Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The objects of the CIO are to provide training, mentoring, education and employment opportunities for dental technicians and trainee dental technicians around the world. The CIO will also aim to provide affordable dental appliances to those patients who are in need and/or do not have the means to pay for them in the UK and developing countries. Finally volunteering opportunities for dental technicians based in the UK to those same developing countries to carry out the mentoring, training and education as stated above.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Working with other UK based dental charities and organisations to provide dentures to their homeless, veterans, socially mobile & poor patients via a postal service to volunteer laboratories and through volunteer/subsidised dental clinics appointments.

We confirm that the trustees have had regard to the guidance issued by the Charity Commission on public benefit.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Summary of the main achievements of the charity during the year

During this reporting period, Den-Tech continued to deliver vital restorative dental services to individuals who are unable to access care through conventional routes. Working collaboratively with volunteer dental laboratories, clinical dental technicians and partner dental clinics, we provided high-quality restorative dental appliances to **survivors of domestic abuse** and **military veterans facing hardship**. Our focus remains firmly on delivering *quality of care over volume*, ensuring that every patient receives a comprehensive, dignified and fully restorative service tailored to their needs.

In addition to our UK-based work, Den-Tech undertook significant international charitable activity. In **June 2024**, a multidisciplinary team of UK-based volunteer dentists, dental nurses and dental technicians travelled to Uganda. Their mission was twofold:

1. **To train and mentor local Ugandan dentists, nurses and technicians**, helping to build sustainable skills and long-term capability; and
2. **To deliver direct patient care** in partnership with local healthcare providers.

As part of this mission, Den-Tech supported outreach activities at **Rakai Hospital in the Kyotera District of Uganda**, where the team provided treatment to **over 120 patients** and supplied **133 dentures free of charge** to members of the local community who otherwise could not have afforded such care.

To ensure the ongoing sustainability of restorative services in the region, Den-Tech also supplied enough dental laboratory equipment to enable the establishment of a **basic denture service** operated locally. This investment allows the community to continue receiving essential dental appliances long after the volunteer team returned to the UK.

Section E Financial review
