Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>The charity was established on request of various GSP organisations. They wished for a registered charity with full accountability and visibility.</p> <p>The charity was established and registered with the Charity Commission. We continue to meet all regulatory requirements and act in an appropriate manner. Based on feedback we have received we are seen to be fair and honest in our approach and continue to achieve the main goals placed upon us in establishing the charity.</p> <p>This past year has been challenging with the highest number of dogs needing homes and people requiring assistance in some manner. The financial environment has improved. We have found an increasing number of dogs needing assistance due to owner ill health or death. Landlords are reclaiming and selling homes prior to changes in law and interest rates are increasing placing additional financial burdens on families.</p> <p>We have also found the increased occurrence of younger dogs with behavioural problems continues into this year and our training costs continue to be high.</p> <p>We provided support to the German Longhaired Pointer Club for some dogs in need of new homes as they do not have a breed rescue themselves. It was a coordinated effort to ensure the best welfare for the dogs.</p> <p>We have been fortunate to have continued to receive excellent support from our charity's community and have had no significant impact on our financial situation. We have managed to build on our reserves which we believe will be needed if the increase in dogs requiring assistance continues to increase. The number of dogs we have rehomed is a critical factor in calculating our reserves as we provide lifetime support.</p> <p>We continue to be full members of the Association of Dogs and Cats homes which will enforce our standards and ensure that they are in accordance with best practice.</p> <p>We have an increased presence in the general community with referrals now being received from police and Local Authority dog facilities.</p>

Achievements and Performance

	SORP reference	
<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>The charity was established on request of various GSP organisations. They wished for a registered charity with full accountability and visibility.</p> <p>The charity was established and registered with the Charity Commission. We continue to meet all regulatory requirements and act in an appropriate manner. Based on feedback we have received we are seen to be fair and honest in our approach and continue to achieve the main goals placed upon us in establishing the charity.</p> <p>This past year has been challenging with a higher number of dogs needing homes and people requiring assistance in some manner. The financial environment and the housing situation have added extra complication for people with dogs. Landlords are reclaiming and selling homes prior to changes in law and interest rates are increasing placing additional financial burdens on families.</p> <p>We have also found the increased occurrence of dogs with behavioural problems continues into this year and our training costs continue to be high. The rescue's ability to rehome these dogs has become increasingly difficult resulting in increasing kennelling costs.</p> <p>We provided support to the German Longhaired Pointer Club for some dogs in need of new homes as they do not have a breed rescue themselves. It was a coordinated effort to ensure the best welfare for the dogs.</p> <p>We provided support to the German Wirehaired Pointer Rescue on an interim basis on the death of their coordinator.</p> <p>We have been fortunate to have continued to receive excellent support from our charity's community and have had no significant impact on our financial situation. We have managed to build on our reserves which we believe will be needed if the increase in dogs requiring assistance continues to increase. The number of dogs we have rehomed is a critical factor in calculating our reserves as we provide lifetime support.</p> <p>We had a successful external assessment and have been accepted as full members of the Association of Dogs and Cats homes which will enforce our standards and ensure that they are in accordance with best practice.</p> <p>We have an increased presence in the general community with referrals now being received from police and Local Authority dog facilities.</p>

We continue to meet all regulatory requirements and act in an appropriate manner. Based on feedback we have received, we are seen to be fair and honest in our approach. We have achieved the main goals placed upon us in establishing the charity.</p> <p>This past year has been challenging with coming out of COVID-19 placing many additional requirements upon us to deliver our services. The level of activity has continued to escalate as people return to work or changes to their circumstances mean they are no longer able to maintain a home for their dogs.</p> <p>We have found an increased occurrence of dogs with behavioural problems requiring additional training. The rescues ability to rehome these dogs has become increasingly difficult resulting in increasing kennelling costs.</p>

		<p>We have been fortunate to have continued to receive excellent support from our charity's community and have had no significant impact on our financial situation.</p> <p>We have manage to build on our reserves which we believe will be needed if the increase in dogs requiring assistance continues to increase. The number of dogs we have rehomed is a critical factor in calculating our reserves as we provide lifetime support.</p> <p>We have been accepted as members of the Association of Dogs and Cats homes which will enforce our standards and ensure that they are in accordance with best practice.</p> <p>We have an increased presence in the general community with referrals now being received from police and Local Authority dog facilities.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The charity was established on request of various GSPs organisations. They wished for a registered charity with full accountability and visibility.</p> <p>The charity was established and registered with the Charity Commission. We continue to meet all regulatory requirements and act in an appropriate manner. Based on feedback we have received, we are seen to be fair and honest in our approach. We have achieved the main goals placed upon us in establishing the charity.</p> <p>This past year has been challenging with COVID-19 placing many additional requirements upon us to deliver our services. We were fortunate to have a decreased general level of activity with people being at home and thus having more time to spend with their animals. This allowed us to concentrate on meeting the various urgent requirements requested of us to help people and families in unfortunate circumstances (death, relationship breakdown,</p>

		<p>and illness to name a few), whilst complying with guidance related to public health advice</p> <p>We have been fortunate to have continued to receive excellent support from our charity's community and have had no significant impact on our financial situation.</p> <p>We received a large legacy from one individual, which has bolstered our charity's reserves and has enable us to establish reserve funds that allow us to assist animals in our care (animals placed in to homes by us or animals we are in the process of placing into homes).</p> <p>We have registered with DEFRA for any importation of animals from outside of the United Kingdom (in line with changes made in 2020). We have also entered the registration process for the Association of Dogs and Cats homes which will enforce our standards and ensure that they are in accordance with best practice.</p>

Independent examiner's report to the trustees of GSP Trust

Examiner's unqualified report (for a non-company charity preparing receipts and payments accounts) with a gross income of £250,000 or less in the relevant financial year

I report to the trustees on my examination of the accounts of the GSP Trust (the Trust) for the year ended 31 January 2021.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Independent examination of charity accounts checklist (CC32a)

A recommended checklist for examiners

This checklist is not suitable for the examination of voluntary group accounts.

1. Self-assessment checklist

The questions in this checklist are designed to help the examiner to undertake their independent examination in accordance with the legal requirements and good practice recommendations set out in the Commission's guidance on Independent examination of charity accounts: Directions and guidance for examiners (CC32).

The examiner is recommended to use the checklist alongside the Directions for independent examination. Not all the checks listed will apply in the case of every independent examination and so the checklist is not a substitute to the examiner using their own judgment as to what is necessary.

The prompt 'step done' may prompt a 'yes' or 'no'. A 'no' answer does not always indicate a problem because it may simply be that the step was either not applicable or found not to be necessary to the examination undertaken in which case the words 'not applicable' or 'not necessary' might be entered in place of a working paper reference.

Some answers may be 'no' because the evidence or information that was needed could not be obtained and this will need to be considered when the examiner makes their report. It is recommended that all the steps for each Direction are completed with a working paper reference added.

It may be that the examiner completes the checklist as they go through the examination or as a completeness check at the end as they bring their examination to a conclusion and prepare their report. There is no legal requirement to use this checklist and examiners may substitute their own checklist or take an alternative approach.

If the checklist is completed it is recommended that this forms part of the formal record of their independent examination undertaken and is kept in the file of examiner's working papers.

Question to the Trustees:

How do you ensure the accounting records are complete each financial year?

Trustee Response:

We have one trustee who primary role is to manage the financial and governance issues for the Charity. We are required to submit reports to the charity commission which include our financial accounts and controls to ensure we continue to perform to their standard. We are very motivated to maintain our charity status to ensure that we can continue to serve the GSP community we serve.

We use electronic accounting system to ease remote working as the trustees live in diverse locations. This allows trustees to complete the financial requirements for their individual areas and is overseen by the trustee responsible for financial matters. The accounts are update on the system no less than weekly and often daily. The accounting system produces reports needed to monitor financial performance.

A quarterly update is provided to the trustees which also ensures that the accounts are kept up to date.

With regards to continuity of accounting and bookkeeping if the primary trustee for finance matters is unavailable, we have decided that we would engage an accounting professional to oversee the role performed by the trustee.

Note 8

Question to the Trustees:

Were the charity's internal financial controls reviewed in the year reported?

Response:

Yes, the financial controls were reviewed. The current controls were deemed suitable for the level of activity.

Note 9

Question to the Trustees:

Do you expect the charity to be able to settle outstanding invoices, bills and commitments as and when they fall due in the forthcoming months?

Response:

The Charity has sufficient funds to meet all expected requirements. We have endeavour to ensure that a sufficient amount of working capital is available to meet any common and extraordinary requirements.

And

Do you have a reserves policy and are you confident that the level of reserves held is adequate?

Response:

Yes we have a policy. The policy for the charity reserves is based on the need to ensure suitable funds are available to provide continuing care for the animals we have rehomed and to ensure the continued operation of the charity. The amount of reserves is based on the number of animals and historical expense pattern for these animals. We also acknowledge that the potential cost for increased veterinary costs as the animals get older. We also consider the need for exceptional costs that may exceed the standard expenditure pattern. Yes we are confident that our reserves are adequate.
