Deferred Debt Arrangement

On the 24th May 2022, Baptist Pension Trust Limited (the Trustee) and Frampton Park Baptist Church (the deferred employer) entered a "Deferred Debt Arrangement". The agreement enables Frampton Park Baptist Church to defer the debt of £114,000 incurred by a "employment cessation-event".

The Church continued to pay Deficit Recovery Contributions which was previously £307 per month. That plan was to continue paying this amount until such a time as it either chooses to trigger a cessation event and settle the debt payable based on the scheme funding position at that time, or the Scheme is fully funded. The Recovery Plan was currently in place and working towards this being the case in 2026; however, this was not guaranteed and while the Church remained as a participating employer, it retained responsibility for Scheme deficit funding. There was an expectation that due to the improved funding position of the scheme since the cessation event, the deficit liability which would be brought forward and recalculated based on the current position will have reduced.

This pension debt came to our notice just after registering as a Charitable Incorporated Organisation (CIO), and we were advised not to transfer the Church assets and operations to the CIO, hence the reason for the dormant accounts.

Therefore, the Leaders concluded to continue carrying out the Church activities in the original charity structure of Frampton Park Baptist Church, Charity Number: 1150885.

The current good news is that in 2023, the Baptist Union Pension Scheme offered us the option to exit the pension scheme by paying a one-off fee. After careful deliberations and discussions at a Members' meeting, we decided to settle so we have no more liabilities.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial reports comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes (Reason for Dormant Accounts)

Pension Statement

In 2019 we mentioned that the church had incurred two Cessation Events; one for £80,200 and the second in 2011 for £114,00. A Cessation Event is activated when an Employer in the pension scheme, in this case Frampton Park Baptist Church, no longer has a Minister in the scheme because their time in office has ended. As a result, the Minister no longer contributes to the scheme through the Employer. There is a period of grace for another Minister to enter into the scheme through the Employer, however, if one doesn't a Cessation Event is activated, meaning the Employer becomes liable for their share of the pension scheme's deficit.

It is recognised that potential double counting has taken place with the above figures under the current pension regulations. The Employer Group and Pension Trustee fortunately came up with a solution to this problem. We are pleased to say that a deed was signed by the church and the Baptist Pension Trust Ltd which removes the first Cessation Event Debt from Frampton Park Baptist Church. This is due to the Baptist Union Great Britain making payments totalling £33 million to the scheme in 2018, and on execution and delivery of the deed a portion of such payment will be deemed to settle the First Cessation Debt on behalf of the church.

We now have one Cessation Event totalling £114,000. Whilst we wait to hear about our options with regards to the £114,000 we have been instructed to continue making a contribution to the Baptist Pension Scheme deficit, which has slightly increased since 2019 to £307 per month.

The pension debt came to our notice just after registering as a Charitable Incorporated Organisation (CIO), and we were advised not to transfer the Church assets and operations to the CIO, hence the reason for the dormant accounts.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial reports comply with the Charities Act 2011, the

Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
