Trustees considered risks involving the security of fellows and payments made to them. Procedures were set up to use secure communication (Signal app), ensure anonymity and to provide guidelines for fellows to ensure their security. Payments were made directly where possible or through a known and trusted third party and verified with the receiving fellow.

The directors held monthly meetings with the donor Firetree Philanthropy, to share best practice and to ensure activities aligned with the terms of the donation.

## Section C

## Objectives and activities

### Summary of the objects of the charity set out in its governing document

The advancement of education for the public benefit by establishing and maintaining a bi- lingual website and digital archive of the social history and cultural heritage of Myanmar/ Burma and promoting its content through outreach activities including translations into ethnic minority languages, exhibitions and partnerships with education providers in Myanmar and internationally.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

In 2021 The Kite Tales Foundation decided to contribute to international understanding of Myanmar in the wake of the 2021 military coup by chronicling the experiences of ordinary citizens and show how the political upheaval was affecting marginalised communities and those with different cultural and social histories.

The Kite Tales began work to raise funds in 2021 to support journalists who lost their jobs in the aftermath of the coup and received donations from two philanthropic foundations in 2022. This, in addition to money raised from the public through Go Fund Me, allowed us to set up a small stipend for ten storytellers - seven journalists and three illustrators - to produce monthly diaries. In doing so the trustees had regard to the guidance issued by the Charity Commission on public benefit.

Fellows were selected from across Myanmar to highlight a diverse set of voices and cultural backgrounds, in line with our mission statement. The selection process was made through trusted news organisations and contacts in the country. Particular care was taken for their security, including the use of secure communications.

The often harrowing accounts by reporters from different regions in Myanmar documented the situation both for those who have chosen to continue working in secret in the country, and for those forced to flee.

**Additional details of objectives and activities (Optional information)**

The Kite Tales has no investments.

Kelly Macnamara continued to work on a voluntary basis, while Thin Lei Win was paid a small fee on a freelance basis for her work co-ordinating the fellowship one day a week.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

**Summary of the main achievements of the charity during the year**

In line with the educational and public benefit purposes of the Foundation set out in our governing document, we created a specific area of our bi-lingual website to publish these first person accounts ([https://kite-  
tales.org/en/article-category/resistance-diaries-life-after-myanmar-coup](https://kite-<br/>tales.org/en/article-category/resistance-diaries-life-after-myanmar-coup)).

Both our website and the our social media presence continue to grow, and The Kite Tales provided crucial, first-person accounts of what is happening in Myanmar, particularly as global attention shifted away from the country.

The co-founders also spoke at multiple events and discussions on Myanmar.

## Section E

## Financial review

### Brief statement of the charity's policy on reserves

Since the fellowship was costed for one year and the co-directors have returned to working on a voluntary basis, the charity's policy is to ensure that it retains enough reserve funds for the continued operation of the website.

### Details of any funds materially in deficit

N/a

### Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The Kite Tales Foundation received funding from two philanthropic organisations during the period, the Swiss registered Dr. Jeno Staehelin Foundation and Firetree Philanthropy, registered in Singapore.

This, as well as donations from the public via Go Fund Me, enabled the Kite Tales to set up the fellowship scheme and continue to grow the bi-lingual website that is a crucial part of our activities.

Please see attached accounts for further details of donations and expenditures.
