

CONNECTING GENERATIONS

ANNUAL REPORT 2021/22

Connecting Generations was established and entered on the Register of Charities on 18 October 2017.

The objects of the charity are:

- For the public benefit to promote learning for pleasure for elderly people through the continued development of their individual capabilities, competences, skills and understanding of educational value such as the use of modern technologies.
- The promotion of social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society.

Connecting Generations has continued its activities during the 2021/22 academic year on a very reduced basis due to Covid restrictions and campus closure. However, student volunteers have continued to help the trustees plan for a resumption of activities for the start of the 2022/23 academic year .
