

CONNECTING GENERATIONS CIO

ANNUAL REPORT 2024/25

Connecting Generations was established and entered on the Register of Charities on 18 October 2017.

The objects of the charity are:

- For the public benefit to promote learning for pleasure for elderly people through the continued development of their individual capabilities, competences, skills, and understanding of educational value, such as the use of modern technologies.
- The promotion of social inclusion for the public benefit by preventing people from becoming socially excluded, relieving the needs of those people who are socially excluded and assisting them to integrate into society.

Due to recruiting issues, Connecting Generations has been limited in its activities. Administrative and preparation work continues behind the scenes and the website is being maintained.

There has been a reduction in Trustees and this will be addressed in the coming year.
