

CONNECTING GENERATIONS CIO

ANNUAL REPORT 2022/23

Connecting Generations was established and entered on the Register of Charities on 18 October 2017.

The objects of the charity are:

- For the public benefit to promote learning for pleasure for elderly people through the continued development of their individual capabilities, competences, skills, and understanding of educational value, such as the use of modern technologies.
- The promotion of social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society.

Connecting Generations has continued activities during the 2023/24 academic year on a continued reduced basis, due to Covid restrictions and shortage of volunteers.

However, our student intern has continued to run regular sessions, particularly with St John's Foundation, Bath, and to help the trustees plan for the start of the 2024 academic year.
