Annual Report 2024

Message from the Board of Trustees  
London, December 2024

Dear all,

Please find below an update on our activities in 2024.

This year brought a few operational challenges. One of our trustees was on maternity leave, and at the same time Khyber Girls Medical College underwent internal management transitions. These factors caused some delays in our communications and payment scheduling.

Despite these challenges, we successfully funded the scholars for both the 2023 and 2024 academic years, consolidating the payment into a single transfer to KGMC during 2024. As always, we remain fully committed to supporting underprivileged female students pursuing Medicine in the KPK region of Pakistan.

We continue to operate with no paid staff, and all trustees work entirely on a pro-bono basis. Our funding continues to come from trustees, their friends, and their families.

Below is a summary of our financial results for the year ended 31 December 2024.

Best regards,  
Ana Castro Henckel

Annual Report 2023

Message from the Board of Trustees  
London, December 2023

Dear all,

Please find below an update on our activities in 2023.

This year was stable and consistent with our expectations. We continued to support underprivileged female students at Khyber Girls Medical College through our scholarship programme. While there were no major operational developments, we remained in close contact with our scholarship recipients and with the College to ensure ongoing support.

Our organisation continues to operate with no paid staff, and all trustees work entirely on a pro-bono basis. As in previous years, we remain funded by our trustees, their families, and friends.

Below is a summary of our financial results for the year ended 31 December 2023.

Best regards,  
Ana Castro Henckel

Annual Report 2022

**Message from the Board of Trustees**

London, December 2022

Dear all,

Please see an update below on our activities in 2022.

2022 was a great year in which our first intake of thirteen students from 2017 have graduated their five-year MBBS in Medicine degree and are currently conducting their work experience at the hospital in Hayatabad. We are extremely proud of their achievements and remain fully committed to our mission to provide scholarships to other underprivileged students at Khyber Girls Medical College.

We continue to be funded by our trustees, their friends and family. Our activities remain the same - providing scholarships to underprivileged female university students in the KPK area of Pakistan, in the field of Medicine.

We do not employ any staff and all our trustees work on a pro-bono basis.

Please find below a summary of our accounts.

Best,

Ana Castro Henckel

Annual Report 2021

**Message from the Board of Trustees**

London, December 2021

Dear all,

Please see an update below on our activities in 2021 and a cash statement on the next page.

2021 was a great fundraising year. We benefited from a large donation from an institutional bank as well as our founder, securing enough donations for the next three years.

We continue to be funded by our trustees, their friends and family. Our activities remain the same - providing scholarships to underprivileged female university students in the KPK area of Pakistan, in the field of Medicine.

We do not employ any staff and all our trustees work on a pro-bono basis.

Please find below a summary of our accounts.

Best,

Ana C D S C Henckel

The Squeaks Foundation

Annual Report 2020

**Message from the Board of Trustees**

London, December 2020

Dear all,

2020 was an incredibly challenging year for everyone due to Covid-19. With travel disruption, we were not able to onboard any students for our scholarship program. Our partner university - Khyber Girls Medical College, in Peshawar - closed for extended periods. We experienced significant delays to the length of processing payments as the university staff was not available to provide us with the necessary information.

Simultaneously, we also halted our fundraising efforts. However, we continue funding our existing scholarship commitments, and are currently giving out 36 scholarships at KGMC. The funding required per student went down due to the devaluation of the Pakistani rupee.

100% of the donations previously collected went to fund (i) bank transaction fees and (ii) scholarships . We continue to operate without any other costs as was our commitment from the onset.

Lastly, while our cash position was depleted, we are confident that this will be rectified throughout 2021 as we ramp up fundraising efforts again.

Please see below our accounts.

Best wishes,

Ana Castro Henckel
