- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The Trust gives the trustees the power to apply the funds in such a manner as they think fit for the benefit of the charitable objects.

The trustees identify projects and organisations they wish to support and only make grants to other registered charities. The focus of the grant making is the development and support of the young and the conservation of both the natural and built environment. While the Trustees make grants to UK based charities, it may apply the grants to support work done by those charities overseas.

Grants are made based on applications that have been made to the Trust and also charities nominated by Trustees as a result of research undertaken on specific organisations.

The trustees will consider both one off grants often to support capital or project needs. They will also consider grants made with a commitment to repeat over a number of years, typically in three-year cycles.

## Section C Objectives and activities

### Summary of the objects of the charity set out in its governing document

Assist groups working in many charitable fields including conservation of the natural and built environment and the development and support of young people

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The charity's grant making strategy over the year has been in line with the aims and objectives of the Foundation. A total of £232,950 has been disbursed to twenty four different charities. The grants were a mixture of donations towards the general purposes of the Charity concerned, and grants in support of specific charitable projects.

It is the trustees' belief that in the conduct of the affairs of the Foundation, they have had due regard to the public benefit guidance of the Charity Commission, complying with both the "public" aspect (within the parameters set by the objectives of the Foundation) and with regard to the "benefit" aspect.

**Additional details of objectives and activities (Optional information)**
