BROOMWOOD FOOTBALL CLUB LIMITED

(Company Limited by guarantee without share capital number 10666553; charity number 1174273 (England and Wales))

TRUSTEES' ANNUAL REPORT

The trustees who are also directors of the charity for the purpose of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

COMPANY BACKGROUND

The Company was incorporated under the Companies Act 2006 as a private company on 13 March 2017. The Charity Commission registered Broomwood Football Club Limited as a charity and entered it onto the Register of Charities with Registered Charity number 1174273 on 16 August 2017. Prior to this, the association was an unincorporated organisation before being registered as a limited company and then registered as a charity.

OBJECTIVES AND ACTIVITIES

The charity's objectives are to promote the community participation in healthy recreation for the benefit of the inhabitants of the Wandsworth Common area of the London Borough of Wandsworth and surrounding area by the provision of facilities for playing football.

There are now over 1,000 children registered and playing football in the junior section (ages 5 to 9) and leagues and academies (age 10 upwards).

The league section continues to thrive with teams in the London County Saturday Youth Football League (LCSYFL), the Tandridge Sunday League, the Capital Girls League and the CIDA Development League. The club increased the number of teams registered in the LCSYFL to 21 this season making it the largest club in the league.

The number of girls playing continues to rise with well over 200 girls registered. This is one of the largest girl's sections anywhere in the UK. The girls now field five teams in the Capital Girls League.

For those not wanting to, or unable to, commit to League football, there is the offer of academy football. Whilst this is currently limited to two age bands, it is an area the club are looking to expand.

The charity continues to encourage the subsidy of the cost of membership for families in hardship. During the year over 30 applicants had been given a total or partial exemption of the subscription fees and / or provision of kit.

Coach Development

The charity continues to fund the FA Level 1 course to ensure that the charity has enough qualified coaches across the development and league sections of the club. The club are also looking to sponsor members who would like to train to be a referee.

STRATEGIC REVIEW

Principal funding sources

Principal funding comes from subscriptions, supplemented by grants or sponsorship.

BROOMWOOD FOOTBALL CLUB LIMITED

(Company Limited by guarantee without share capital number 10666553; charity number 1174273 (England and Wales))

TRUSTEES' ANNUAL REPORT

Review of the period

The charity received income of £107,144 during the year under review, all derived from charitable activities. Total resources expended during year amounted to £60,507, of which £16,879 was direct charitable expenditure. Overall expenses are detailed in Note 4 – Charitable activities costs. The charity made a net profit of £46,637. Total fund balances as at 31 March 2021 was £113,827.

The end of the 2019/20 season, together with a large proportion of the 2020/21 season were unfortunately disrupted by the Covid-19 pandemic which also resulted in the annual Black & Green Ball and annual Tour being postponed to October 2021 and May 2022 respectively.

Reserves Policy

The charity holds the view that the reserves should be built up to cover annual core expenses. The charity's aim is to have positive financial operating performance while carrying out its stated objectives.

Plan for future periods

The charity continually strives to adapt its offering to the needs of the local community. The need for additional playing venues has been clearly identified and the charity will continue to cooperate with local venues, both public and private, to ensure a quality and safe experience can be offered to our players. Cooperation will be sought with the Borough of Wandsworth, together with their contractors to achieve this and discussions are planned for the neighbouring Borough of Lambeth also. Further expansion of the club's membership will be limited unless new playing venues can be found.

The charity will continue to strive to ensure that child welfare is the number one consideration at all times. The charity will ensure that all necessary DBS checks are carried out and any checks that may have lapsed during the 2020/21 lockdown periods are brought fully up to date. Inclusiveness will also be prioritised via an active and expanding bursary scheme ensuring that players are not excluded from the sport of football due to the cost of club membership. Recognising our important role as a community sports club, the charity will also continue to identify new local charities with whom fund-raising partnerships can be formed for our mutual benefit.

Public benefit

The trustees confirm that they have had due regard to the Charity Commission's guidance on public benefit.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is constituted as a company limited by guarantee. The company was established under Articles of Association which established the objects and powers of the charity. In the event of the company being wound up, members are required to contribute an amount not exceeding £1.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Principal accounting policies

(a) Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following SORP 2015 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 (SORP 2005) which has since been withdrawn.

Preparation of the accounts on a going concern basis:

After making appropriate enquiries, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

(b) Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the Trust that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

Gifts in kind donated for distribution are included at valuation and recognised as income when they are distributed to the projects. Gifts donated for resale are included as income when they are sold. Donated facilities are included at the value to the charity where this can be quantified and a third party is bearing the cost. No amounts are included in the financial statements for services donated by volunteers.

Donated services or facilities are recognised when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use of the charity of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time is not recognised and refer to the trustees' report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Other income is recognised in the period in which it is receivable and to the extent the goods have been provided or on completion of the service.

BROOMWOOD FOOTBALL CLUB LIMITED

(Company Limited by guarantee without share capital number 10666553; charity number 1174273 (England and Wales))

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

(c) Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

(d) Taxation

The charity is exempt from corporation tax on its charitable activities.

(e) Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes. The costs of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

(f) Basic financial instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

(f) Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts offered.

(g) Cash at bank and in hand

Cash at bank and in hand includes cash and short term highly liquid investments with a maturity of three months or less.

(h) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
