

Honourable Edward Kargbo Trust

Our ability to proceed with fundraising and grant giving has been seriously hampered by the length of time that Barclays Bank has taken to re-open a new account in line with their new policies. We have only recently received details of our new account but so far they have failed to transfer the £500 from the dormant account. We are hopeful that this will be done soon and now we have a bank account we are optimistic that we can start sensible fundraising in 2026.

Barclays Bank Account Sort code 20 16 12. Account no 23138534

They are holding £500 for us and we are awaiting transfer from the dormant account.
We have no other monies at present. (see annual report)
