- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

The Friends of Waking Common ("FoWC") have the following policies which can be downloaded from our web site www.wakingcommon.com/governance-policies

- Charity Constitution
- Code of conduct
- Gift and donation acceptance policy
- Equal opportunities policy
- Complaints procedure
- Health and Safety Policy

The organisational structure of the FoWC is that the trustees are hands on with responsibilities being split by topics to respective trustees:

- Admin and accounting, membership and correspondence
- Conservation and natural environment
- Fund raising
- Health and safety - regular risk assessments have been and will continue to be undertaken to make sure that any activities of the FoWC are held in a safe as possible manner.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

The objectives of the charity are to promote for the benefit of the public the conservation, protection and improvement of the physical and natural environment and the peaceful enjoyment of the Great Waking Common (and area surrounding the Common).

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The FoWC was formed as a direct result of the Great Woking Parish Council not renewing the lease on the Great Woking Common and allowing the Common to become overgrown and neglected. After reaching agreement with the landowner in November 2017, the FoWC entered into a management agreement to "manage" the Common to ensure that the Common was usable and accessible by the Public.

Many parts of the Common were not safely accessible and required reclaiming before the public could use these parts of the Common.

Using social media and setting up its own Facebook page with now over 1,000 followers, the FoWC have brought the local community together and created a sense of belonging and comradery with many more of the public using the Common than before and feeling that they are stakeholders in the Common. We have found that many members of the public are now taking it upon themselves to help keep the Common clean and free from litter. The FoWC have installed a bin at one of the entrances to the Common, which is regularly emptied by volunteers.

Although privately owned, the public have the right to roam on the Common, but without maintenance by the FoWC, the public's right to exercise their right to roam was being restricted and not encouraged or enjoyable.

During its fifth full year, the FoWC have maintained all the paths / walks through previously overgrown and unpassable parts of the Common making the visitor's experience more enjoyable.

The Common has seen an increase in the number of visitors since the FoWC have been maintaining it. A local member created a fairy village in the woods which proved to be of great excitement for the very young children.

We also had a local artist paint a wonderful map of the Common and its paths which can be seen on our web site and is displayed on the Common.

Each spring sees the Common bloom with the thousands of bulbs that were planted by the working parties in previous years.

Additional details of objectives and activities (Optional information)

This year the FoWC have invested in a ride on mower to help the volunteers with cutting the paths, meaning that all paths can be cut in one go rather than over several attempts.

The work over the Common has been undertaken by unpaid volunteers who have freely donated their time for the benefit of the public. Without the volunteers, the excellent progress which has been made this year would not have happened.

The FoWC would like to publicly thank the following:

- the landowners, the Bentall family, who have been very accommodating and supporting.
- The Threadgold family for their support
- Gossip of Great Woking, the WI, the Woking Gardening Club and the public for their financial support by making donations to the FoWC

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

During its 5th full year, the FoWC have continued to exceed the initial plans and the Common has seen many new members of the public visiting and enjoying what it has to offer, including but not limited to, healthy exercise, acting as a community meeting place, vehicle to volunteer and participate in a local project, and even wild fruit and blackberry picking in the summer.

The increase of visitors / users of the Common was welcomed but it did cause additional problems, mainly of litter. The FoWC paid for a bin to be placed at the entrance and this is maintained and emptied by volunteers. Due to the long dry summer, the Common did suffer with several fires, which required the fire service to attend.

During the year the FoWC have:

- cleared and maintained the paths on the Common
- maintained and cleared ditches
- purchased additional equipment
- paid for the Common to have its summer grass cut
- regularly emptied bin
- planted trees on behalf of the WI
- built and replaced a foot bridge over a ditch.

The Common is now officially part of the National Trust's England Coast Path National Trail.

Section E

Financial review

Brief statement of the charity's policy on reserves

The trustees intend to spend the money raised on the Common whilst saving to purchase additional and better equipment.

Prudence dictates that a reserve will always be held to cover the forthcoming years fixed overheads such as liability insurance, running costs and the repair and replacement of equipment.

The Friends purchased a second-hand ride on mower to see if it was suitable and has proven to be very successful, but only has an expected life of maybe another three years. Once that machine is no longer usable, a new one will need to be purchased which would take most of the accumulated reserves to purchase.

At the year end the reserves stood at £10,015 (2021 £8,822)

Details of any funds materially in deficit

None

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The membership of the FoWC at year end stood at 138 paid up members (132 in 2021), contributing £690 in membership fees.

Donations received were £1,889 (after gift aid reclaim) of which £1,047 was from members and individuals and £465 in total donated by Gossip of Great Waking, WI, Waking Gardening Club and public Easter Egg hunt. The FoWC would like to thank them for their financial support.

Total income for the period of £2,579 (2020 £2,794).

All expenditure related to the costs of maintaining and improving of the Common.

All cash is mainly held at the HSBC and is not currently invested.
