Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p>1. To appeal and fundraise to purchase, acquire, or otherwise establish a Centre to be used as a Mosque, learning and fitness facilities and Islamic funeral arrangements for the Muslims Community and the public in general.</p> <p>2. Set up learning classes and language support to promote the teaching of moderate Islamic views</p> <p>3. Render social service by providing advice and support to community members who might not otherwise get the help they need from the relevant authorities whenever possible.</p> <p>4. Organise workshops and activities to raise awareness among the community members, in particular, the young people of other faiths and the impact of anti-social behaviour to help them integrate into the wider society in an atmosphere of self-confidence.</p>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>NSIC has ambitious objectives to achieve, and the organisation is slowly developing. The organisation is planning to raise sufficient funds to enable the acquisition or rent of a space which will be used for key activities, such as a prayer space, community gathering for social events, and after-school classes for language and mathematics and science-based subjects.</p> <p>The group was able to lease a place to carry out some of the above activities, including social gatherings, region observation, children's activities, including afterschool clubs, etc. This year, we have more members who have committed to continuous financial support, and this has helped NSIC to commence some of its activities.</p>
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	<p>NSIC relies on its members' financial contributions and any donations from the general public. Financial management and internal control policy and procedures were in place, which helped regulate the operation of the charity's finances. NISC has formed a financial committee which manages and controls the organisation's finances based on the guidance issued by the commission.</p>
