

Annual report Nov 2020 to Oct 2021

We continue much as before, fundraising is all on line currently due to covid we cannot fundraise in public.

But people have been extremely kind and continue to support us more than ever, our income has increased this financial year,

But on the other hand we have had an increase in dogs in kennels pushing our out goings up, as well as continued veterinary costs, thankfully we had a little in reserve as our out going kennel costs and vet costs far outweigh our incomings.

We do continue homing a very small number of dogs where we can but its very difficult with the restrictions of lock down, unfortunately with not many dogs being homed or going to foster homes, it leaves us with large kennel bills to pay.

We do hope things will improve soon on the homing side.

Kim Taylor
