Chaddy Mission Kenya – Chair Report for 2020/2021

The year 2020 will be a year that all in Chaddy Mission Kenya (CMK) and all around the world will remember.

Coronavirus causing the world pandemic affect us all and the function of CMK as a charity. Like all small charities we were not able to hold our usual fundraising events due to UK Government Coronavirus restrictions. Normally each summer CMK has several fundraising events – Manor House Gardens Festival, held in Lee, South East London and the Annual CMK Family Funday Day held in Chadderton, Oldham. These being two main events that in previous years have significantly helped our charity income funds.

Whilst our funding income has been low, the effect of Coronavirus significantly affected the school we support, namely, Chaddy Mission School, in Nakuru, Kenya.

The school experienced two severe lockdowns and was closed during these lockdowns. A decision was taken by the trustees with agreement of the school's leaders our good friends Geoffrey Mbugua and Eunice Aim to continue to retain teachers and two staff members on half pay during closure. We feel this was a wise decision as in previous years teaching staff have resigned from the school due to lack of sustained income. The school needs to retain good quality teachers to perform and to continue to achieve excellent KCPE results from pupils (Kenya Certificate of Primary Education). We are most grateful and very pleased for Geoffrey and Eunice and their wonderful staff who with limited resources, but a bounty of encouragement, and love provide these children with positive futures.

This year's adversity proved fruitful to us as a struggling charity, were able to pay our teachers every month, all be it at half-pay, for the complete year. This is the first time as a charity we have been able to pay teachers and staff each month. In previous years we have only been able to part pay when funds have been very low. So whilst many charities have suffered as a result of Covid and limited funding, we have actually achieved well.

We are very grateful for individuals who regularly support us. During the past year one young person decided to virtually ride his bicycle the equivalent of Oldham, Manchester to Kenya about 4,500 miles raising much needed funds. He was supported by others who virtually rode or indeed rode in the open donating their miles to his tally. This was a remarkable achievement and we are most grateful for this young man's own initiative and achievement. Another person held a raffle with donated prizes – this too was amazing and raised just over half the sum needed for paying teachers for one month. We have had some very generous individual donations too this year. And continue awareness of our monthly teacher sponsorship.

The Church of The Good Shepherd, Lee in South East London again included CMK in their annual tithe and have ask me as Chair, and church member to speak about the charity this June.

I personally have set up "Cherished Glass", turning a hobby of stained and leaded glass into a small repair business. A large part of income from the business being donated to the charity. Although early days it seems to be

working as several repairs have been made locally, with a current commission and prospective future work and commissions.

Jenny working in her school has set up a programme that follows the national curriculum it is hoped to use this in other schools bringing awareness of the needs of Chaddy Mission School and needs in the local school are in Mwariki, Nakuru.

Zoe has taken on the task of seeking grants potentially available to CMK. This is a difficult and time consuming task, especially given the completion involved and the lack of grant resources available to charities working in Kenya during the past pandemic year.

The sponsored trek of Kilimanjaro was again postponed due to Covid. We hope to send a team next year. This year we are taking advantage of the Derbyshire Peak District Challenge entering a team – a sponsored walking event over the Peak District in mid-September, and holding the annual Family Funday in Chadderton this July.

We have further supported the school by sending cases of donated school uniform, clothing, shoes, toys, and stationery through Kenya Exports. We hope to continue with this when we have the resources available. I am again most grateful to our trustees who with their immense enthusiasm work raising the charity awareness through social media and individuals. It goes without saying they have their fingers on the pulse and work far more behind the scenes than myself, and I thank each one of them for their tireless work.

I particularly like the way we always have such common agreements among us as trustees and for us all it is a love and pleasure to help the children of Chaddy Mission long may it continue.

John Savill, Chair - Chaddy Mission Kenya.
