Church Crookham and Fleet Men's Shed Trustees Annual Report for the year ending March 2025

Church Crookham and Fleet Men's Shed is a Charitable Incorporated Organisation (CIO), registered charity number 1171613. Church Crookham and Fleet Men's Shed operate from its own purpose built shed at Gurkha Path, Naishes Lane, Church Crookham GU52 8DT. The trustees of Church Crookham and Fleet Men's Shed present their annual report and accounts for the year ending March 2025.

The trustees are:

Allan Walker (Chairman)

Bob Stokes

Robert Norris

Brian Jones

Keith Prosser

Church Crookham and Fleet Men's Shed is governed by its constitution dated 24th January 2017. Our objects as specified are: "The promotion of social inclusion for the public benefit of men and women living in Church Crookham/Fleet and the surrounding area to combat loneliness and social isolation arising as result of their age, infirmity, disability, financial hardship or social circumstance. To do this we will provide workshop facilities where they can meet to socialise and engage in activities together, such facilities being aimed at increasing their engagement, skills and condition of life." The trustees believe we have complied with our objects as stated in our constitution and will continue to do so for the benefit of our members and the public.

At the end of March 2024, the total value of the current account was £4005, and the savings account bank deposits was £40409.

At all times Church Crookham and Fleet Men's aim to have reserves of a minimum of £5,000 which equates to approximately one year's annual operational costs.

Membership At the end of the reporting year, we had 66 members.

Covid-19 Impacted activities and these thankfully are behind us. We, as a result operated a waiting list for memberships, something that the trustees do not want to do, but as space is limited, and as we have a duty of care to every member this was deemed necessary. The trustees negotiated the use of another building in the hope of being able to spread membership over two sites and whilst partially successful it was not as successful as we would have hoped. To that end it was decided to create another Men's Shed in the local area and Hartland Mens Shed Fleet (CIO 1207159) was formed. The two Mens Sheds both chaired by Allan Walker are working closely together to ensure that Hartland Mens Shed is successful. Allan will be standing down as Chairman in April 2025 as Hartland's Committee have taken the successful running of the Mens Shed which has 39 members.

Activities and Achievements In the year reported, our activities and achievements included:

Increased our membership to 66.

Carried out workshops with local youth groups (Cubs/Brownies/Guides) making 264 bird boxes.

Have established an internal program of training with pen, bowl and snowman wood turning sessions, and sessions on tool sharpening for bowl wood turning tools and flat chisels and plane blades.

Held 3 Sausage Sizzle events for members, 1 off which included partners and had 90 attended.

Undertook a workshop deep clean and repainted the shed floor.

As a result of the deep clean we undertook a study of the dust extraction capabilities and have carried out an upgrade of various extractors. This was funded by support from the local parish council and Hampshire councillors who continue to support us.

Visited RNLI in Poole Dorset.

Each of these activities relates to our objectives and contributes to the wider community in which we live. The atmosphere at the Shed is generally good and helpful. New members are welcomed, and there is usually someone to give a helping hand about anything – ranging from advice and guidance to solving technical problems. In addition to members using their skills to help each other, specific help is given to members with some disabilities to enable them to make and mend things.

We continued to work with new or forming, Sheds in the local area, and our Chairman Allan Walker has undertaken the role of an Ambassador for the UK Men's Shed Association to give help and advice on how to get started.

The future Church Crookham and Fleet Men's Shed is continuing to grow at a steady rate. The creation of Hartland Mens Shed has reduced the burden on the waiting list which has been reduced dramatically. We have invited all those that remained to join and whilst not everyone has, we still receive regular requests from potential new members who we invite to visit in a controlled manner so as not to overstretch the capabilities.

The Shed is a valuable community charity, and the trustees are determined to get back in business as soon as possible, delivering our main aim of reducing social isolation and loneliness. We provide a valuable service to our members; it is clear there is a need for us (many of our members report that the Shed has given them back the banter and camaraderie that they lost when retiring from work).

Thanks, the trustees and members of Church Crookham and Fleet Men's Shed express their appreciation for the support provided by Church Crookham Parish Council and the local community for their continued support.

The trustees believe we have complied with our objects as stated in our constitution and will continue to do so for the benefit of our members and the public.

At the end of March 2022, the total value of cash and bank deposits was £29453.

At all times Church Crookham and Fleet Men's aim to have reserves of a minimum of £3,900 per year so we have more than sufficient to cover three years annual operational costs.

Membership At the end of the reporting year, we had 42 members.

Covid-19 Impact Like so many Men's Sheds, our activities from March 2020 onwards were greatly reduced and progress has been greatly slowed. Where we have been able to hold Shed sessions, numbers were limited, and various PPE and cleaning protocols implemented to ensure we have Covid-Safe environments.

Activities and Achievements In the year reported, our activities and achievements included:

Project Shield a stand-alone project to help support local care homes and workers with PPE when none was available in the UK had a legacy of funding, this was used to support other community groups with Covid related projects, we made 5 Little Lending Libraries which were given to local schools along with some books to help support children's reading

Making benches for Hart's "Minding the Garden Project" A project a similar to the same ethos of Men's Shed.

Working with Fleet rotary to make a new Christmas Float. A model of a steam train that had moving wheels, sound, smoke and was used by them to raise over the Christmas period a sum of £7000 for good causes.

Carried out workshops with local youth groups (Cubs and Guides) making bird boxes.

Each of these activities relates to our objectives and contributes to the wider community in which we live. The atmosphere at the Shed is generally good and helpful. New members are welcomed, and there is usually someone to give a helping hand about anything – ranging from advice and guidance to solving technical problems. In addition to members using their skills to help each other, specific help is given to members with some disabilities to enable them to make and mend things.

We continued to work with new or forming, Sheds to give help and advice on how to get started.

The future Church Crookham and Fleet Men's Shed continued to grow at a steady rate up until Covid caused us to close our doors in March 2020. We are now back to operating as normal and have had to start a waiting list of new members due to an increase in demand. The Shed is a valuable community charity, and the trustees are determined to finding a way of reducing the waiting list as soon as possible, delivering our main aim of reducing social isolation and loneliness. We provide a valuable service to our members; it is clear there is a need for us (many of our members report that the Shed has given them back the banter and camaraderie that they lost when retiring from work).

Church Crookham and Fleet Men's Shed is governed by its constitution dated 24th January 2017; trustees are elected by members of Church Crookham and Fleet Men's Shed in accordance with the constitution. Our objects as specified are: "The promotion of social inclusion for the public benefit of men and women living in Church Crookham/Fleet and the surrounding area to combat loneliness and social isolation arising as result of their age, infirmity, disability, financial hardship or social circumstance. To do this we will provide workshop facilities where they can meet to socialise and engage in activities together, such facilities being aimed at increasing their engagement, skills and condition of life." The trustees believe we have complied with our objects as stated in our constitution and will continue to do so for the benefit of our members and the public.

At the end of March 2021 the total value of cash and bank deposits was £23160.

At all times Church Crookham and Fleet Men's aim to have reserves of a minimum of £3,900 which equates to a years annual operational costs.

Membership At the end of the reporting year, we had 25 members.

Covid-19 Impact Like so many Men's Sheds, our activities from March 2020 onwards were greatly reduced and progress has been greatly slowed. Where we have been able to hold Shed sessions, numbers were limited and various PPE and cleaning protocols implemented to ensure we have Covid-Safe environments.

Activities and Achievements In the year reported, our activities and achievements included:

Project Shield a stand-alone project to help support local care homes and workers with PPE when none was available in the UK.

Training of one of our trustees as a Health Champion as part of our participation in and evaluation of the SBS project as it relates to Men's Sheds.

Making staging and tables for Hart's "Minding the Garden Project" A project a similar to the same ethos of Men's Shed.

Carried out workshops with local youth groups (Guides) making bird boxes.

Each of these activities relates to our objectives and contributes to the wider community in which we live. The atmosphere at the Shed is generally good and helpful. New members are welcomed, and there is usually someone to give a helping hand about anything – ranging from advice and guidance to solving technical problems. In addition to members using their skills to help each other, specific help is given to members with some disabilities to enable them to make and mend things.

We continued to work with new or forming, Sheds to give help and advice on how to get started.

We continued to participate in the European SBS (Step-by-Step) project which is aimed at improving Men's Health through providing health advice to men's groups in a number of geographic areas, including Hampshire.

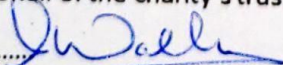

The future Church Crookham and Fleet Men's Shed continued to grow at a steady rate up until Covid caused us to close our doors in March 2020. We hope to be back to operating close to normal by the end of the next reporting period. In the meantime, we will operate within the Covid restrictions. As restrictions are lifted, we will open up our Shed to members so that we can, albeit with limitations, get members back making and mending things and having some social interaction. The Shed is a valuable community charity and the trustees are determined to get back in business as soon as possible, delivering our main aim of reducing social isolation and loneliness. We provide a valuable service to our members; it is clear there is a need for us (many of our members report that the Shed has given them back the banter and camaraderie that they lost when retiring from work).

Thanks The trustees and members of Church Crookham and Fleet Men's Shed express their appreciation for the support provided by Church Crookham Parish Council and the local community for their continued support.

Declaration

The trustees declare that they have approved the trustees' report above.
