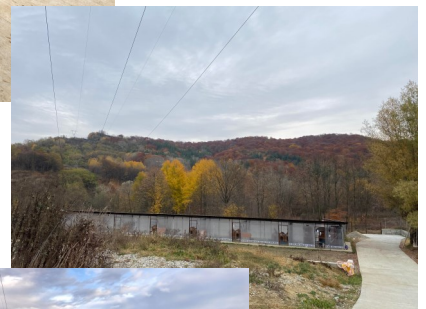

The new shelter is a far cry from the public shelters and is a vast improvement from the old shelter in Valcea, which currently still holds a number of dogs but hopefully will be vacated in the coming year.

Florentina and Nicoleta now have the safety that the shelter is owned so they are no longer in the precarious situation of losing the premises and the dogs being yet again homeless.

There is still a lot of work to do and many more kennels to be built but the work will continue.

The shelter includes a separate puppy/ isolation room to help stop the spread of disease and protect the many abandoned puppies they take in.

With well over 200 dogs in their care at any one time, plus caring and feeding those dogs on the streets and public shelters, rescuing dogs, taking part in spay neuter campaign and much much more. These ladies and others like them are true angels.

Dog of the Year Lordy

Lordy was rescued by our Romanian friends from the Angels 4 Animals Rescue. The poor boy was found in a dreadful state after wandering the streets for who knows how long, his fur was matted and filthy and he needed some medical attention.

I was asked by Carmen if I would consider fostering him, you see he is the little terrier type that I really do love and it was thought he had sight in one of his eyes and his other did not work due to a birth defect, yes definitely one for me.

Transport day duly arrived and he was delivered to me along with two other fosters, I brought him into our house first and left him to get acquainted with my husband. On my next trip back into the house with foster number two my husband quite casually said "I think Lordy is blind Jane" So our journey with this feisty, stubborn, brave and lovable boy began.

My husband was correct, Lordy was blind, however he is so used to it that it means nothing to him, he navigates very successfully by smell and after bumping into a few things he had got the lay of the land and was away, actually that was where the trouble began.

Lordy likes people and is quite happy bumbling about outside with other dogs, the issues began when he came into the house and was asked to share his abode with my pack of 6 and two fosters, now that didn't suit his lordship at all, he wanted to live with people and certainly not share them, whatever next!

I was faced with this 9kg blind ninja warrior whose sole aim in life was to see off every dog that came within 10 feet of him and me. I can laugh now but I will never forget my Ziggy weighing in at 40kgs fleeing the kitchen and hiding in the lounge, in fact it is safe to say my lot spent the duration of his stay either residing in the lounge or upstairs and only frequenting the rest of the house when he was firmly shut away, thankfully they are a very patient bunch.

So the requirements for Lordy's new home, someone willing to take on a blind dog with attitude, most definitely no other dogs in the house, well let's be honest no visiting dogs either, someone in fact that would take him on every holiday with them, no boarding kennels for Lordy. I like a challenge.

I always say there is a home out there for every dog you just need to find it, Lordy's new home came about with one phone call from a couple called Saul and MJ, they were struggling to adopt from UK charities and all they wanted to do was give a dog a home that maybe no-one else would want. Saul and MJ were not deemed suitable by other rescues as they live in an apartment and had no garden, lovely balcony and views but none of the green stuff, this was the reason for the call, they didn't want to waste time applying if I was going to turn them down. Now this is the benefit of us being a small charity and fostering in our own home and really knowing our fosters. I knew Lordy wouldn't be bothered by lack of garden he just needed there to be a distinct lack of dogs, besides he is blind he has no idea what his home looks like, he just knows he has to go for a little walk to get to the toilet.

They had fallen in love with Lordy's picture and him being blind bothered them not one bit. They were perfect, no other dogs, visiting dogs or any furry of any description, he could have them all to himself.

The day of adoption arrived and usually a foster can be a little nervous about the change, not this boy, he soon realised he was on his own, he walked round the whole of the apartment, investigating every nook and cranny and once settled promptly fell asleep on the rug. When it came time for goodbye as always I had a lump in my throat but this time was different, Lordy had quite firmly attached himself to MJ and happily stood with her and saw me off the premises, yes he had decided he was home, thank you Jane, you can go now, I could read it all over his face, I was so happy for him I wanted to cry.

Lordy continues to do very well in his new home and we get regular updates, he has just recently had a little op (reason for the dun glasses) on one eye to close it up properly and whilst sadly there is nothing to be done for the other and he will always be blind, it bothers us humans far more than

This brave boy, unwanted and unloved who travelled across Europe not knowing where he was going or what was happening and not even being able to see, has now found his forever, fantastic loving home and he is just one of the reasons why all of us here at R2R do what we do.

Direct adoption ?

Many people decide to adopt a dog directly from Romania rather than go through an experienced reputable rescue service. There are many pitfalls with this, however. We at Rags to Riches prefer to place our dog into loving and experienced foster homes in the UK so that we can make the transition to a new life as safely as possible for all concerned. We also offer ongoing advice and lifetime rescue back up. Our fosterers give the dogs the time and space each individual needs to settle. All dogs are assessed, and adopters are matched only to suitable dogs.

Whereas it is uncommon to have previously fostered dogs returned, it is very common to hear of failed direct adoptions, escaping (already traumatised dogs) who can go missing for long periods, having to be trapped or ending up killed on roads. Some are euthanised because of their 'behaviour'. Many are advertised or sold on, some end up in rescues such as RSPCA who often do not understand them.

The following article is courtesy of The Red Dog Rescue.

"Those in rescue know the importance of decompression. We do our best to stress this concept to adopters and fosters.

Many people wanting to return their foster dogs or adopted dogs express behaviour concerns within the first 72 hours and are ready to give up.

By the time you take a new dog into your home as a foster or an adopter, it has gone through a world of change. Some of these dogs are owner surrenders to shelters. They were living a lovely life in a home; they went for a car ride with their family and suddenly they are trapped in a tiny cold kennel at a shelter. Others may have lived alone on a chain in a yard their whole life. Now they are surrounded by strange people, strange sounds, and strange smells.

Some of these dogs are strays that got lost and couldn't find their way home. Some of the dogs are street dogs, who have never had a home and have no idea they want one.

At some shelters these strange people are suddenly sticking them with needles and putting them through strange temperament tests. They are absolutely petrified. Then a rescue or foster comes in to save them, but the dog doesn't know that. They are loaded up in vans and cars and are driven across town to somewhere they can stay for the time being. After spending some time in a foster home or boarding, it then it's time to be put in strange van, with many other scared and confused dogs, for a 3-day trip into another country.

If this was a person, they would be broken down and seeking help. The dogs on the other hand are expected to know when and where to potty, what they can and can't chew on, to sleep quiet in a new kennel, and to be so excited to meet new friends.

Recent pictures from Valcea public shelter

For some dogs, they make the transition okay. Others make so many doggy mistakes and are given up on because they take longer to adjust and need more guidance.

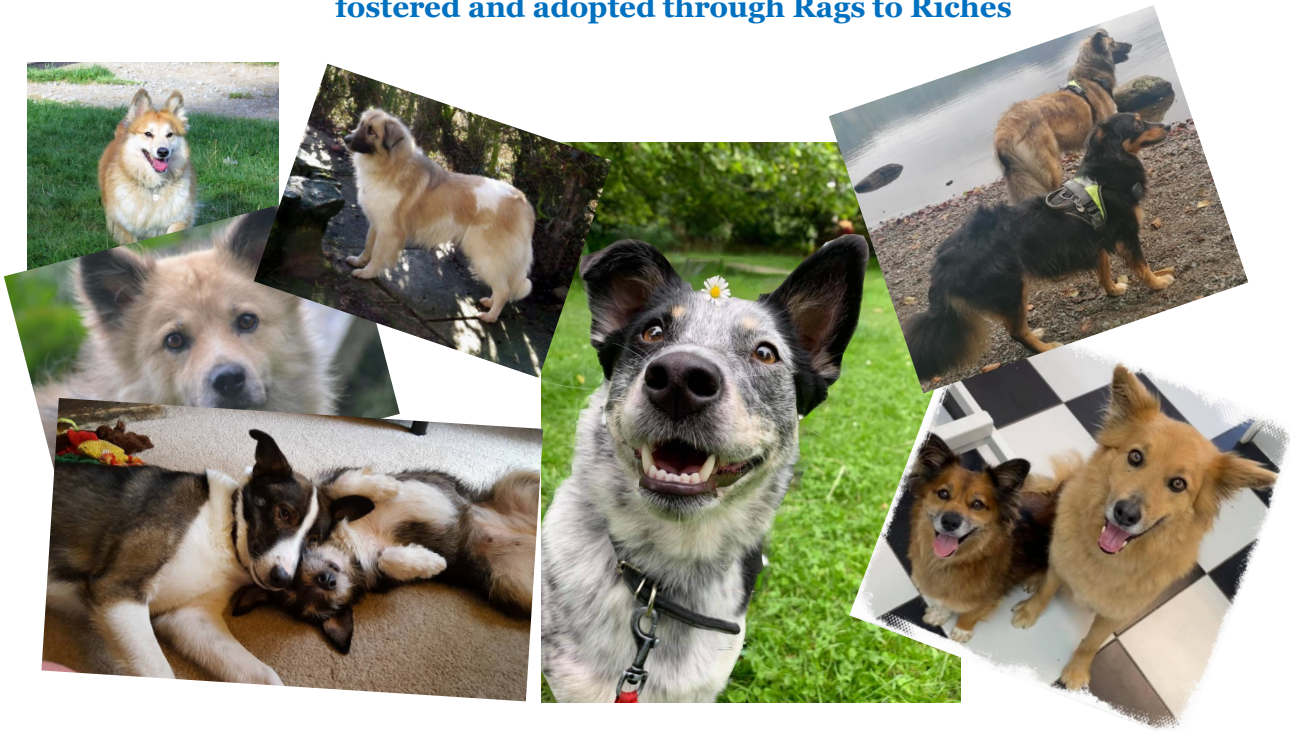

Unfortunately for the dog's people forget that they can't talk. They bark, they cry, they howl, the growl; they try to express their concerns in doggy language. They don't know what we want, they must be taught what we want. They aren't perfect dogs. Many are broken, some are just bruised, but they all need you.

Fostering and adopting isn't always pretty, it isn't always clean, but it is always worth it. It's our job to love them and train them. If you are not willing to commit to these animals, who have already been through so much, don't adopt one until you are.

Give them the decompression time that they deserve so they can do what they do best, love you. “

So! if you are deciding on having an animal from a shelter think first.

Rags to Riches – Independent Examiner’s report of 20/21 accounts

1. Introduction 1.1. I report to the Trustees on my examination of the accounts of Rags to Riches for the year ended 31st March 2021.

2. Responsibilities and Basis of the Report 2.1. As the Charity Trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011.

2.2. I report in respect of my examination of the Trusts accounts carried out under Section 145 of the 2011 Act and in carrying out my examination I have followed applicable directions given out by the Charity Commission under Section 145(5)(b) of the Act.

3. Independent Examiner’s Statement 3.1. I have completed an examination of the records held and I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the Trust as required by Section 130 of the act; or
- the accounts do not accord with those records.

4. Noted Findings

Expenditure

4.1. A random sample of 12 items of expenditure was chosen from the items recorded on the bank statement, one from each month of the financial year.

4.2. It was noted that 7 out of 12 transactions checked did not have receipts on file. It is acknowledged that some of these were for donations made however, it would be good practice to ask for a confirmation of the donation just to hold on record. (See **Appendix A** for details)

4.3. It was also noted that in some instances, personal bank accounts had been used to make payments as opposed to the business account as noted at the last audit. Discussions at the last audit identified that the Charities Commission is aware of this however, the auditor felt it important to note as it would be best practice to ensure that all transactions are paid directly from the business account.

Income

4.4. A random sample of 12 donations was chosen and attempts were made to ensure that there was a corresponding entry on the bank statement or PayPal listing.

4.5. It is pleasing to note that no anomalies were identified with all donations checked being recorded on the bank statement

4.6. Receipt books and cash were not checked as part of this audit.

5. Recommendations 5.1. Receipts should be kept for all purchases made as evidence that the purchases are for legitimate charity business, this includes any donations made.

5.2. Where possible, purchases should be paid for directly from the business account as opposed to personal accounts being used.

Treasurer's report

This is the fourth year of Rags to Riches as a registered Charity and it has been a difficult year financially due to our inability to fundraise as normal. Having said that we end the year with a balance £6,815.

We made a commitment in the last annual report to use the legacy money of £8154 to support the new shelter and assist with the spay neuter campaigns with the Finnish group we are delighted to announce we have been able to fulfil both commitments. We have also given a number of donations to help with food and vets bills during the covid crisis which was a difficult time for the rescuers in Romania.

As you can see from the Independent examiners report most of the problems with the collection of receipts from Romania have been resolved. When donating for various other items especially to other volunteers throughout Romania it can still be difficult in emergency situations. However we can always show where monies have gone and that they have been used for the purpose intended.

Many of our receipts are photographs as this is often the only way we can obtain them. This has all been approved by the charity commission as the future way of working.

We have continued to transfer money to a private account and then onto Romania as this saves costs of over £20 and takes only a few days as opposed to weeks through CAF Bank. Again the Charity Commission are aware of this way of working and though they would rather we had a better way of working are fully understanding of the problems. We as a trustee board have decided to change the charity bank account to allow us to do all transactions through the account.

Transport is still a challenge, with continually rising costs, but we are happy with our current transport. To combat costs we have had to raise the adoption fee to £350 and our wonderful adopters are happy to pay this amount.

The subscriptions have stalled and unfortunately went down to an average £290 a month. This money is ring fenced for vets bills for dogs in Valcea.

PayPal costs continue to impact on individual donations. Paypal also places a small charge on some subscriptions and we encourage supporters to use banking methods which are free.

All our trustees and volunteers are unpaid.

We have had a wonderful response to the pandemic and our supporters have joined in many online fundraisers as we have been unable to carry out many physical fundraisers.

We look forward to this next year to get back on the funding track.
