In preparing these financial statements the trustees are required to:

- observe the methods and principles in the Charities SORP;

## Notes to financial statements for the year ended 1 September 2022

### 1. Accounting policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and the preceding year.

#### 1.1. Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the Statement of Recommended Practice 'Accounting and Reporting by Charities' issued in March 2005 (SORP 2005) and the Charities Act 1993.

#### 1.2. Cashflow

The charity has taken advantage of the exemption in FRS1 from the requirement to produce a cashflow statement because it is a small charity.

#### 1.3. Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.

Costs of generating funds comprise the costs associated with attracting voluntary income and the costs of trading for fundraising purposes including the charity's shop.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

### 2. Employees

#### Employment costs

No salaries or wages have been paid to employees, including the trustees, during the year.
