Board of Trustees

Hazel Ting

Isiah Ting

Carla Carvalhosa

Structure and Management

The charity trustees are responsible for the management and control of the charity. The trustees give their time freely and receive no financial benefits for their time.

The trustees meet together once every month and hold full responsibility of running the charity, the organisation, correspondence of the charity and overseeing and handling the finance of the charity.

Objectives and activities

Aims

The aim of Happy Homes centres around the idea of relieving needs poverty among children living in orphanages and/or living in poverty with their families. Happy Homes is rooted in the philosophy that all children should be given a solid, supportive home foundation that nurtures and facilitates their development. Happy Homes operates with families and organisations that care for children such as orphanages. We believe that the home environment is crucial in the development of children and plays a key role in their success as adults.

Operating within Orphanages:

Many orphanages particularly in Eastern Europe, Asia and south America sometimes lack the necessities to look after children, this may be due to a number of reasons, not enough staff to care for the children, lack of money to provide resources. These necessities include regular nutritional meals, clothing, educational equipment, bedding and adequate space, safe building. The aim in orphanages are:

- To make these places which children identify as their home to feel more like a home.
- Have a positive impact on the lives of these children, by effectively providing the orphanages with the means to meet their basic needs. We hope it will have an effect on their wellbeing and positive change in different aspects of their lives whether that be educational or personal and give them a solid foundation from which they can strive to achieve.

Operating within Families:

Many families living in poverty, parents unable to get financial security and stability to provide safe, nurturing homes for their children.

- Happy Home aims to help parents provide the basic necessities for their children.

Strategies:

Two main routes we help families and organisations that care for children.

- Financial support: We entrust financial aid to the caregivers and they will spend the money accordingly to fulfil the needs
- Resource support: We provide the resources needed. This can include bedding, clothing, furniture, building materials, educational resources etc.

How we decide which route provides the most effective and beneficial help is through assessment. We assess the needs of the children and the quality/state of their home. The trustees speak to the children one on one as well as the caregivers to decide what is needed the most that will have a positive, immediate impact on helping improve the home environment and wellbeing of these children or child.

Activities:

The charity has been inactive for the past year we still hold the funds raised in a separate bank account. Due to the management adjustments it has been difficult to navigate the future of the Charity but all members have established that they would like to keep the Charity going. We also established that a much needed look at the Constitution and management of the Charity is overdue and have scheduled to hold a board meeting for this.

Due to inactivity we have lost the Domain for our website.

As we still hold the funds from before we would aim to again make contact with an orphanage in the Philippines that we have visited before to discuss ways to help them.

Future goals:

The charity has been dormant and inactive for the past year due to trustees personal issues and management adjustments. In moving forward we set up small goals for the near future to help rebuild the charity.

- We hope to use the money from previous fundraisers to help an orphanage in the Philippines.
- We hope to organise more fundraising events.
- We hope to re-organise our social media presence.
- Create a new website in the hopes that donors and potential beneficiaries see our objectives and reach out to us.

Review of the Finance of the Charity:

<u>2018 Finance</u>	Just Giving:	Bake Sale:	Donors:
Income:	£37.95	£321.96	N/A
Total income 2018:	£359.91
