All trustees give of their time freely and no trustee remuneration was paid in the year. No trustee expenses were claimed in the year.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

To assist in the treatment and care of persons suffering from amyloidosis in England and Wales by the provision of equipment, facilities, services, financial assistance, support, education and practical advice and research.
To advance the education of the general public and medical professionals in all areas relating to amyloidosis.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Amyloid Action has established its grant making policy to achieve its objects for raising funds for equipment and research at the Christie Hospital and the National Amyloidosis Centre and for the public benefit of improving the lives of amyloidosis sufferers by providing funds and equipment to sufferers and also to raise awareness/education about this rare disease of Amyloidosis amongst the general public.

We continue to deliver virtual presentations and discussions throughout our professional network - these include The Institution of Engineering and Technology, The association for Project Management, universities, medical organisations and local companies. This has both raised funds and helped to raise awareness of this little known disease.

In carrying out all of the above, the trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning future activities and setting the grant making policy for the year.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Our activities have been mainly virtual discussions with some local face to face. We have spread awareness of amyloidosis, through our activities with professional and trade bodies and educational establishments, our fundraising has been more limited.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity has minimal overheads and accordingly does not need large reserves.
A minimum balance of around £200 is envisaged.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

All trustees give of their time freely and no trustee remuneration was paid in the year. No trustee expenses were claimed in the year.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

To assist in the treatment and care of persons suffering from amyloidosis in England and Wales by the provision of equipment, facilities, services, financial assistance, support, education and practical advice.
To advance the education of the general public and medical professionals in all areas relating to amyloidosis.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Amyloid Action has established its grant making policy to achieve its objects for raising funds for equipment and research at the National Amyloidosis Centre and the Christie Hospital and for the public benefit of improving the lives of amyloidosis sufferers by providing funds and equipment to sufferers and also to raise awareness/education about this rare disease of Amyloidosis amongst the general public.

We have continued to deliver virtual presentations and discussions throughout our professional network - these include The Institution of Engineering and Technology, The association for Project Management, universities and medical organisations. This has both raised funds and helped to raise awareness of this little known disease.

In carrying out all of the above, the trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning future activities and setting the grant making policy for the year.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

Our activities have been mainly virtual discussions with a limited return to face to face. Whereas, we have probably reached a wider audience with regards to spreading awareness of amyloidosis, carried out through our activities with professional and trade bodies and educational establishments, our fundraising has been restricted.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity has minimal overheads and accordingly does not need large reserves.
A minimum balance of around £200 is envisaged.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.
