THE TALEEM UL QURAN TRUST

Trustees' Annual Report (Incorporating the Director's Report) for the year ended 30 April 2025

Aims and objectives

The principal objects of the company are:

1. To advance the Islamic religion for the benefit of the public in accordance with the tenets and doctrines of the Ahlus Sunnah Wa Jamaat.
2. To advance the education of the public in the subject of Islam in accordance with the tenets and doctrines of the Ahlus Sunnah Wa Jamaat.
3. The prevention of relief of poverty anywhere in the world by providing: grants items and services to individuals in need and/or charities, or other organisations working to prevent or relieve poverty.

Activities

The principal activities of the company include:

The charity is meeting its objectives by undertaking the following activities: -

- a) Providing Islamic education to local Muslim children and adult men and women. From our research, this has been identified as a key requirement for the local Muslim community,
- b) Providing space for the users to undertake daily congregation prayers
- c) Partnering with local Muslim organisations to educate local community about Islam and Muslims to promote peace and harmony,
- d) Providing a place for recreation, training, Islamic education, socialising and networking.

The charity promotes and teaches consideration for others, compassion, tolerance and co-existence are all Islamic virtues. We advise people that they are duty bound to contribute to the common good, in a spirit of co-operation with their fellow human beings.

Summary of the main achievements during the period

- During the year, the charity's activities remained broadly aligned with previous periods, with a continued focus on supporting vulnerable individuals and communities. This included responding to issues associated with extreme poverty and serious health challenges, both within the local community and, where possible, through support for international relief efforts.
- The trustees note that the number and scale of humanitarian crises during the year placed considerable pressure on available resources. In response, the charity adopted a careful and prioritised approach to its charitable activities, directing support towards a limited number of causes where it was felt the charity could make the most meaningful contribution.

THE TALEEM UL QURAN TRUST
Trustees' Annual Report (Incorporating the Director's Report)
for the year ended 30 April 2025

- Partnership working with other UK-registered charities continued to play a vital role in the delivery of the charity's objectives. As a small organisation without the infrastructure required to source and distribute aid directly, particularly in high-risk or international settings, the charity relied on established partners to ensure that funds raised were used effectively and reached those most in need.
- These collaborations enabled the charity to extend its reach beyond its immediate capacity while maintaining appropriate oversight and ensuring alignment with its charitable purposes. .

Risk Management

The directors are responsible for the overseeing of the risks faced by the Company. Detailed considerations of risk are delegated to the Directors of the Company. Risks are identified, assessed and controls established throughout the year.

It is recognised that systems can only provide reasonable but not absolute assurance that major risks have been adequately managed but is reasonable in relation to the current size of the company.

Appropriate Disclosure and Barring Service checks (DBS) checks, supported by regular reviews are made of all staff and volunteers who work with children. Also, the Directors keep under the review the finances of the company.

Financial review

The charity generated a surplus for the year and remains in a healthy financial position with good liquidity.

Principal funding sources

The principal funding sources for the charity are the individual donations.

Reserves policy

The Board of Management has examined the Charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the unrestricted funds not committed or invested in tangible fixed assets held by the charity should be sufficient to sustain 6 to 9 months of committed overhead.

Small company provisions

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies' exemption.

The trustees' annual report was approved on 30 January 2025 and signed on behalf of the board of trustees by:

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the financial statements. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and

Basis of independent examiner's report

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the next statement.

Summary of the main achievements during the period

Premises Capacity and Service Limitations:

The current capacity of our premises continues to limit our ability to expand the services we offer to the community, despite growing demand. As a result, we have been unable to increase the number of children we are able to teach, with the current capacity capping at approximately 50 children. Until we secure the necessary funding to acquire additional property, which presents a significant challenge for a small charity such as ours, this limitation will remain in place.

* Charitable Activities and Focus:

This year, our charitable activities continued to focus on supporting vulnerable individuals in our community particularly those experiencing extreme poverty and severe health challenges on an international scale. Unfortunately, the number of global crises has been high, limiting our capacity to address all urgent needs. Consequently, we have had to make difficult decisions regarding which causes to prioritise.

* Collaboration with UK Charities:

Our partnerships with other UK-registered charities remain essential to the delivery of aid to those most in need. As we lack the logistical infrastructure to procure and distribute supplies directly at the most critical locations, both locally and internationally, we rely on these collaborations to maximise the impact of the funds we raise.
