Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Kent Horse Rescue has achieved a lot in the seventh year as a registered charity: • Similar to last year, the cost of living crisis continues to impact on the care of equines as owners find it more difficult to afford their upkeep. Fundraising continues to impact donations from the general public to charities. We have continued to receive the support of Grant Trust Organisations and Kent Horse Rescue followers, who trust in our work, ethics and objectives. – this helps us continue to help more horses throughout Kent, Essex, Sussex, Surrey and beyond. • We have continued our services, support and advice for members of the public whom are struggling to care for their equine/s due to unforeseen

		circumstances (financial and/or health problems), and have assisted with advice and taking into care equines for rehabilitation and re-homing. • We have received and assisted with an increased number of calls again over last year; from the public, landowners and local authorities, concerned for the welfare and support of horses locally. • We have continued to respond to calls where horses have been neglected, abandoned, and mistreated, or 'dumped to die'. • We rescued / received into care more horses and ponies than last year, and attended and helped to resolve many more cases through advice on welfare, procedure, legislation and local resources to assist horses in need. • We have rehabilitated all horses brought 'into-care', and have had great success in re-homing to suitable homes. • The website and social media continues to provide a valuable source of assistance for the public: The charity has received more daily calls and emails from the public via the website and social media, wherewith advice, contacting relevant land owners / authorities and attending on site where possible. • Social Media has in excess of 4,000 followers and growing, and provides an almost instant contact point and response facility.

Achievements against objectives set	Para 1.41	We are pleased with the number of call outs responded to, and the number of equines we have been able to rehabilitate, helped hugely by the support of local Vets, our successful rehabilitation programme, and the income and donation funding as mentioned above.
	Para 1.41	Fundraising has been affected by the cost of living crisis, but supplemented by grant funding from various charitable trusts. Donations received were mainly

Performance of fundraising activities against objectives set		as the result of members of the public / supporters donating from their own pockets, rather than fundraising activities. Some supporters raise funds for the charity via on-line auction sites. We also have supporters who have sponsored a horse from intake, helping to fund medical care and rehabilitation.
Investment performance against objectives	Para 1.41	
Other		Accommodation for rescues has been increased and updated with the installation of an additional double field stable / shelter. The principle rescue vehicle has been upgraded with the assistance of grant funding.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	We have continued to maintain overheads at a low and very efficient level – such that all donations and grants etc. go directly to the care of the horses. Expenditure was less than income, and we sustained adequate cash flow. We also had exceptional costs for vehicles, equipment and facility maintenance, which were accommodated. Veterinary costs, feed and bedding were high due to the large number of horses coming into care.

Independent Examiners Report

Reference: Kent Horse Rescue, Charity No. 1173911

Accounts: Financial Year 6th April 2024 – 5th April 2025

To whom it May Concern:

Basis of Independent Examiner's Statement:

My examination was carried out in accordance with general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts presented a true and fair view and the report is limited to those matters set out in the statements below.

Independent Examiner's Statement:

In connection with my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that in, any material respect, the requirements:
to keep accounting records in accordance with section 130 of the charities act;
to prepare accounts which accord with the accounting records and comply with the accounting requirements of the charities act have not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Kent Horse Rescue has achieved a lot in the sixth year as a registered charity: • The cost of living crisis has impacted on the care of equines as owners find it more difficult to afford their upkeep. This also has had an impact on donations from the general public to charities. However, we continue to receive the support of grant trust organisations and Kent Horse Rescue followers, who trust in our work, ethics and objectives. We are so grateful to have received some assets from the North Essex Horse Rescue charity, who sadly closed; their trustees felt we have very similar objectives and values – this helps us continue to help more horses throughout Kent, Essex and beyond.

		• We have continued our services, support and advice for members of the public whom are struggling to care for their equine/s due to unforeseen circumstances (financial and/or health problems), and have assisted with advice and taking into care equines for rehabilitation and re-homing. • We have received and assisted with an increased number of calls again over last year; from the public, landowners and local authorities, concerned for the welfare and support of horses locally. • We rescued / received into care more horses and ponies than last year, and attended, assisted and helped to resolve many more cases through advice on welfare, procedure, legislation and local resources to assist horses in need. • We have rehabilitated all horses brought 'into-care', and have had great success in re-homing to suitable homes. • The Website continues to provide a valuable source of assistance for the public: The Charity has received more daily calls and emails from the public via the website, responding with advice, contacting relevant land owners / authorities and attending on site where possible. • Social Media has in excess of 4,000 followers and growing, and provides an almost instant contact point and response facility.

Achievements against objectives set	Para 1.41	We are pleased with the number of call outs responded to and the number of equines we have been able to rehabilitate, helped hugely by the support of local Vets, our successful rehabilitation programme, and the income and donation funding as mentioned above.
	Para 1.41	Fundraising has been affected by the cost of living crisis, but supplemented by grant funding from various charitable trusts. Donations received were mainly

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	We have maintained overheads at a low level, to a very efficient level by reducing rent last year. Expenditure was less than income, and we sustained adequate cash flow. We were able to invest in a horsebox ambulance which has been invaluable. We also had exceptional costs for vehicles, equipment and facility maintenance, which was accommodated. Veterinary costs, feed and bedding were higher due to the larger number of horses coming into care

Independent Examiners Report

Reference: Kent Horse Rescue, Charity No. 1173911

Accounts: Financial Year 6th April 2022 – 5th April 2023

To whom it May Concern:

Basis of Independent Examiner's Statement:

My examination was carried out in accordance with general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts presented a true and fair view and the report is limited to those matters set out in the statements below.

Independent Examiner's Statement:

In connection with my examination, no matter has come to my attention:

1. which gives me reasonable cause to believe that in, any material respect, the requirements:
to keep accounting records in accordance with section 130 of the charities act;
to prepare accounts which accord with the accounting records and comply with the accounting requirements of the charities act have not been met; or
2. to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Kent Horse Rescue has achieved a lot in the fifth year as a registered charity: The Covid-19 crisis has continued, severely impacting normal operations, fundraising, etc. However, due to grant support from animal/equine and other charitable trusts, and fundraising as much as we can, we have been able to continue our rescue/ rehabilitation/ re-homing services, albeit adapted due to covid protocols. We have continued our services, support and advice for members of the public whom are struggling to care for their equine/s due to unforeseen circumstances (this has increased this year), and have assisted with advice and also taken in equines for re-homing. Re-homing in the year has still been restricted due to

		the Covid crisis, increasing our costs at the centre. • We have received and assisted with an increased number of calls on a daily basis from members of the public and local authorities, concerned for the welfare and support of horses locally. • We rescued / received into care as many horses than last year, and attended, assisted and helped to resolve many more cases through advice on welfare, procedure, legislation and local resources to assist horses in need. • We have rehabilitated all horses brought 'into-care', whilst re-homing has been restricted again during the year. • The Website provides a valuable source of assistance for the public: The Charity has received more daily calls and emails from the public via the website, responding with advice, contacting relevant land owners / authorities as a result and attending on site where possible. • Social Media has in excess of 4,000 followers and growing, and provides an almost instant contact point and response facility.

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	Kent Horse Rescue has achieved a lot in the fourth year as a registered charity: The Covid-19 crisis and lockdown started at the beginning of our year, severely impacting normal operations, fundraising, etc. However, due to grant support from various animal/equine and other charitable trusts, we have been able to continue our rescue/rehabilitation/re-homing services, albeit adapted due to emergency lockdown protocols. We have continued our services, support and advice for members of the public whom are struggling to care for their equine/s due to unforeseen circumstances, and have assisted with advice and also taken in equines for re-homing. Re-homing in the year has been restricted due to the

		Covid crisis, increasing our costs at the centre. • We have received and assisted with an increased number of calls on a daily basis from members of the public concerned for the welfare of horses locally. • We rescued / received into care as many horses than last year, and attended, assisted and helped to resolve many more cases through advice on welfare, procedure, legislation and local resources to assist horses in need. • We have rehabilitated all horses brought 'into-care', whilst re-homing has been restricted during the year due to lockdowns. • The Website provides a valuable source of assistance for the public: The Charity has received more daily calls and emails from the public via the website, responding with advice, contacting relevant land owners / authorities as a result and attending on site where possible. • Social Media has in excess of 4,000 followers and growing, and provides an almost instant contact point and response facility.

Achievements against objectives set	Para 1.41	We are pleased with the number of call outs responded to and the number of equines we have been able to rehabilitate, helped hugely by emergency grant funding as mentioned above.
Performance of fundraising activities against objectives set	Para 1.41	Fundraising have been severely restricted due to the Covid crisis, but supplemented by emergency grant funding from various charitable trusts. Donations received were as the result of members of the public / supporters donating from their own pockets, rather than fundraising activities.
Investment performance against objectives	Para 1.41

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	We have maintained overheads at a low level, to a very efficient level by reducing rent last year. Expenditure did not exceed income and we sustained adequate cash flow. Covid crisis increased costs due to not being able to re-home horses, but emergency grant funding (in lieu of reduced fundraising ability) maintained our activities. We also had exceptional costs for vehicle, and facility maintenance, which was accommodated.
