Additional governance issues (Optional information)

- policies and procedures adopted for the induction and training of trustees;

- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The major risk facing the church is its financial ability to meet the overheads. The trustees are working on practical ways of raising the funds to deal with the problem

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

To advance the Christian Religion in such ways as the Trustee deem fit

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

During the year under consideration the church continued with the main aim and goal of organising church services with the view of propagating the gospel of Jesus Christ to the general public.

The trustees ensured that the service was organised in a way that welcomes everyone from the public to either join, seek for more information at no cost . People who needed prayers and emotional support were given and prayed for at their request.

The church also embarked on community evangelism to share the gospel of Christ.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The church organised its normal services including, Sunday worship and prayer meetings as well as bible studies.

The church hopes attract more people through evangelism and one on one invitation to benefit from the church activities

Section E

Financial review

Brief statement of the charity's policy on reserves

The church is aiming at keeping at least three months rental and normal office overheads as its reserve policy. The amount of £3000 at any point in time is the target the church is aiming at to enable it stand or continue services should there be any reason for a drop in offering.

Details of any funds materially in deficit

Further financial review details (Optional information)

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The main source of income for the church has been voluntary donations from the members. As a result of the poor church attendance, income has been affected in a big way resulting in deficit.

The trustees are hoping to find creative ways of solving this problem as soon as possible through massive evangelistic work and appeal for funds from the members.
