Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The CIO has power to do anything which is calculated to further its objects or is conducive or incidental to doing so. In particular, the CIO’s powers include power to:

1. provide a Forum for exchanges of views and requirements of benefit to the recreation ground;
 - a. Our Facebook group continues to be a great way to share information.
 - b. Unfortunately we have again not been able to run our annual spring clean and autumn tidy up sessions this year due to COVID restrictions.
2. raise funds for the development of the recreation ground;
 - a. A local craftsman built us two beautiful oak picnic benches for the Recreation Ground that will last a lifetime. It was also great to see a good turnout of volunteers helping us to install them.
 - b. Unfortunately we have not been able to run further fundraising events this year due to restrictions but hope to restart these when conditions improve.
3. monitor the recreation ground in support of the maintenance work of the Parish Council;
 - a. As our autumn spring cleaning couldn’t go ahead this year we agreed with the Parish Council for their maintenance team to do an extra tidy up of leaves this winter.
 - b. To aid with future maintenance of the recreation ground, we also install two compost bins made from recycled pallets. We can now compost green waste onsite making future maintenance much easier. Materials for the construction were donated by a local firm and work completed by a volunteer.
4. network and form partnerships with other organisations and agencies;

- a. Connected with local firms to ask for funding, including the local Tarmac quarry site as they recently closed woods to cycling.
- b. Expanded our support network with donations from a local building contractor.

SECTION D: Achievements and performance

Summary of the main achievements of the charity during the year

Despite not being able to raise funds through events, we have tried to take advantage of opportunities as they have arisen throughout the year. One significant achievement is that we reach our financing goal for a new Pump Track in the Recreation Ground. This was the most popular aspect of our development plans, as voted by children in the Village. We hope to be commencing work later this year.

SECTION E: Financial Review

Brief statement of the charity's policy on reserves

Funds raised are designated for specific aspects of our strategic plan and held in our charity account until we have sufficient funds. Any non-descript donations are used at the Trustees discretion and typically go towards funding events.

Details of any funds materially in deficit

There are no funds in deficit for this financial year.
