Covid 19 donation drop off and support
First aid
Adult mental health
Children mental health
Training
Safeguarding level 3
Anti racism
Children's sexual exploitation
Disadvantaged families
Drink and drug awareness

Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

The project has achieve its purpose by promoting support to people who need it on a daily basis from the Age of 0 to 100, we have many different structures the main one being support. We support families who are living in poverty and who are struggling financially and they have fallen on hard times for many Different reasons. There are many people who have no recall to public funds. We have provide and collected donations to many household items like bedding that enables us to help people have a better quality of Life.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Donation is coming in and we are very lucky to help so many people. Our aim is to enable children to have the best possible start in life. Some people who live within the community of Luton have no Recourse to public funds. We have a large travelling community who need support with reading, writing, attending meetings and time keeping. Community support can be anything from registering with doctors, Dentist other health professionals, benefit, housing needs etc. We w also run stay and play for children 0-5 due to government cuts these

Supporting families with clothes bedding and household items as they can't afford to buy items as they have no call to public resource. Groups are now minimal, also sessions for 6 yrs -11 yrs, and work with young adults 12- 18.

We support other agencies with hard to reach families, also support families as advocate in court.

A lunch group for 60 plus has help make changes and enable people to get out and socialise with other we have been able to take them, away on short breaks to haven holiday park for a weekend the amount of elderly that have never been away or left the community of luton. We have been able to offer a nice meal and help them to make new friends it has made a great impact on them and we hope we will be able to carry on this part of the project. We have been able to take them away on trip for short breaks and also day trips some of the elderly have never been away from luton so this has been amazing.

Main activities

This has been very hard years with covid and how we have supported families. We have been helping the OAP group help with shopping and just making sure they have someone to support them and also making sure we call them all weekly to check in as this has affected their mental health and they have not been able to get out and see people.

Parents with young children being with them 24 hours a day with no support has also been very had and families that can't read or write having no one so a visit to check up on them also making sure they have support and someone to talk to is so important and we have been very lucky to keep this going as our mother and parent group has had to stop During the lock down so new parents have been a lone and there mental health has been affected so now all our volunteers have been trained in supporting adult mental health and Childs mental health as the impact on this is increased within the last year and will be on going.

We have had to change the way we give out clothes and household items so they will be washed and cleaned and stored ready so the house hold will also be given an antibac spray and told to make sure everything is sprayed be we give it over.

We are trying to make sure we keep everyone safe.

We have had a lot of families needing support with working a computers with children and also to have meeting with professionals such as family court hearing families have been expected to attend a court but have no computer or smart phone or can't read and write and don't know how to-do this we have a large traveller community that has needed so much help as they would be failing there children without a little help. Local primary schools have also asked us to help vulnerable families with accessing free school meal vouchers and supporting how they cash them in for food shopping.

It has been so much more support and all the group have been stopped since march 2020 and we have not been able to mixes together so this has had a very big impact on everyone.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Volunteers have been amazing part of the project and are always willing to help even if a one off volunteer can visit and help anyone within the community it helps and I don't know how we would still be going without this and we feel very proud the covid virus has hit so very hard and it has shown us how people can all pull together it make a huge difference. The volunteers do things like shopping, talking, collecting donations making phone calls and reading letters. Helping people fill out benefits forms on the internet. Helping parents with home work to support the children with school work.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The project has achieve its purpose by promoting support to people who need it on a daily basis from the Age of 0 to 100, we have many different structures the main one being support. We support families who are living in poverty and who are struggling financially and they have fallen on hard times for many Different reasons. There are many people who have no recall to public funds. We have provide and collected donations to many household items like bedding that enables us to help people have a better quality of Life.

This year has been very different and we are had many challenges we have never seen anything like this and it has been hard for so many people and we have all pulled together and each week it is different the changes that keep being brought in top stop this virus. It has affected so many people and so many of are elderly have not left their homes and don't have families.

It is very important that we keep on checking in with them and also talk to their neighbours to look out for them. We call them weekly or drop round to just check and make sure they don't need anything.

We have noticed a lot more people needing food banks and clothing and bedding so have still been collecting and dropping off outside people's homes local food shops have been donating food that is due to run out of date that will not be sold to help out families within the area this has been a success as it would have been thrown away. Local community nursery schools have worked with us to keep supporting vulnerable families as they can get the support from CAB as the office is closed for families to walk in support so we are able to call and also help with information and guidance for them.

All volunteers have trained in support mental health in adults and children and this has been very good in the work that we are doing within the community.

Section E

Financial review

Brief statement of the charity's policy on reserves

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

Section F
