**Summary of the objects of the charity set out in its governing document**

‘The objects of the CIO are, for the public benefit, to advance the Christian faith, primarily but not exclusively by the provision of Christian ministry targeted at women.

**Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)**

The organisation has developed over time to include different aspects both online and offline to support Women and men in their mental health, inner healing and faith as well as soul care. We heavily focus on offering support offline and online through virtual and in person events, resources and 1:1 services.

This is expressed and promoted through social media, word of mouth and referrals from those who have been part of this ministry over the years. The events that we do are promoted on social media to raise awareness that is free and simple to use- such as Facebook, Instagram, website etc.

Flyers created  
Virtual gatherings to promote what we do  
Our newsletter community awareness raised there too  
Effective word of mouth from friends, family and acquaintances to include those who we are aiming to target.

Posters placed in the local community to involve as many people as possible.

The event we had in Feb 2025 was a conference in the community for the ladies to gather, pray, talk and have guest speakers as well as activities. It was a huge success and across the two days the Ladies showed up in their numbers.

For the rest of that year we were intentional to have more virtual events, both small and medium size events, to have workshops, guest speakers share on relatable topics, bible study, prayers, webinars and more. So that the community and supportive aspect of the ministry would not be lost. As well as resources created to support the ladies.

**Summary of the main achievements of the charity during the year**

We came back and held our yearly conference.  
We created different digital resources.  
We had more virtual events, so that location wasnt a barrier for some to join, as we have ladies who join from America, Africa and outside London.  
We met monthly offering resources, extra support and guidance for those part of and new to EUW Ministry.

We have still seen a healthy growth in our online influence as well as many being supported through our services especially in these tough times.
