TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2024

The trustees present their annual report and financial statements for the year ended 31 March 2024.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

Objectives and activities

The charity's objectives include:

- the application of income for the benefit of such charitable purposes as the trustees may from time to time determine and for the benefit of children supporting projects that enable them to fulfil their potential in an environment that they feel safe, valued and inspired to achieve; and
- To promote all other purposes recognised as charitable under the law of England and Wales to the benefit of the general public as the trustees shall from time to time determine.

The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on Public Benefit when reviewing the charity's aims and objectives and in planning future activities.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

Our purpose and mission have been established with the aim of helping children reach their full potential by providing safe environments in which they can thrive.

The Foundation is striving to create opportunities where youngsters from across Greater Manchester and the North East feel safe, valued and inspired to achieve their full potential.

Now in its 7th year, the charity continues to run activities both on and off the pitch, with the aim to inspire and support young people. The focus continues to be on children in disadvantaged areas of Greater Manchester and the North East. Working with experienced delivery partners, we strive to make the greatest impact whilst ensuring our work in the communities is sustainable and efficient.

Over the past year, we have run numerous extra activities alongside our usual football sessions in Manchester, reaching over 1,000 children. We've assisted school holiday camps with Wallsend Sporting Club, delivered Back to School packs, and provided hundreds of football boots through our Carrick's Boot Room initiative in Middlesbrough.

Our participants have been able to enjoy extra-curricular activities, such as CV writing and social action workshops, alongside Manchester United Foundation at their youth events. They have also attended open water safety and paddle boarding workshops and taken part in a padel tournament. We have also helped open a new community hub in Wallsend, which will support in widening our reach to positively impact young lives.

Financial review

During the year, incoming resources raised amounted to £100,629 (2023: £150,683). Resources expended on the activities of the charitable company, including the cost of raising funds, amounted to £159,526 (2023: £256,844). The closing fund balance is £1,002,088 (2023 : £1,023,048) and will be utilised in the future for funding charitable events and making further donations.

Reserves policy

The charity has designated funds to cover committed future spend.

Based on the charity's current and future operating costs, the present value of its investments and the challenging environment in terms of charitable fundraising as a result of the cost of living crisis, the Trustees consider it prudent to hold unrestricted reserves in the sum of £50,000. These reserves are intended to potentially cover any shortfall in the medium term funding plans and also cover the charity's running costs for at least a six month period in the event that income streams were to cease completely. The trustees note that the medium and long term funding proposals can be reconfigured in the event of a substantial shortfall but the trustees' view is that reserves of £50,000 should enable the Charity to fulfill its plans and also funds its general operation should any shortfall occur.

The balance held as unrestricted funds at 31 March 2024 was £1,002,088 (2023: £1,023,048) of which £789,088 (2023: £172,048) is regarded as free reserves. Within unrestricted reserves is an amount of £213,000 (2023: £851,000) which has been designated for known future spend.

The balance held as restricted funds at 31 March 2024 was £Nil (2023 £Nil). The charity's policy in respect of restricted funds is to record separately any donations and other income received where restrictions are imposed that are narrower than the Charity's overall objectives.

As a result of the reserves policy adopted by the trustees, they have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Risk

The principal risks faced by the Charity lie in operational risks from ineffective grant making and the capacity of the Charity to make effective grants. The risk is mitigated by the trustees being involved in the grant making process and grants being awarded to established charities who are required to meet appropriate financial regulatory requirements.

The Charity will continue to make grants in line with the objectives and distribute income received.

Structure, governance and management

The charity is a company limited by guarantee. The charitable company is governed by the Memorandum and Articles of Association which were laid down at the incorporation of the charitable company on 17 February 2017.

The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

INDEPENDENT EXAMINER'S REPORT

TO THE TRUSTEES OF MICHAEL CARRICK FOUNDATION

I report to the trustees on my examination of the financial statements of Michael Carrick Foundation (the charity) for the year ended 31 March 2024.

Responsibilities and basis of report

As the trustees of the charity (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 (the 2006 Act).

Having satisfied myself that the financial statements of the charity are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's financial statements carried out under section 145 of the Charities Act 2022 (the 2012 Act). In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2022 Act.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
- 2 the financial statements do not accord with those records; or
- 3 the financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
- 4 the financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2024

1 Accounting policies

Charity information

Michael Carrick Foundation is a private company limited by guarantee incorporated in England and Wales. The registered office is Brabners LLP, 9th Floor, 100 Barbirolli Square, Manchester, M2 3AB.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)". The charity is a Public Benefit Entity as defined by FRS 102.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

1.4 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

1.5 Expenditure

Liabilities are recognised as soon as a legal or constructive obligation exists committing the charitable company to pay out resources; it is probable that the settlement will be required, and the amount of the obligation can be measured reliably. All expenditure is accounted for on an accruals basis.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

Where the charitable company gives a grant with conditions for its payment being a specific level of services or output to be provided, such grants are only recognised in the SoFA once the recipient of the grant has provided the specified service or output.

These are only recognised in the accounts when a commitment has been made and there are no conditions to be met relating to the grant which remain in the control of the charitable company. The charitable company considers that commitments only arise when sufficient funds have been raised to fulfil pledges made.

All expenses involving support costs and governance costs are allocated or apportioned to the applicable expenditure headings.

1 Accounting policies

(Continued)

1.6 Fixed asset investments

Fixed asset investments are initially measured at transaction price excluding transaction costs, and are subsequently measured at fair value at each reporting date. Changes in fair value are recognised in net income/(expenditure) for the year. Transaction costs are expensed as incurred.

A subsidiary is an entity controlled by the charity. Control is the power to govern the financial and operating policies of the entity so as to obtain benefits from its activities.

1.7 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.8 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

18 Designated funds

The income funds of the charity include the following designated funds which have been set aside out of unrestricted funds by the trustees for specific purposes:

	Movement in funds				
	Balance at 1 April 2022	Incoming resources	Balance at 1 April 2023	Transfers	Balance at 31 March 2024

	<u>851,000</u>	<u>-</u>	<u>851,000</u>	<u>(638,000)</u>	<u>213,000</u>

Designated funds have been set aside by the charity to meet future spending commitments. The trustees have taken the view that the funds associated with the short, medium and long term should be classed as designated.

Whilst the charity has rights to withhold payments in particular circumstances the trustees' position is that these sums will be paid and as such are not "freely available".
