

## **BETHEL GRACE PRAYER MINISTRY TRUSTEES REPORT ENDING DECEMBER 2024**

### **OUR ACTIVITIES:**

Our target to meet three sets of families wasnt materialized. We were able to visit one that was grieving over the loss of their beloved daughter

who passed away mysteriously in Croydon. And another two whose son was involved in violence. We were able to support them by delivering the gospel, proclaiming the word and support.

We will endeavour to put in more effort since this is one of our main goals of touching people who need the most.

We shall continue to try and identify this group in our communities.

The Prison Fellowship is still working with and through us. We were giving a batch of 12 families from the Worm Wood Scrub Prisons to buy and deliver Christmas presents on behalf

of the inmates. We will also continue our donations to the Great Ormond Street Children Hospital. We are also praying to reach out to some charity organisations to contribute our

widows mite.

**BAPTISM:** We had two people baptised by immersion at Southend on sea.

**FINANCES:** As said earlier, our financial situation is not healthy. Our contributions are very low even though we are not at a loss due to careful spending and scrutiny.

This does not stop us from driving our objectives.

**EVANGELISM:** Pastor Anthony Osei was joined by Pastor Anthony Appau of the Souls of Hope Ministries to carry out this task with one member in the name of Mr. Francis Adu.

Meanwhile we are trying to find other avenues to strategise our evangelism.

**BEREAVEMENT:** We were notified of the death of Pastor Porchia Osei's mother. The date of the funeral yet to be announced.

**MISCELLANEOUS:** We attended the celebration of the birth of a baby boy, by Miss Emmanuela Opong at woodggreen London.
