Activities

During the year to 31 December 2023, the charity has been accumulating funds for the work undertaken in Uganda. Once there are sufficient funds available to justify the transaction charges, funds will be remitted – hopefully at some point in H1 of 2024.

The trustees are very conscious of the essential work being undertaken by the Sole Hope Team in Uganda and are anxious to generate a regular income flow for the charity. This is hopefully being done by encouraging donors to sign up to become regular donors.

The trustees look forward to 2024 with hope that this charity can make a significant contribution to the essential work to bring much needed relief from the terrible afflictions of the neglected tropical disease known as "Jiggers" to the men, women, and children with whom we work in Uganda.
