

Report to Charity Commission

Good Food Llanedeyrn Chairty Number 1174937

The charity originally focussed on cooking and serving good, nutritionally balanced food in the Powerhouse Café. The charity was inactive from 2022-2023. There has been no trading on the account.

Following the closure of the Café during the pandemic, the catering facilities have been reduced to a much smaller kiosk which is being used by another provider for serving snacks and small meals.

Good Food Llanedeyrn's activities are now focussed on encouraging and helping people to grow their own food on both side of the health centre as well as in people's own gardens. This voluntary activity has enabled us to identify new members of the community who are keen to contribute to this important initiative to help people live healthier lives. We continue to recruit new growers through the Powerhouse Gardening Hyb.

At the Trustees AGM in September we will be hoping to appoint new trustees to strengthen our work and our governance arrangements.

Jenny Rathbone
