**LOVELY HERITAGE DOWN SYNDROME**  
**Notes to the Financial Statements**  
**For the period ended 31 December 2022**

**1. Accounting Policies**

The principal accounting policies adopted, judgments and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

**a. Basis of preparation**

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities in preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019) - (Charities SORP (FRS102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102).

Lovely Heritage Down Syndrome meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

**b. Judgments and estimates**

The trustees have made no key judgments which have a significant effect on the accounts. The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next reporting period.

**c. Going concern**

The trustees have reviewed the charity's forecasts and projections, and the trustees are confident that the charity can fulfil its commitments to its beneficiaries for the period ending 31 December 2023.

**d. Fund accounting**

Unrestricted funds are available to spend on activities that further any of the purposes of the charity. Designated funds are unrestricted funds of the charity which the trustees have decided at their discretion to set aside to use for a specific purpose. Restricted funds are grants and donations which the donor has specified are to be solely used for particular areas of the charity's work or for specific projects being undertaken by the charity.

**e. Income**

The Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received, and the amount can be measured reliably.

Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions

**LOVELY HERITAGE DOWN SYNDROME**  
**Notes to the Financial Statements**  
**For the period ended 31 December 2022**

attached to the grants have been met, it is probable that the income will be received, and the amount can be measured reliably and is not deferred. Income received in advance of a provision of a specified service is deferred until the criteria for income recognition are met.

**f. Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Expenditure on charitable activities includes all costs undertaken to further the purposes of the charity and their associated support costs.
- Finance costs includes all interest and other costs the charity incurs in connection with the borrowing of funds.

**g. Tangible fixed assets**

All expenditure of a capital nature on development work overseas is expensed as incurred, while tangible fixed assets in the UK costing more than £100 are capitalized and included at cost, including any incidental expenses of acquisition. Depreciation is provided on tangible fixed assets at rates calculated to write off the cost by equal annual instalments over their expected useful economic lives as follows:

|                                   |         |
|-----------------------------------|---------|
| Freehold land and buildings       | Nil     |
| Computer infrastructure           | 5 years |
| Computer equipment                | 4 years |
| Furniture, fixtures and equipment | 4 years |

Impairment reviews are conducted when events and changes in circumstances indicate that an impairment may have occurred. If any asset is found to have a carrying value materially higher than its recoverable amount, it is written down accordingly.

**h. Debtors**

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**LOVELY HERITAGE DOWN SYNDROME**  
**Notes to the Financial Statements**  
**For the period ended 31 December 2022**

i. **Cash at bank and in hand**

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

j. **Creditors and provisions**

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.
