Financial situation- brief summary of reserves

We are still in our 'young years' (considering the challenging period with during and post COVID) and were granted charity registration in September 2017. Our income and expenditure have not changed from period 01/04/2023 to 31/03/2024.

Our cash funds were £52, there were NO other receipts, asset and investment sales, payments, monetary assets , investment assets, liabilities. There is no deficit.

The Trustees understand and are looking towards changing this situation so that we can make progress and create a much more stable platform and deliver our goals as a charity to the wider communities that need support. We hope to create a partnership with other stable charities which will create stability for ourselves, especially, in a period of uncertainty.
