### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Our main source of funds are through donations and fundraising activities.

Our aim is to provide monetary support when needed through donations and fundraising activities.

As a new charity, our expenditures have been covered by trustees making donations through their savings and their personal finances.

Our financial aim is to limit the running cost of the charity, so that the monetary funds will directly support the needs of the public

## Section F

## Other optional information

No investment of funds, as the funds must be used to meet the needs of individuals for counselling, housing issues and child care cost.

Direct sourcing of funds through public funding can be challenging, because there are many choices and various ways of getting resources.

Our members are working class individuals with limited time and financial resources, therefore online sales and social media measures have been utilised alongside direct contact with the public.

No membership fees are required, but we still need volunteers to be responsive to joining our charity to help widen our network and do a more large scale fundraising activity in the future.
