

TRUSTEES ANNUAL REPORT FOR THE PERIOD 1st APRIL 2023 TO 31st MARCH 2024

Charity Name	Isle of Wight Prostate Cancer Support Group
Registered Charity Number	1173916
Charities Principle Address	Regal House Office, 8 High Street, Shanklin, IW PO37 6FF

SECTION A

Names of Charity Trustees who manage the charity

Roger Denness	Chairman
Geoff Waddington	Treasurer
Paul Davies	Secretary
Roy Colledge	
Vic Vine	

OBJECTIVES

To support Isle of Wight men with prostate cancer and support their partners and families. To advise men and their families of the risks of prostate cancer, especially if other men in their family have been diagnosed with prostate cancer, or there is a family history of prostate cancer. On a voluntary basis we raise funds to run the Charity. We support Isle of Wight men with prostate cancer and their families and arrange awareness events and inform them about health and wellbeing.

MAIN OBJECTIVES

To raise awareness of the diagnosis of prostate cancer, its treatments, side effects and after-care. To give non medical support to prostate cancer patients on the Isle of Wight, their partners, families and carers.

To have a dedicated 24/7 mobile phone. Have one to one counselling, if required, to discuss any concerns, answer queries and discuss experiences, future needs and any treatment worries. Have a website and social media using Facebook. Also have a regular Newsletter, which are emailed to Members, can also be viewed on our website, or printed off. Run monthly Support Meetings for Isle of Wight men, their families and carers, also monthly Ladies Meetings, for wives or partners.

To provide access for patients, their family, carers and the community to educational data and information about prostate cancer and to assist them in understanding prostate cancer.

Our website can inform patients and their family of our Group. The prostate cancer treatment choices, after care help and support. The Newsletter has articles and information on the Group. There are also

flyers and leaflets that we produce to hand to our members and also to the general public to help them become aware of prostate cancer and to recommend the men get tested.

PSA blood testing is something that our group promotes, as there is not a programme for screening men in the UK for prostate cancer. Our members are either prostate cancer patients, or are related to, or are a carer for a patient. There are organisations, clubs, individual companies and other charities that support us and help to share the cost of the events, by giving us donations or allowing us to use their premises to hold our events. All our events are organised and run by volunteers.

SUMMARY OF MAIN ACHIEVEMENTS

The Group has arranged and held 7 PSA blood testing events, where approximately 2,000 men were tested, with 10% of these requiring further medical attention.

All of the men who have a PSA Blood test with us are given a full range of the leaflets that we produce for their information or to pass the information onto the local community.

The Group organised a Christmas Lunch in December for Members of the Isle of Wight Prostate Cancer Support Group who wished to attend.

There were 11 Members Support Meetings held in the year, held on the fourth Thursday of the month, from January to November. The winter Meetings are in the afternoons and from April to August the Meetings are in the evening. There have been a variety of speakers, from health and safety professionals, to speakers on medical issues, on local history, there have also been local speakers.

There were monthly Ladies Meetings for wives or partners of prostate cancer patients.

Quarterly Newsletters were produced and sent to Members.

The usual Christmas tree was set up at Isle of Wight Pearl for 4 weeks.

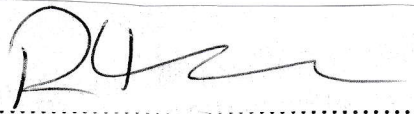

We continue to do awareness events at local stores, garden centres and local shows.

We also support Members to go to Wellbeing events, such as Yoga and exercise classes.

DECLARATIONS

Trustees declare that they have approved the Trustees Report above

Signed on behalf of the Charity's Trustees
