Description of the Charity's Trusts

Type of Governing Document: Constitution

How the Charity is Constituted: Charitable Incorporated Organisation

Trustee Selection Methods: Through an advert and interview process; if and when a candidate demonstrates interest, the candidate will be provided with TBHT's Trustee Handbook (which provides necessary and useful information regarding the application and induction process). The candidate will then attend (observing only) a quarterly Trustee Meeting to gain further understanding and insight into the Trusts' objectives and activities. In addition, the candidate will be able to ascertain how the Trust (and Committee) operates on a day-to-day basis. The candidate will then be required to undertake a Trustee Skills Audit Form to aid the Committee in their decision to proceed with an application, this process aids to ensure an adequate skill mix exists within the Trust and Committee.

Once the candidate and Committee are both satisfied to proceed with the candidate's application, respectively, references will be requested and confirmed and induction into TBHT will be undertaken accordingly (referring to our induction procedure and implementing relevant policies at all times). In addition, and where required (as per our DBS procedure), a DBS will be requested and confirmed via our local supporting voluntary sector organisation.

How New Trustees are Inducted and Trained: Through the provision of mandatory training, the reading of organisational policies and procedures, one-to-one training and shadowing of other Trustees, Volunteers and Staff Members.

Structure, Governance & Management

Description of the Charity's Trusts

Type of Governing Document: Constitution

How the Charity is Constituted: Charitable Incorporated Organisation

Trustee Selection Methods: Through an advert and interview process; if and when a candidate demonstrates interest, the candidate will be provided with TBHT's Trustee Handbook (which provides necessary and useful information regarding the application and induction process). The candidate will then attend (observing only) a quarterly Trustee Meeting to gain further understanding and insight into the Trusts' objectives and activities. In addition, the candidate will be able to ascertain how the Trust (and Committee) operates on a day-to-day basis. The candidate will then be required to undertake a Trustee Skills Audit Form to aid the Committee in their decision to proceed with an application, this process aids to ensure an adequate skill mix exists within the Trust and Committee.

Once the candidate and Committee are both satisfied to proceed with the candidate's application, respectively, references will be requested and confirmed and induction into TBHT will be undertaken accordingly (referring to our induction procedure and implementing relevant policies at all times). In addition, and where required (as per our DBS procedure), a DBS will be requested and confirmed via our local supporting voluntary sector organisation.

How New Trustees are Inducted and Trained: Through the provision of mandatory training, the reading of organisational policies and procedures, one-to-one training and shadowing of other Trustees, Volunteers and Staff Members.

Achievements & Performance

Statutory Declaration

The trustees declare that they have complied with their duty to have due regard to the guidance on public benefit published by the commission in exercising their powers or duties.

Summary of the Main Achievements of the Charity for the Year

- The continuous review of policies, procedures and other governance material was undertaken
- Further literature and other material for beneficiaries, benefactors and healthcare professionals) was distributed
- TBHT's marketing drive continued in order to establish sound relationships with Hospitals, organisations and other Charities to ensure the continued advertising of the TBHT's services
- TBHT received its first grant (from a local business) to support the development of the Trust (with the provision of IT equipment, printing material costs and memorials for

bereaved families)

- Due to the COVID-19 pandemic, fundraising efforts were hindered significantly, however, efforts continued via virtual means (including that of supportive individuals and groups through independently led [and COVID-19 compliant] fundraising events)
- Relationships were developed between TBHT and other organisations (including other Charities) to assist with the provision of emotional and practical support to beneficiaries
- TBHT continued to provide beneficiaries with financial assistance via TBHT's financial grant-making service
- Again, due to the COVID-19 pandemic, TBHT's prospective volunteer applications were postponed due to challenges in processing relevant compliance checks, undertaking of training and COVID-19 restrictions

Financial Review

Brief Statement of the Charity's Policy on Reserves

To ensure the Trust does not encounter future risk and/or insolvency, the Committee will agree annually on an amount for Reserves (it was agreed and documented by the Committee that our Reserve [for October 2019 – September 2020] would be set at £30,000 for the annum in view of the current and ongoing COVID-19 pandemic).

This amount will be reviewed on an ongoing basis (in view of the current and ongoing COVID-19 pandemic) to ensure proper and accurate assessment that considers the annual income relevant at that time.

The agreed amount (subject to change pending on service user requirement) will be decided during TBHT's quarterly Trustee Meetings.

The agreed amount will be documented within the Meeting Minutes until further notice.
