Annual Report and Financial Statement

June 2024 – May 2025

Report of the Trustees

The Trustees present their report and financial statements for the year ended 31 May 2025.

The financial statements comply with current statutory requirements, the Memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities (Charities SORP FRS 102).

Structure, governance & management

The organisation is a Charitable Incorporated Organisation, registered as a charity on 14 June 2017.

The company was established under a charitable constitution which established the objects and powers of the charitable company and is governed under the constitution.

All Trustees give their time voluntarily and receive no benefits from the charity. Any expenses reclaimed from the charity are set out in the accounts.

The Trustees review the aims, objectives and activities of the charity each year. This report looks at what the charity has achieved and the outcomes of its work for the 12 months in the year ending 31 May 2025. The Trustees report the success of each key activity and the benefits the charity has brought to those groups of people that it is set up to help. The review also helps the Trustees ensure the charity's aims, objectives and activities remain focused on its stated purposes.

Objectives and activities

Streets4Christ aims to promote awareness and combat hunger, poverty, and suffering amongst the homeless and low waged community, by working with others to empower individuals and communities to effect change in the distribution of food and resources.

The relief of poverty of persons who are in conditions of need, hardship and distress, in particular but not exclusively by:

- 1) The provision of food, other nourishment, clothing and other items
- 2) The provision of information, advice and assistance to empower them to address their circumstances.
- 3) Working with other organisations and charities providing similar services and support.

The Trustees

3 of our recent trustees, Minnie Traynor, Merrecher Tulloch and Alita Curritthers, who have served faithfully since the organisation became a charity in 2017, were asked to give us a few words about their time overseeing Streets4Christ.

Minnie Traynor - As Co-Founder of S4C it has been my absolute pleasure to serve

the community. It has not come without challenges, but challenges that have brought about personal growth and development, as well as the development of the charity. We continue to make a positive impact in the lives of those we serve. Meeting their practical immediate needs, as well as assist with some of their long term needs and life goals. We network with other organisations who are able to assist where we cannot. This is invaluable to our service users. We are proud to encourage and facilitate our service users, who show an interest, to get involved by volunteering with us. This is going very well. We also encourage our partners and those who donate to come along and get involved with the practical side of our Charity. This has been very helpful to us and them. Our service users benefit from seeing other people getting involved too. We look forward to what the future has in store, as we continue to serve the community.

Merrecher Tulloch - *Looking back over the 10 years I've been involved with Street4Christ, it's*

evolved so much. I remember back to the days of driving into Nottingham City Centre, picking up a carload of clients, ferrying them to the Boys club, feeding them and then ferrying them back to town; not the greatest or safest way of doing outreach work but it worked at the time, and it was what people needed and no one else was offering this kind of needed assistance. It's taken time, faith & a persistent vision to get the project to its current location with the weekly donations of food, clothing and a team of regular volunteers, instead of a handful of people providing all the

refreshments, cooking, serving and providing the funds to rent the building. When the three of us sat down to apply to be a charity we can honestly say we had no idea what we were doing – But God! It's always a blessing that people who have used the service can disappear for a while, then they will reappear knowing Streets4Christ is a stable project providing the essentials they need, or they will turn up with someone they have encountered who is also in need. I feel so privileged that I've been able to donate my time to such a worthwhile cause.

Alita Currithers - *When I first got involved with Streets4Christ I was a volunteer, helping with the preparing & serving of food and packing away after each session. Then as time went on, I became more involved with donating my time and funds to the preparation and cooking of meals and continuing to help with the service of food on a weekly basis and distributions of clothing. Since becoming a trustee, we have worked to have a network of people to volunteer their services and now have regular donations coming in, to enable us to provide a better service. I feel it's a blessing that I have been able to have a positive impact on people's lives through this project.*

Charitable activities in the past year

Business will always remain the same for Streets4Christ, we continue to support the homeless and low-waged community in our 3 Nottingham city centre outreaches at All Soul's Community Centre, St Nicholas Church and by Marks and Spencers. Paul & Minnie's connection to local churches helps a lot with raising the profile of Streets4Christ and congregations wanting to donate food or their time to help with the food kitchen on Mondays and Fridays, and the much-needed Outreach on a Saturday especially when the nights are cold and wet during the dark nights.

Paul our CEO and 'up-front' man has done several media interviews – Revelation TV, UCB Christian radio and local radio. Some of these generated interest in the charity and we were particularly blessed by a listener, whose donation helped towards purchasing clothing that we were able to distribute during the cold weather.

The Sanctuary & Outreach Distribution -

Traditionally the sit-down service operates on a Mondays from 6.30pm until the food is finished. We offer a 3-course meal and/or take away

meal, clothing, food parcels and bedding. Our weekly outreach on the streets of Nottinghamshire on Wednesdays continues and, although some street sleepers are still being picked up and accommodated through local government short term 'severe cold weather' initiatives, there is no food provided by these services so people still need support in this area. We try to ensure we have relevant and up-to-date information about Food Banks, other soup kitchens, shelters and places where resources and information is relevant to the client group. For example, knowing where you can get a free haircut or sanitary products is of great importance. In the last year, we have started additional meal provision service and advice on a Friday lunchtime in central Nottingham.

Supporters/Volunteers

Streets4Christ have continued to work in partnership with other local organisations, charities, churches and businesses and we are forever grateful to the dedicated team of volunteers who turn up every week, even on bank holidays to help someone's day that little bit brighter.

Future Plans and Changes

We are always on the lookout for funding and ways we can generate income to further the work of Streets 4 Christ. We are committed to working with others who also strive to help others. We are always on the lookout for our own premises, and ways to ensure we are providing the best service we can.

We are thankful for all the support we receive, whether it be from Fareshare, Nando's, Tesco, ASDA, Greggs, local shops, churches, the weekly volunteers, the back-up volunteers and the people who donate to the project.

I feel so privileged that I've been able to donate my time to such a worthwhile cause.*

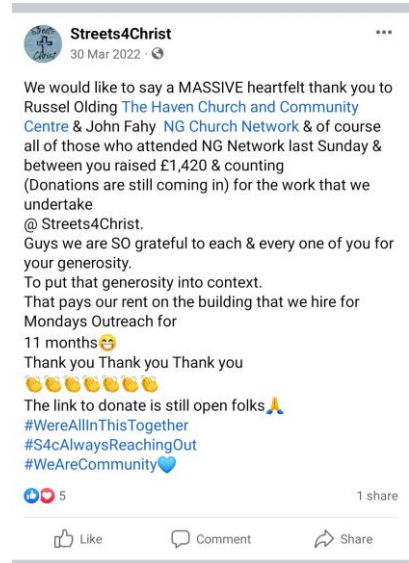

Alita Currithers - *When I first got involve with Streets4Christ I was a volunteer, helping with the preparing & serving of food and packing away after each session. Then as time went on, I became more involve with donating my time and funds to the preparation and cooking of meals and continue to help with the service of food on a weekly basic and distributions of clothing. Since becoming a trustee we have a worked to have a network of people to volunteer their services and now have regular donations coming in, to enable to provide a better service. I feel it's a blessing that I have been able to have a positive impact on people's lives through this project.*

Charitable activities in the past year

Business will always remain the same for Streets4Christ, we continue to support the homeless and low-waged community. Paul & Minnie’s connection to local churches helps a lot with raising the profile of Streets4Christ and congregations wanting to donate food or their time to help with the food kitchen on a Monday and the much-needed Outreach on a Wednesday especially when the nights are cold and wet during the dark nights.

Paul our CEO and ‘up-front’ man has done several media interviews - UCB Christian radio and local radio, some of these generated interest in the charity and we were blessed by a listener, this donation helped to purchase clothing that we were able to distribute during the cold weather

The Sanctuary & Outreach Distribution - Traditionally the sit-down service

operates on a Mondays from 6.30pm until the food is finished. Surprisingly, we are still seeing the knock-on effects of the pandemic as we have on occasion had to purchase chicken and pudding as Nando’s and Tesco’s had nothing or not enough for our service users. We are still offering a 3-course meal and/or take away meal, clothing, food parcels and bedding. Our bi-weekly outreach on the streets of Nottinghamshire continues although some street sleepers are still being picked up and

accommodated through local government short term ‘severe cold weather’ initiatives however food is never

included, and people still need support from ‘Streets’. We try to ensure we have relevant and up-to-date information about the other Food Banks, Soup Kitchens, Shelters and places where resources and information is relevant to the client group. Knowing where you can get a free haircut or sanitary products is of great importance.

Supporters/Volunteers

Streets4Christ have continued to work in partnership with other local organisations, charities, churches and businesses and we are forever grateful to the dedicated team of volunteers who turn up every week, even on bank holidays to help someone's day that little bit brighter.

Future Plans and Changes

We are always on the lookout for funding and ways we can generate income to further the work of Streets 4 Christ. We are committed to working with others who also strive to help others. Once again while we have no major changes we are always on the look out for our own premises, and ways to ensure we are providing the best service we can. We are however always looking for people to join the Charity as a Trustee.

We are thankful for all the support, whether it from Fareshare, Nando's, Tesco, ADSA, Greggs, the local shops, churches, the weekly volunteers, the back-up volunteers and the people who donation to the project.

Report of the Trustees

The Trustees present their report and financial statements for the year ended 31 May 2021.

The financial statements comply with current statutory requirements, the Memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities (Charities SORP FRS 102).

Structure, governance & management

The organisation is a Charitable Incorporated Organisation, registered as a charity on 14 June 2017.

The company was established under a charitable constitution which established the objects and powers of the charitable company and is governed under the constitution.

All Trustees give their time voluntarily and receive no benefits from the charity. Any expenses reclaimed from the charity are set out in the accounts.

The Trustees review the aims, objectives and activities of the charity each year. This report looks at what the charity has achieved and the outcomes of its work for the 12 months in the year ending 31 May 2021. The Trustees report the success of each key activity and the benefits the charity has brought to those groups of people that it is set up to help. The review also helps the Trustees ensure the charity's aims, objectives and activities remain focused on its stated purposes.

Trustees will usually serve for 3 year terms and may be re-appointed for a second term.

All Trustees have agreed to serve for a second term until 31 May 2023.

Objectives and activities

Streets4Christ aims to promote awareness and combat hunger, poverty, and suffering amongst the homeless and low waged community, by working with others to empower individuals and communities to effect change in the distribution of food and resources.

The relief of poverty of persons who are in conditions of need, hardship and distress, in particular but not exclusively by:

- 1) The provision of food, other nourishment, clothing and other items

- 2) The provision of information, advice and assistance to empower them to address their circumstances.
- 3) Working with other organisations and charities providing similar services and support.

Word from Paul Traynor - Co founder/CEO

Over the last ten years Streets4Christ outreach programme has evolved from dealing primarily with street sleepers, low waged & homelessness in Nottingham to supporting anyone in need who comes across our path.

During this year, due to social and economic issues such as the pandemic, Brexit and rising living costs we've become so much more to a lot of people. As the cost of living crisis continues to increase, we've increased our work within the community that we serve: giving out food parcels, providing furniture (where possible, from donations) to people getting accommodation for the first time and we now dealing on a daily basis with the effects of poverty in various ways, including the effect on physical and mental health.

We continue to provide food, clothing, bedding, toiletries as well as advice & support with benefits, job applications & housing referrals - the list goes on & on. If we can't do it or provide it we try and find someone who can, and we are continually & consistently looking for ways to not only assist our service users, but to try to tackle the root problems & issues to prevent people falling into poverty & homelessness - it's amazing what a 5 minute conversation about why a person may be 'begging' can do with a person who has no comprehension of struggling to find their next meal or that 5 minute conversation with someone street sleeping can uncover a myriad of issues that if supported may not have resulted in sleeping out in the cold

Unfortunately, the cost of living crisis is directly affecting the support & donations we receive which does have an effect on what we can provide, we are still coming to terms with the 100% rise in weekly building rental cost and have seen a hike in prices on other items used regularly

I know I'm bias but I feel Streets4Christ are making a significant difference in our community for the better. People continually return to us assistance and I'm so happy and proud that we even have people who having used the service are now in a position to want to volunteer to help others.

At Streets4Christ we are committed to alleviate the effects of poverty within our community & beyond.

*Kind regards
Paul*

Charitable activities in the past year

It has been business as usual for Streets4Christ, we continue to support the homeless and low-waged community. It was helpful that restrictions were eventually lifted so we were able to access the building. In the first few months we continued to restrict services to just take away meals and clothing, but gradually we have gone back to a sit down service, but still mindful of social distancing and the use of PPE.

It has been hard during this pandemic, we know our service users only come to us because of the need for a meal, warm clothes and temporary shelter. But often it's much more than that. It's interaction with people who will not judge them based on their circumstances. Having the shelter aspect restricted we have noticed some deterioration of peoples mental and physical health. We have even learned that a few of our regular attended have died. Our service continues to be an essential service without which many would be without basic essentials such as food and warmth, and while we are still unable to provide accommodation we provide bedding and food that could be eaten without needing the use of a cooker. Access to the building once a week is, for some users, their only access to washing facilities as they use the men's/ladies toilets to wash in.

As with most services our fund raising efforts are still over shadowed by the knock on effect the pandemic has had. Even though we are a registered charity and there was some local funding we still could not access, as for the application we were required to provide a local address for all beneficiaries, which for us is impossible because of the service user status. Paul has

however done a number of radio interviews and this has generated some interest and funds for the charity. We still however are solely reliant on donations. Again due to the pandemic and the growing economic crisis, these donations go towards the rent of the building which has raised dramatically and the cost of provisions, food containers and clothes.

sleeping.

The Sanctuary - Traditionally the sit-down service operates on a Mondays from 6.30pm until the food is finished. We are still offering a 3 course meal and/or take away meal, clothing, food parcels and bedding. However, in line with government directions, access to the church building that is used by the project for its weekly has been restricted for a large portion of this financial year. Clothing, toiletries and bedding have continued to be distributed, because although some street sleepers were picked up and accommodated through local government short term initiatives people were still street

Outreach Distribution - Our bi-weekly outreach on the streets of Nottinghamshire continues. Distributing food, clothing and bedding. As restrictions were lifted the numbers of street sleepers increased due to local special lockdown 'shelter' measures being withdrawn and we found the need for ensuring we had enough 'to go round'. We try to ensure we have relevant and up-to-date information about the other Food Banks, Soup Kitchens, Shelters and places where resources and information is relevant to the client group. Knowing where you can get a free haircut or a new warm jumper is of great importance.

As the City opened up more we were able to reduce our street visits and have currently returned to one on-street outreach session during the warmer months. However, foot traffic in the City still has not grown to

what it was, many more people are still working remotely, and also have their own reservation about crowds, public spaces and interaction with unknown people so street sleepers will again feel notice a reduction in the amount donated to them.

Impact on service users

During the pandemic we've witnessed people returning again and again on a Monday night as they are guaranteed food without judgement. People congregate in places in the City Centre that we regular visit. Its been difficult at times as some people are not interested in social distancing they just want food, clothing and grateful to speak to someone.

*I'm 49yrs young & I started using Streets4Christ's services 10yrs ago. At first it was for food & clothing etc. But over the years I've been given help & support with a range of issues including mental health & money management. Approximately 4yrs ago I was given the opportunity to volunteer on a weekly basis. Volunteering has been very beneficial for my mental wellbeing on many levels & gives me a great sense of purpose & belonging. We are like one big family. I believe this service to be invaluable in our community - **Mark Trory***

I started this originally as a favour that was about 4 or 5 years ago. Since then I actually look forward to doing it on a weekly basis, my reason being is that I feel we shouldn't judge people based on the predicament that they're in and if I'm

able to help them by just giving them 'my time' then why wouldn't I? It cost nothing but my time which is free.

*Nobody knows what one day holds to the next any one of us might find ourselves in the same or similar predicament and all that is required to help is someone that cares, nothing more nothing less. We are all people at the end of the day regardless of your situation and we all require the same thing - somebody to care - **Hayley***

Future Plans and Changes

We are always on the lookout for funding and ways we can generate income to further the work of Streets 4 Christ. We are committed to working with others who also strive to help others. While we have no major changes planned we have learnt over the past two years because of events beyond our control, that we need to be flexible and interchangeable in our delivery .i.e. food distribution in the car park.

We are thankful for all of the support, whether it from Fareshare, Nando's, Tesco, Adsa, Greggs, the local shops, churches, the weekly volunteers, the back-up volunteers and the people who donation to the project.

A Great big Thank you to Rachael Wallace @ Go Local (Bilborough store) for your generous donation to Foodbank @ Streets4Christ. Bless you 🙏
