Financial review

Funds available are sufficient to permit the Trust to continue in operation in the medium term, given the continued support of the members. Should this support not continue in the longer term, further financial support would need to be sought to replace it.

Risk Management

The trustees actively review the major risk which the charity faces on a regular basis and believe that maintaining reserves at current levels, combined with an annual review of the controls over key financial systems, will provide sufficient resources in the event of adverse conditions. The trustees have also examined other operational and business risks faced by the charity and confirm that they have established systems to mitigate the significant risks.
