Summary of the main achievements of the charity during the year

The church has had regular church and prayer meetings in the locations stated above, as well as giving members and the local community the opportunity to come and share fellowship and build up their spiritual lives.

The preaching and teaching by the able and qualified leaders have equipped and enable attendants to hold on to God and press on with their day to day lives with tremendous success.

The church undertakes community evangelism to spread the gospel of Jesus Christ to those who may not have heard it within the community area which was a great success. We will continue this programme in subsequent years to reinforce the message.

Section E**Financial review****Brief statement of the charity's policy on reserves**

The Trustees have agreed to set a minimum balance of £ 3000 in the bank account as its reserve balance to enable it to meet any unforeseen contingencies which may prevent the church from having its regular meeting but still need to honour certain fixed financial obligation account.

None

You may choose to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity.
- investment policy and objectives including any ethical investment policy adopted.

The church continues to rely largely on the voluntary donations by members of the church through Tithes and Offerings. The church has began also receiving gift aid refund from the HMRC and it is expected that as many eligible members signed up the gift aid declaration forms more revenue will be collected from the HMRC which will boost the church income.

It is the goal of the board of Trustees to set up a building Fund to save year by year the surplus cash from the years operations after putting aside the minimum reserve balance into a building fund to enable the church build sufficient funds to acquire its own building or take on a long-term lease.

It is the policy of the Trustees not to invest at the current state of affairs to invest any of its surplus cash in any commercial entity by way of shares. Only investment in the natures of savings which will attract interest in the short and long term.
