ANNUAL REPORT AND ACCOUNTS

There was no activity with respect to either income or expenditure since inception of the Golden Halo Foundation (GHF), as the Charity opened a bank account (Lloyds Bank) only within the past three months.

Activity is planned for commencement in January 2023. Initially, GHF will be holding meetings with other charities to understand where the gaps lie in terms of the provision of assistance, and to determine possible partnerships in order to ensure that there is no reinvention of strategies and reach.
